

FINAL - PUBLIC INVOLVEMENT SUMMARY REPORT

Florida Department of Transportation, District 1

**Interstate 75 (I-75) (State Road (SR) 93)
South Corridor Master Plan**

From south of SR 951 (Collier Boulevard) to north of SR 78 (Bayshore Road)

Collier and Lee Counties

FPID Number: 442519-1-12-01

ETDM Number: 14400

May 2023

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

1.0 INTRODUCTION

The Florida Department of Transportation (FDOT) conducted a Master Plan study for I-75 (SR 93) from east of SR 951 (Collier Boulevard) in Collier County to north of SR 78 (Bayshore Road) in Lee County. The project location map, shown in *Figure 1*, illustrates the location and limits of the study.

The purpose of the Master Plan (Plan) is to identify long-term capacity needs along the I-75 mainline from east of SR 951 (Collier Boulevard) in Collier County to north of SR 78 (Bayshore Road) in Lee County, and to develop interchange and managed lanes design concepts to address any segments identified as operating below the Level of Service (LOS) target adopted for this facility as part of the Strategic Intermodal System (SIS) designation.

The Plan provides recommendations based on alternatives analysis that bring the corridor into compliance with FDOT Standards, enhance mobility, and improve safety. The Plan includes a Priority List which identifies interim and long-term improvements. The recommendations and Priority List will support the development of the District Interstate Implementation Plan, which will be developed by the department.

The purpose of this report is to document the public and agency participation accomplished throughout the study process. In compliance with State and Federal rules, a Communications Plan was developed initially in December 2019 (under separate cover), and implemented as an integral part of this project. FDOT recognizes that the success of any transportation improvement is dependent upon a comprehensive public outreach effort. The program focused on soliciting community participation regarding local issues and concerns throughout the project development process. The balance of this report describes the following components of the program: Advance Notification, public communications (emails, newsletters, website, media coverage, etc.), agency presentations and meetings, and public meetings. The final project schedule showing these milestones is shown in *Figure 2*.

1.1 Project Description

I-75 supports vital commerce and tourism of the state as it connects employment and population centers within the western regions of Florida. It functions as the only north-south limited access facility on the state's west coast. I-75 is a designated state hurricane evacuation route and part of Florida's Strategic Intermodal System (SIS) highway network.

The project is approximately 42 miles in length and traverses the major urban areas of Naples and Fort Myers in southwest Florida. It also crosses the navigable Caloosahatchee River in Lee County, just south of SR 78 (Bayshore Road). The functional classification of I-75 within the project limits is Urban Principal Arterial - Interstate. The project segment of I-75 consists of a six-lane divided typical section with a maximum posted speed limit of 70 miles per hour. Existing right-of-way along the corridor ranges from approximately 300 feet to 750 feet in width.

I-75 (SR 93) from south of SR 951 (Collier Boulevard) in Collier County to north of SR 78 (Bayshore Road) in Lee County was presented to the public as a PD&E Study evaluating managed lanes. The project direction was revised to a Master Plan from a PD&E study in December 2020. The Master Plan, branded as I-75 Southwest Connect™ (South Corridor), is a capacity, safety and operational improvement project on I-75 in Collier and Lee Counties. This project is in the Planning and Feasibility Phase. FDOT will analyze the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

Figure 1: Project Location Map

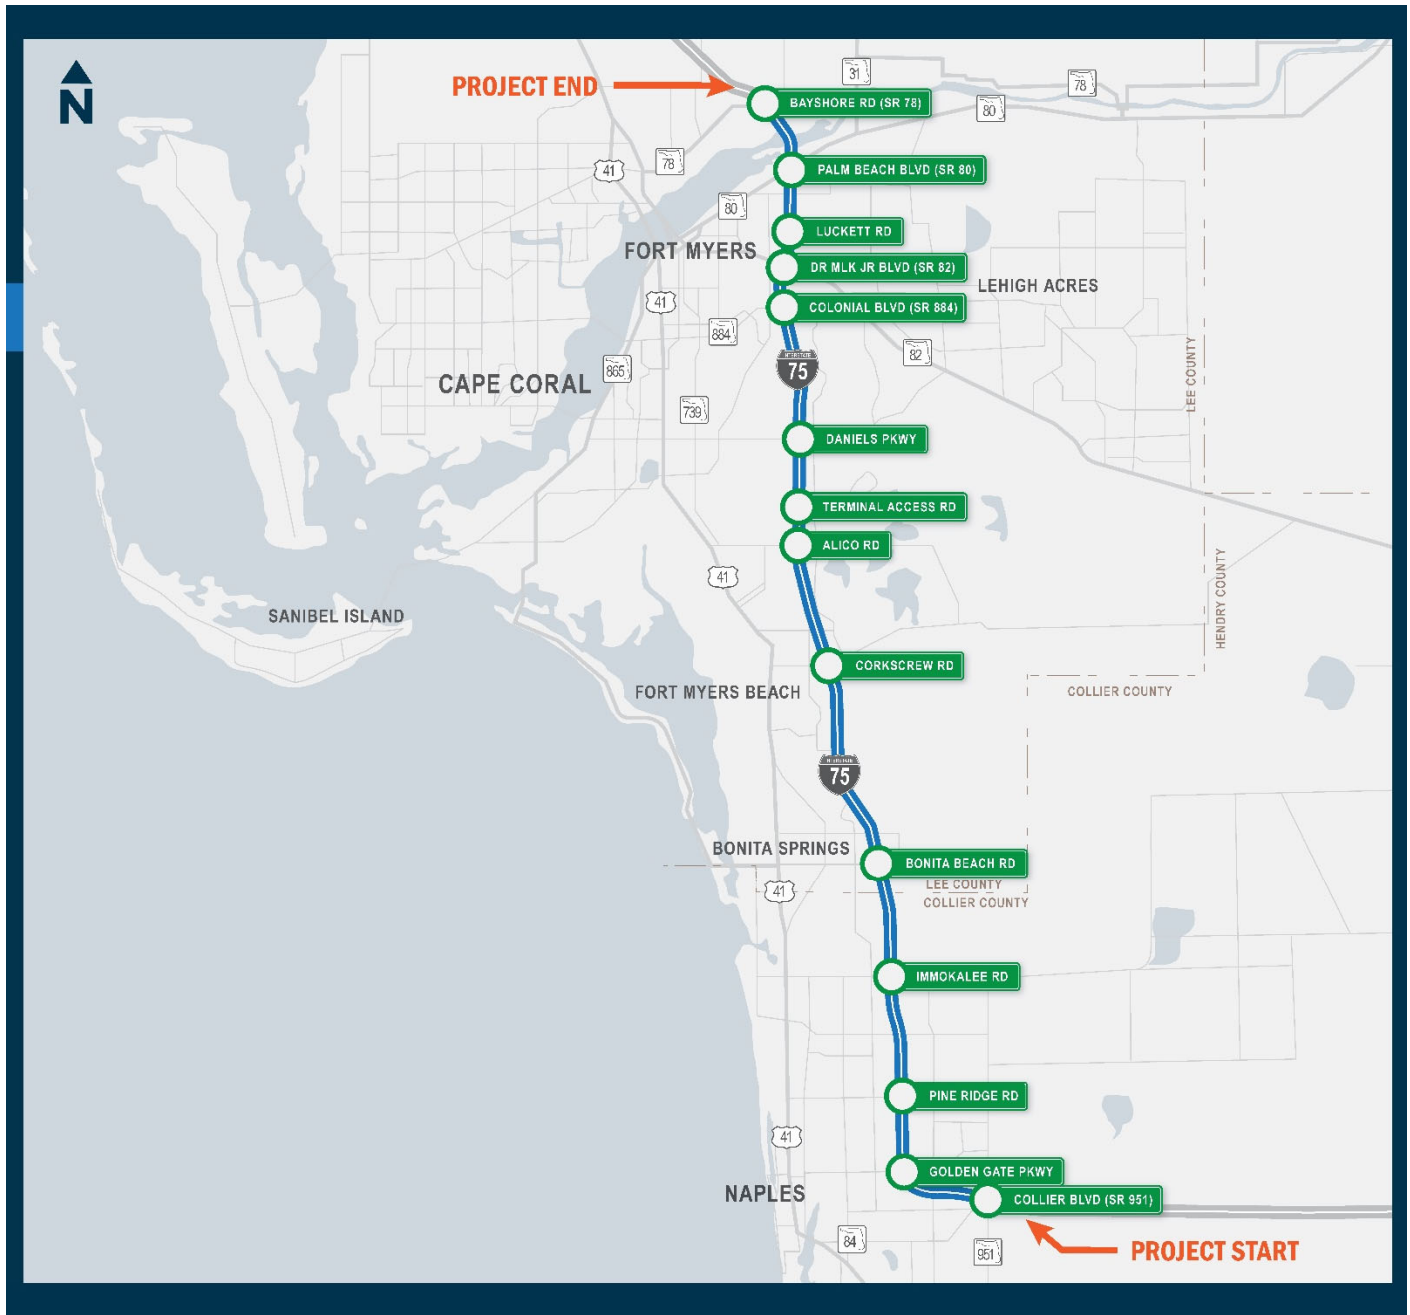

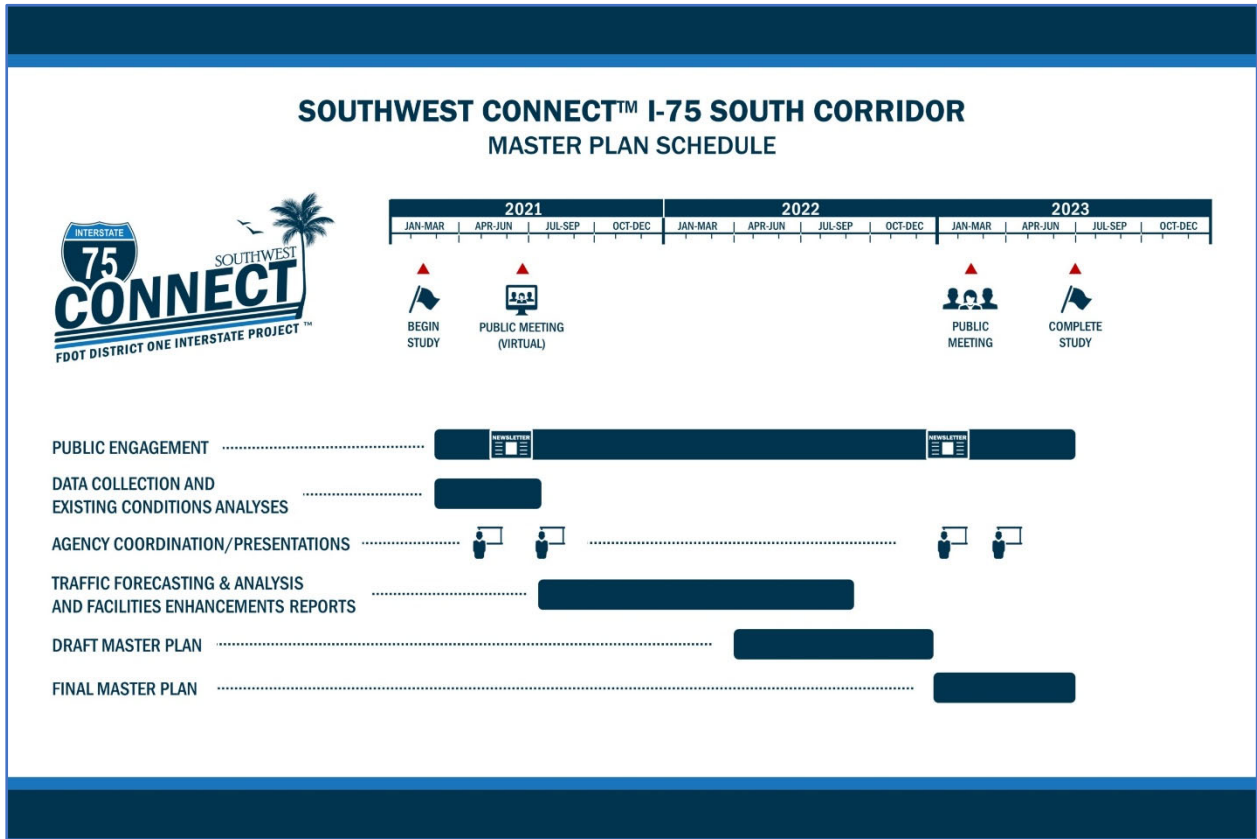

Figure 2: Final Project Schedule

2.0 PROJECT KICKOFF

2.1 Efficient Transportation Decision Making (ETDM)

Consistent with FDOT's ETDM process, the proposed project was evaluated during the ETDM programming screen, (ETDM Project Number 14400 published on *August 8, 2019*). Through ETDM, early agency and public comments were obtained to provide project information on potentially environmentally sensitive areas and identification of project issues. The ETDM Programming Screen Summary Report (*republished on February 27, 2020*) is available on the ETDM public web site (<https://etdmpub.flas-etat.org/est/>).

2.2 Communications Plan

A Communications Plan, prepared under separate cover, was created for this project outlining community outreach efforts. It presents the approach used to involve the public, public officials, the media, and government agencies throughout the project. A property owner mailing list was developed for mailing of newsletters and public meeting invitations. A public officials mailing list was also developed to notify representatives in the project area with newsletters, and meeting and hearing invitations.

3.0 PUBLIC OUTREACH/MEETINGS

3.1 POSTPONED - Public Kickoff Meeting - Scheduled for March 24, 2020 (Collier County) and March 31, 2020 (Lee County)

FDOT scheduled Public Kickoff Meetings for March 24, 2020 in Collier County and March 31, 2020 in Lee County, but these meetings were postponed due to Covid-19 restrictions. At this time, FDOT did not hold any in-person meetings, but the project team felt that since notifications had been sent for the originally scheduled meeting, and the materials were ready for public viewing, it was important to follow through with sharing the information with the public. The in-person meetings were reformatted as a Virtual Preview where all of the materials planned for the Public Kickoff Meeting were posted on the project website for the public to review and provide comment.

Public Kickoff Meetings - Postponed

Prior to the postponement, Kickoff meeting invite emails for the postponed in-person meeting were sent to elected officials by John Kubler, Director of Development on February 24, 2020, and to appointed officials by Jennifer Marshall, Environmental Administrator on February 24, 2020. Letters under the Interstate Program Manager's signature were sent to 1,741 property owners in Lee County and 1,104 property owners in Collier County on March 4, 2020. These were property owners whose property lies, in whole or part, within at least 300 feet of the right-of-way of each project alternative, 300 feet from the centerline of cross streets, and 1,000 feet on either side of I-75 at interchanges, as well as other local citizens who may be impacted by the construction of this project. An advertisement was published in the *Florida Administrative Register* on March 13, 2020.

FDOT distributed a press release to local media on March 3, 2020. Additionally, several social media posts were made by FDOT, and the meetings were posted on the Collier County Metropolitan Planning Organization's website. A legal ad was scheduled to be published in the *Naples Daily News* on March 17, 2020 and the *Fort Myers News-Press* on March 24, 2020, but were cancelled. Once the meetings were postponed, FDOT posted the information on social media, sent an email to elected/appointed officials and stakeholders (March 13, 2020). FDOT's Communications Office also sent a press release on March 12, 2020 announcing meeting cancellations which included the I-75 Public Kickoff Meetings. Notification emails, advertisements, social media posts, press release, mailing lists, and letter invite can be found in **Appendix A**.

3.2 RESCHEDULED as an Online Virtual Preview – April 9 through April 22, 2020

FDOT created an online Virtual Preview in place of the in-person kickoff meetings. This virtual preview was hosted on the project website, www.swflinterstates.com and was available to the public from April 9 - April 22, 2020. The information provided introduced the project and the study process. This preview was consistent with the information that was to be shown at the in-person public meeting posted on the project website. The public was also able to contact the project team with any questions or comments.

FDOT distributed email notifications on April 9, 2020 with a link to enter the preview. Emails were sent to elected/appointed officials by Kati Sherrard, Interstate Program Manager and to interested parties by Nicole Harris, Southwest Connect Project Manager. Information was also posted on social media by FDOT. In addition, the Lee County Metropolitan Planning Organization posted the information on their website. Notification emails, advertisements, social media posts, and mailing lists can be found in **Appendix B**.

A total of 896 people visited the project website from April 9 – April 22, 2020. This meeting sought the public's input on the study in general, the study's schedule, and a preview of the next steps to be taken. No formal presentation was made, but project display boards, interactive traffic data, as well as information on the noise evaluation process were available. Additionally, a video describing managed lanes was available for viewing and download. A handout was also available for attendees to download when they entered the virtual preview on the website. Visitors could provide their comments through this site, and request to receive future project updates. Website screenshots, display boards, website analytics summary for the preview, meeting handout, and comments received during the preview timeframe and in the 10 days following, can be found in **Appendix C**.

3.3 Virtual Public Outreach Meeting with Live Online Question & Answer Event – June 8 through June 18, 2021

A Virtual Public Outreach Meeting occurred from June 8 through June 18, 2021 with a live, online question and answer session held on June 8, 2021, from 5 to 6:30 p.m. through GoToWebinar. FDOT held the public meeting to provide information on the project and to collect any comments attendees wanted to submit into public record during its initial phase. During the meeting period, attendees were led through multiple interactive stations containing video and other static displays all designed to update the public on the status of the project and changes in its development direction.

Emails inviting elected officials to attend were sent by Kevin Ingle, Interim Director of Transportation Development on May 11, 2021. Emails inviting appointed officials to attend were sent by Kati Sherrard, Interstate Program Manager on May 11, 2021. An email was also sent to stakeholders/interested parties on May 11, 2021 by Nicole Harris, Southwest Connect Project Manager. The outreach event was posted on the FDOT public meeting website on May 18, 2021. A postcard invite was mailed to property owners whose property lies, in whole or part, within at least 300 feet of the right-of-way of each project alternative, 300 feet from the centerline of cross streets, and 1,000 feet on either side of I-75 at interchanges, as well as other local citizens who may be impacted by the construction of this project. This postcard also listed how to request project information in Spanish. FDOT distributed a press release on June 1, 2021 and again on June 8, 2021 to inform the local media of the outreach event. FDOT also published an advertisement in the Florida Administrative Register on May 27, 2021 announcing the event. Notification emails, advertisements, press releases, mailing lists and newsletter invite can be found in **Appendix D**.

A total of 116 attendees logged on to the live question and answer session on June 8, 2021. During the live session, 20 questions were received from the public. Many of them were regarding noise abatement and the need for I-75 to be improved. Others asked about how this project fit in with others that were already scheduled, as well as other miscellaneous comments. The project team used the remainder of the time to explain the project and walk through the meeting materials that were posted on the website. The team also addressed comments that had been submitted throughout the study to date.

The online preview that was available through June 18, 2021 began with a welcome video when the public entered the site. Project display boards were available, as well as information on the right-of-way acquisition process and the noise evaluation process. A total of thirteen comments/requests were received by email and through the website by June 18, 2021 and became a part of the workshop record. Most of these comments were again regarding noise abatement and the need for I-75 to be improved. Others asked about how this project fit in with others that were already scheduled, and requests to be added to the mailing list.

The GoToWebinar registration report, display boards, online handout, comments and questions from the meeting, as well as comments received in the 10 days following, can be found in **Appendix E**.

3.4 Public Outreach Meetings – February 15 & 16, 2023

Both a live, online meeting and an in-person meeting were held in February 2023 for the study. Both meeting formats presented the same meeting materials and provided the public an opportunity to ask questions to the project team. The meetings were held to provide the public with an update of the Master Plan to date, and to provide the opportunity to discuss the study and provide comments. The meeting materials were also available for viewing and comment online at www.swflinterstates.com/i75-south-corridor/ from Monday, February 13 through Monday, February 27. The online public outreach meeting materials included a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback.

Emails inviting elected officials to attend were sent by John Kubler, Director of Transportation Development for FDOT, District 1 on January 19, 2023. Emails inviting appointed officials to attend were sent by Kati Sherrard, Corridors Program Engineer on January 19, 2023. An email was also sent to stakeholders/interested parties on January 19, 2023 by Nicole Harris, Southwest Connect Project Manager. The outreach event was posted on the FDOT public meeting website on January 18, 2023, and on the project website, www.swflinterstates.com. A flyer invite was mailed on January 24, 2023 to 2,666 property owners in Lee County and 1,013 property owners in Collier County whose property lies, in whole or part, within at least 300 feet of the right-of-way of each project alternative, 300 feet from the centerline of cross streets, and 1,000 feet on either side of I-75 at interchanges, as well as other local citizens who may be impacted by the construction of this project. FDOT distributed a press release on February 8, 2023 to inform the local media of the outreach event. FDOT also published an advertisement in the *Florida Administrative Register* on February 3, 2023 and legal advertisements in the *Fort Myers News-Press* and *Naples Daily News* on February 3, 2023 announcing the event. Notification emails, advertisements, press release, mailing lists, newsletter invite, and media coverage can be found in **Appendix F**.

The live, online meeting was held on Wednesday, February 15, 2023 at 6 p.m. on GoToWebinar. The public was able to register through the project website, and through the link <https://bit.ly/I-75South> and also through a QR code on the project flyer. The meeting began with a presentation of the meeting displays, including broadcasting a video describing Managed Lanes. The meeting handout, FDOT noise brochure and Right-of-Way information were accessible to attendees in the control panel as meeting handouts. For the remainder of the meeting, the attendees were able to type questions into the question panel and the project team answered them while referring to project display boards. The online meeting had 74 attendees. Over 20 attendees asked questions during the online meeting. Attendees were directed to submit formal comments through the project website

or by email to Nicole.Harris@dot.state.fl.us. A total of 40 comments were emailed by February 27, 2023. Many comments received were about noise concerns and existing operational concerns. There were no comments received that were against improving I-75.

The in-person meeting was held as an “open house” from 5 – 7 p.m. on Thursday, February 16, 2023 at the North Collier Regional Park, Exhibition Hall, 15000 Livingston Road, Naples, FL 34109. This facility was chosen for its accessibility. It is in North Naples near I-75, making it central to the project area. It was also a large room which provided ample space to station the display boards away from the looping video. The Park also has numerous parking spaces and was ADA accessible. Upon arrival, attendees were provided with a meeting handout and comment sheet. The FDOT Noise Brochure and Right-of-Way information were also available. A video describing Managed Lanes played continuously throughout the evening. Display boards were available for attendees to view and FDOT representatives were available to discuss the project. A total of 16 written comments were received at the in-person meeting. Most of these comments were regarding noise issues and existing operational concerns. Again, there were no comments against improving I-75.

The sign-in sheets, meeting handout, and comment sheets from the meeting, as well as emailed comments received through February 27, 2023, can be found in **Appendix G**.

4.0 AGENCY AND STAKEHOLDER COORDINATION

4.1 Small Group Meetings/Presentations

To share the project with a broader audience, a presentation was made to TeamFL in May 2022. The presentation provided at this meeting can be found in **Appendix H**.

4.2 Stakeholder Meetings

The project team met with various stakeholders that would have an interest in the Plan. Stakeholders can include representatives from various local governments, chambers of commerce, civic organizations, environmental groups, and local businesses. The project team presented information on the Plan to the City of Marco Island on November 13, 2022, the City of Cape Coral on November 18, 2019, the City of Bonita Springs and the City of Fort Myers on November 19, 2019, and the City of Naples on December 12, 2019. Information from these meetings is included in **Appendix I**.

4.3 Agency Presentations

In addition to various internal agency meetings (FDOT Leadership, FDOT adjacent districts, Technical Advisory Committee, and FDOT Central Office) the project team provided updates to the Local Metropolitan Planning Organizations (MPOs). An update was provided to the Lee and Charlotte MPOs on February 19, 2021. The team presented an update to the Collier County MPO on February 12, 2021. Additional presentations were made to the Lee County Technical and Citizen Advisory committees (TAC and CAC) on January 5, 2023, Lee County MPO on January 20, 2023, Collier Technical and

Citizen Advisory committees (TAC and CAC) on January 23, 2023, and to the Collier MPO Board on February 10, 2023. The information presented at these MPO meetings is included in **Appendix J**

5.0 OTHER PUBLIC OUTREACH ACTIVITIES

5.1 Project Website

A project website is available at www.swflinterstates.com/i75-south-corridor/. The website was updated regularly to keep the public apprised of the project's status. The parent website also featured information for the other I-75 Master Plan study corridors, as well as I-4. Screenshots of the project website can be found in **Appendix K**.

5.2 Additional Public Comment

Additional public comment was received through the website and by mail/email throughout the course of the study. These comments are included in the project file.

5.3 Other Outreach Methods

Additional outreach methods used to notify and involve the public in the project include social media posts. This was done in conjunction with the public meetings and the posts can be found in those sections of this report.

*Appendix A:
Notifications for March 2020
Public Kickoff Meetings*

Flag Status: Flagged

The Florida Department of Transportation (FDOT), District One, invites you to attend a public kickoff meeting to learn about the I-75 Connect Managed Lanes Study in Collier and Lee counties, from SR 951 (Collier Boulevard) to SR 78 (Bayshore Road). The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow.

For your convenience, the Department is holding two separate, but identical public kickoff meetings within the I-75 South Corridor project limits. Both meetings will be held in an informal, open-house format and are an opportunity to introduce the project and study process, present information regarding existing conditions, and receive feedback. See map below for meeting locations.

Tuesday, March 24, 2020

5:00 P.M. to 7:00 P.M.

North Collier Regional Park – Exhibit Hall
15000 Livingston Road
Naples, Florida 34109

Tuesday, March 31, 2020

5:00 P.M. to 7:00 P.M.

Gulf Coast Church of Christ
9550 6 Mile Cypress Parkway
Fort Myers, Florida 33913

FDOT is sending notices to property owners located within 300 feet on either side of I-75 right-of-way within the project limits, in accordance with Florida Statutes Section 339.155(5)(c). FDOT encourages all interested people to attend and express their views regarding this study.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project is being, or has been, carried out by the FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Nicole Harris, by phone at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us at least seven days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by email at cynthia.sykes@dot.state.fl.us.

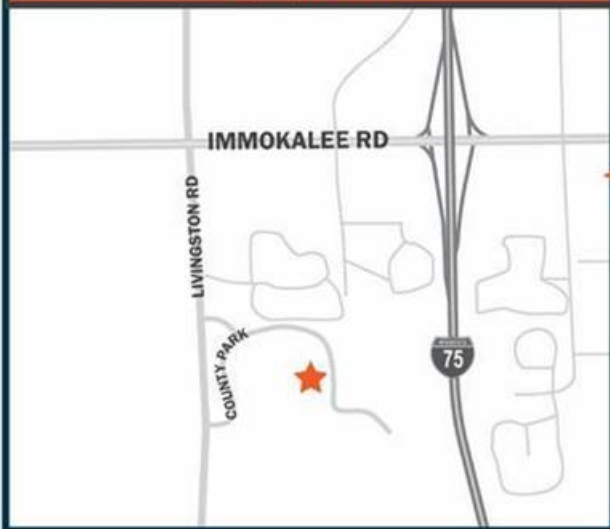

If you require further information, please contact the Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: www.swflinterstates.com/i75-connect-south-corridor

KICKOFF MEETING LOCATIONS

MARCH 31, 2020 FROM 5:00 P.M. - 7:00 P.M.

Subject: I-75 Connect South Managed Lanes Study Kickoff Meetings Scheduled, Lee and Collier Counties, Florida, FPDIDs: 442519-1, 442519-2, 442519-3
Date: Wednesday, February 26, 2020 1:59:59 PM
Attachments: [image001.jpg](#)
[image002.jpg](#)

The Florida Department of Transportation (FDOT), District One, invites you to attend a public kickoff meeting to learn about the I-75 Connect Managed Lanes Study in Collier and Lee counties, from SR 951 (Collier Boulevard) to SR 78 (Bayshore Road). The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow.

For your convenience, the Department is holding two separate, but identical public kickoff meetings within the I-75 South Corridor project limits. Both meetings will be held in an informal, open-house format and are an opportunity to introduce the project and study process, present information regarding existing conditions, and receive feedback. See map below for meeting locations.

Tuesday, March 24, 2020
5:00 P.M. to 7:00 P.M.
North Collier Regional Park – Exhibit Hall
15000 Livingston Road
Naples, Florida 34109

Tuesday, March 31, 2020
5:00 P.M. to 7:00 P.M.
Gulf Coast Church of Christ
9550 6 Mile Cypress Parkway
Fort Myers, Florida 33913

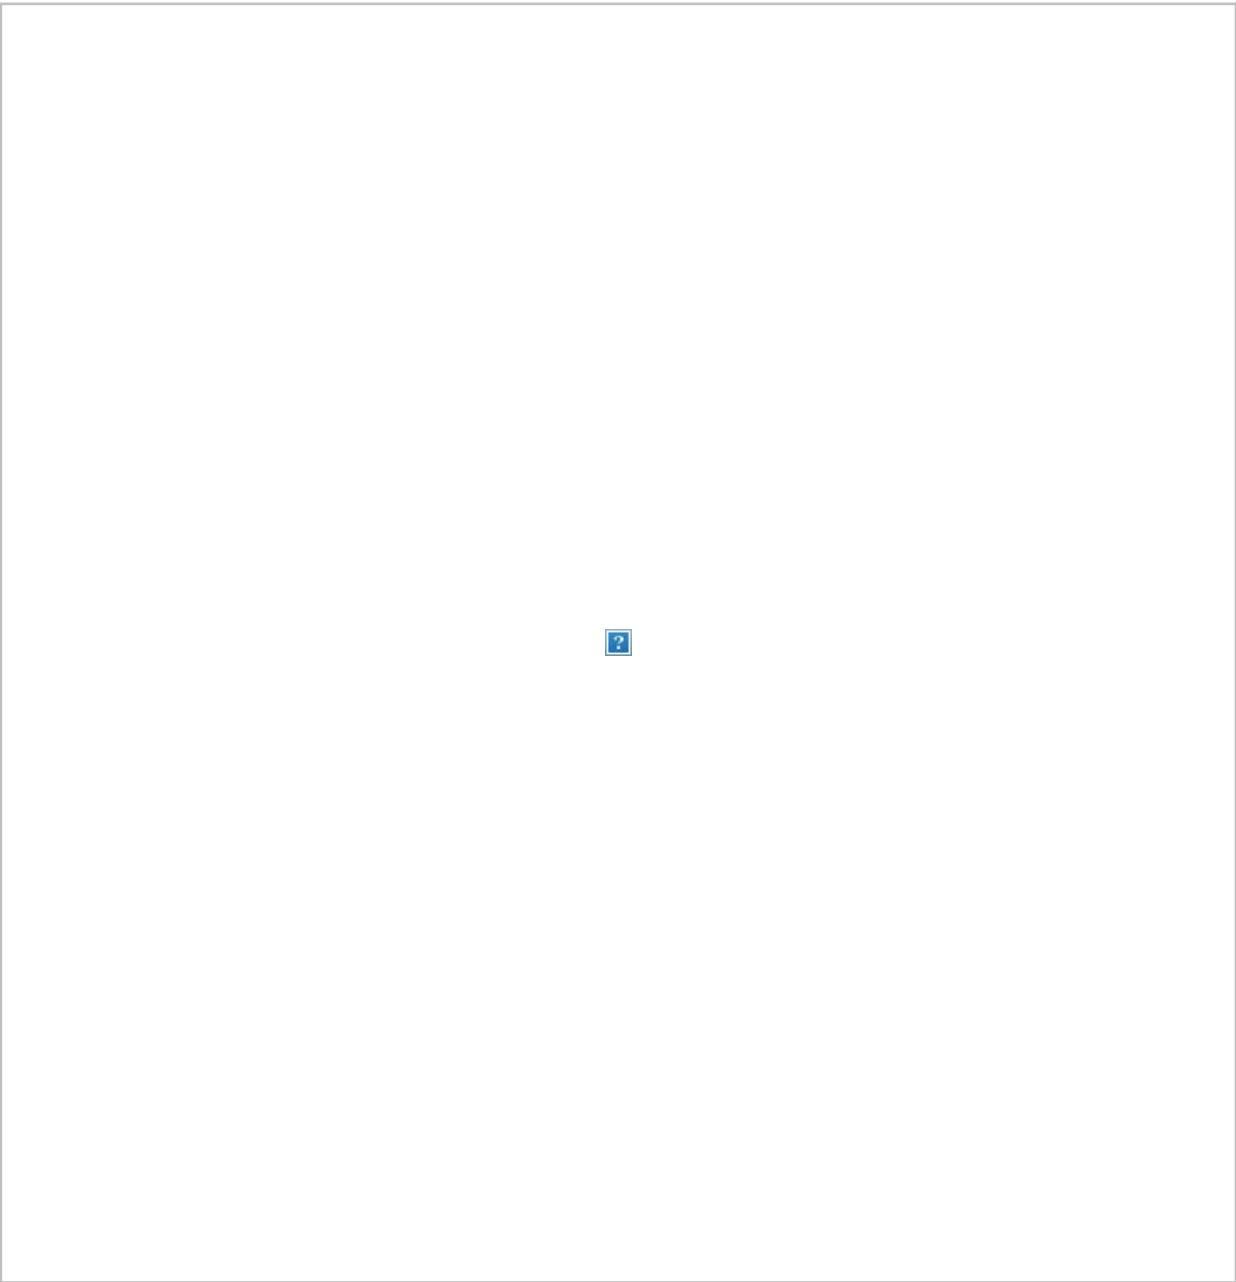

FDOT is sending notices to property owners located within 300 feet on either side of I-75 right-of-way within the project limits, in accordance with Florida Statutes Section 339.155(5)(c). FDOT encourages all interested people to attend and express their views regarding this study. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project is being, or has been, carried out by the FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Nicole Harris, by phone at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us at least seven days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

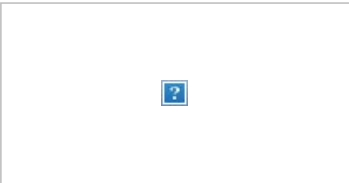

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by email at cynthia.sykes@dot.state.fl.us.

If you require further information, please contact the Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: www.swflinterstates.com/i75-connect-south-corridor

Sincerely,

Jennifer Marshall, P.E.

Florida Department of Transportation

RON DESANTIS
GOVERNOR

801 N. Broadway Avenue
Bartow, Florida 33830

KEVIN J. THIBAUT
SECRETARY

March 04, 2020

Subject: Notification of Public Kickoff Meeting
Interstate 75 (I-75) from SR 951 (Collier Boulevard) to SR 78 (Bayshore Road)
Managed Lanes Study, Lee and Collier Counties, Florida
Financial Project ID Numbers: 442519-1, 442519-2, 442519-3
Efficient Transportation Decision Making Number: 14400

Dear Property Owner or Other Interested Stakeholder:

The Florida Department of Transportation (FDOT), District One, invites you to attend a public kickoff meeting to learn about the Managed Lanes Study for I-75 from SR 951 in Collier County to SR 78 in Lee County. The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow.

For your convenience, the Department is holding two separate, but identical public kickoff meetings within the I-75 South Corridor project limits. Both meetings will be held in an informal, open-house format and are an opportunity to introduce the project and study process, present information regarding existing conditions, and receive feedback.

Tuesday, March 24, 2020
5:00 to 7:00 p.m.

North Collier Regional Park – Exhibit Hall
15000 Livingston Road
Naples, Florida 34109

Tuesday, March 31, 2020
5:00 to 7:00 p.m.

Gulf Coast Church of Christ
9550 Six Mile Cypress Parkway
Fort Myers, Florida 33913

FDOT is sending notices to property owners located within 300 feet on either side of I-75 right-of-way within the project limits, in accordance with Florida Statutes Section 339.155(5)(c). FDOT encourages all interested people to attend and express their views regarding this study.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project is being, or has been, carried out by the Florida Department of Transportation (FDOT) pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Nicole Harris, by phone at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us at least seven days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by email at cynthia.sykes@dot.state.fl.us.

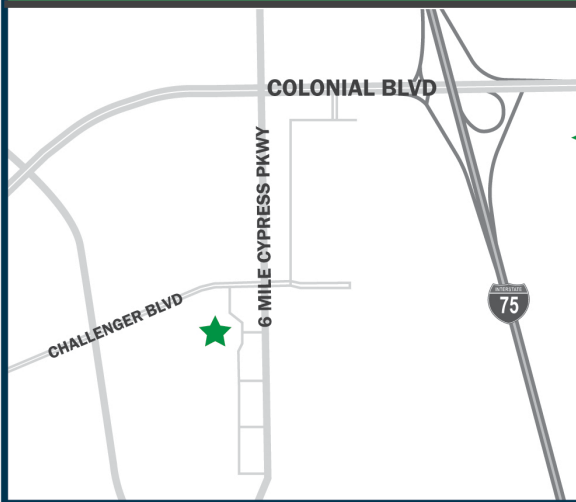

If you require further information, please contact the Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: www.swflinterstates.com/i75-connect-south-corridor

Sincerely,

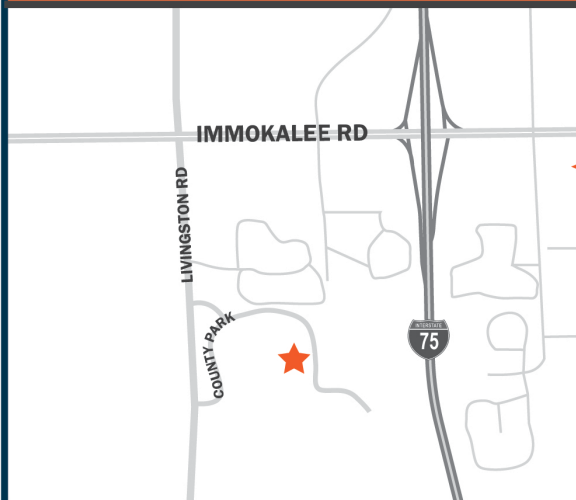

Ms. Nicole Harris, P.E.
I-75 Project Manager

Financial Project ID Nos.: 442519-1, 442519-2, 442519-3; ETDM No.: 14400**

The Florida Department of Transportation (FDOT), District One, invites you to attend a public kickoff meeting to learn about the Managed Lanes Study for the above referenced project. The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow.

For your convenience, the Department is holding two separate, but identical public kickoff meetings within the I-75 South Corridor project limits. Both meetings will be held in an informal, open-house format and are an opportunity to introduce the project and study process, present information regarding existing conditions, and receive feedback.

FDOT is sending notices to property owners located within 300 feet on either side of I-75 right-of-way within the project limits, in accordance with Florida Statutes Section 339.155(5) (c). FDOT encourages all interested people to attend and express their views regarding this study.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project is being, or has been, carried out by the Florida Department of Transportation (FDOT) pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by phone at (863) 519-2287 or by email at cynthia.sykes@dot.state.fl.us.

If you require further information, please contact the Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: www.swflinterstates.com/i75-connect-south-corridor.

PUBLIC MEETING NOTICE – Interstate 75 South Corridor Managed Lanes Study, from SR 951 (Collier Boulevard) to SR 78 (Bayshore Road)

Lee and Collier Counties, Florida

Financial Project ID Nos.: 442519-1, 442519-2, 442519-3; ETDM No.: 14400

The Florida Department of Transportation (FDOT) District One will conduct a public kickoff meeting for the I-75 South Corridor Managed Lanes Study, from SR 951 (Collier Boulevard) to SR 78 (Bayshore Road) in Lee and Collier Counties, Florida. The meeting will be an open house format held on Tuesday, March 24, 2020 from 5:00 p.m. to 7:00 p.m. at the North Collier Regional Park – Exhibit Hall, 15000 Livingston Road, Naples, FL 34109. The purpose of this meeting is to provide an opportunity for the public to learn about the project, become familiar with the study process and provide feedback. Attendees will have an opportunity to discuss the study, ask questions, and provide comments. FDOT representatives will be available to answer questions.

The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow. The public meeting is being held as part of the current Project Development and Environment (PD&E) Study. A PD&E Study is FDOT's process to evaluate the social, economic, and environmental impacts associated with a planned transportation improvement project.

For additional information please contact Ms. Nicole Harris, P.E., I-75 Projects Manager, by mail at 800 North Broadway Avenue, Bartow, Florida 33830, by phone at 863-519-2335 or by e-mail at nicole.harris@dot.state.fl.us. Please visit the project website for meeting announcements, project documents and other important project information: <http://www.swflinterstates.com/i75-connect-south-corridor>

Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Nicole Harris, P.E., I-75 Project Manager, by phone at 863-519-2335 or via e-mail at nicole.harris@dot.state.fl.us at least seven days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by email at cynthia.sykes@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for these projects are being, or have been, carried out by FDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: The Office of Energy at (850)617-7470 or Energy@fdacs.gov. For more information, you may contact: The Office of Energy at (850)617-7470 or Energy@fdacs.gov.

DEPARTMENT OF LAW ENFORCEMENT

Criminal Justice Standards and Training Commission
The Criminal Justice Standards and Training Commission announces a telephone conference call to which all persons are invited.

DATE AND TIME: Thursday, March 19, 2020, 2:00 p.m.

PLACE: Florida Department of Law Enforcement Headquarters; 2331 Phillips Road, Conference Room CJP/B1055; Tallahassee, Florida 32308. **DIAL-IN INSTRUCTIONS:** Call 1(888)585-9008 and enter code, 197697647, followed by the # sign. Please call 5 minutes before 2:00 p.m.

GENERAL SUBJECT MATTER TO BE CONSIDERED: A discussion regarding CJSTC training response to the Governor's Executive Order 20-52.

A copy of the agenda may be obtained by contacting: Joyce Gainous-Harris at (850)410-8615 or e-mail at JoyceGainous-Harris@fdle.state.fl.us if you have questions about the above conference call.

The Commission packet can be viewed or downloaded after March 16, 2020, at: <http://www.fdle.state.fl.us/CJSTC/Commission/CJSTC-Home.aspx>.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: Joyce Gainous-Harris at (850)410-8615 or e-mail at JoyceGainous-Harris@fdle.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

DEPARTMENT OF TRANSPORTATION

The Florida Department of Transportation announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, March 24, 2020, 10:00 a.m.

PLACE: First Church of the Nazarene, 1590 N. Jefferson Street, Monticello, FL 32344

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT) will host a meeting of the Florida Multi-use Corridors of Regional Economic Significance (M-CORES) Task Force for the Suncoast Connector extending from Citrus County to Jefferson County. Registration begins at 9:30 a.m. The public is invited to attend and observe the proceedings of the Task Force. Comment stations will be available throughout the meeting

where comments may be submitted in writing. In addition, a public comment period will begin at 4:00 p.m. Comments also may be submitted any time to FDOT.Listens@dot.state.fl.us.

The Florida Department of Transportation may adopt the result of this planning effort into the environmental review process, pursuant to Title 23 U.S.C. § 168(4)(d) or the state project development process.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact Ryan Asmus at Ryan.Asmus@dot.state.fl.us or (386)961-7443. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

A copy of the agenda may be obtained by contacting: Ryan Asmus at Ryan.Asmus@dot.state.fl.us or (386)961-7443.

For more information, you may contact: www.FloridaMCORES.com.

DEPARTMENT OF TRANSPORTATION

The Florida Department of Transportation, District One announces a public meeting to which all persons are invited.

DATES AND TIMES: Tuesday, March 24, 2020, open house, 5:00 p.m. – 7:00 p.m. (Collier County); Tuesday, March 31, 2020, open house, 5:00 p.m. – 7:00 p.m. (Lee County)

PLACE: Collier County: North Collier Regional Park – Exhibit Hall, 15000 Livingston Road, Naples, FL 34109 and Lee County: Gulf Coast Church of Christ, 9550 Six Mile Cypress Parkway, Fort Myers, FL 33966

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District One, will conduct two separate, but identical public kickoff meetings for the Interstate 75 (I-75) South Corridor Managed Lanes Study. Study limits include I-75 from SR 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County. The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow. These public meetings are being held as part of the current Managed Lanes Study. These meetings will be in an open house format with representatives from the FDOT available to answer questions. Informational handouts, maps, and graphic displays will be available at the meetings.

A copy of the agenda may be obtained by contacting: Ms. Nicole Harris, P.E., I-75 Project Manager, by phone at 1(863)519-2335 or by email at Nicole.Harris@dot.state.fl.us.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to

participate in this workshop/meeting is asked to advise the agency at least 7 days before the workshop/meeting by contacting: Cynthia Sykes, Florida Department of Transportation, District One, 801 N. Broadway Street, Bartow, Florida 33830-3809.

Call: 1(863)519-2287 or email: Cynthia.Sykes@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: Ms. Nicole Harris, P.E., I-75 Project Manager, by phone at 1(863)519-2335 or by email at Nicole.Harris@dot.state.fl.us.

FLORIDA COMMISSION ON OFFENDER REVIEW

The Florida Commission on Offender Review announces a public meeting to which all persons are invited.

DATES AND TIMES: Thursday, April 2, 2020, 11:00 a.m.; Thursday, April 23, 2020, 11:00 a.m.; Thursday, April 30, 2020, 11:00 a.m.

PLACE: Florida Commission on Offender Review, 4070 Esplanade Way, Tallahassee, FL 32399-2450

GENERAL SUBJECT MATTER TO BE CONSIDERED: Regularly scheduled meeting for all Parole, Conditional Release, Conditional Medical Release, Addiction Recovery, Control Release and all other Commission business.

A copy of the agenda may be obtained by contacting: Florida Commission on Offender Review (850)488-1293.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: Florida Commission on Offender Review at ada@fcor.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

EXECUTIVE OFFICE OF THE GOVERNOR

The Florida Children and Youth Cabinet Strategy Workgroup announces a public meeting to which all persons are invited.

DATE AND TIME: March 20, 2020, 10:00 a.m. – 11:00 a.m.

PLACE: Department of Children and Families, Building 2, Conference Room 339, 1317 Winewood Blvd., Tallahassee FL 32399

GENERAL SUBJECT MATTER TO BE CONSIDERED: Cabinet work group business.

A copy of the agenda may be obtained by contacting: Pat Smith, Executive Director, Florida Children and Youth Cabinet, (850)717-4452 or pat.smith@myflfamilies.com.

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting or hearing, he/she will need to ensure that a verbatim record of the

proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact: Pat Smith, Executive Director, Florida Children and Youth Cabinet, (850)717-4452 or pat.smith@myflfamilies.com.

EXECUTIVE OFFICE OF THE GOVERNOR

The Florida Children and Youth Cabinet Technology Workgroup announces a telephone conference call to which all persons are invited.

DATE AND TIME: March 20, 2020, 3:00 p.m. – 5:00 p.m.

PLACE: Conference call number: 1(888)585-9008; room #: 472-450-272

GENERAL SUBJECT MATTER TO BE CONSIDERED: Regular business of the Workgroup.

A copy of the agenda may be obtained by contacting: Pat Smith, Executive Director, Florida Children and Youth Cabinet, (850)717-4452 or pat.smith@myflfamilies.com.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 2 days before the workshop/meeting by contacting: Pat Smith, Executive Director, Florida Children and Youth Cabinet, (850)717-4452 or pat.smith@myflfamilies.com. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting or hearing, he/she will need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact: Pat Smith, Executive Director, Florida Children and Youth Cabinet, (850)717-4452 or pat.smith@myflfamilies.com.

REGIONAL PLANNING COUNCILS

West Florida Regional Planning Council

The Emerald Coast Regional Council Board Meeting announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, March 26, 2020, 11:30 a.m.

PLACE: Okaloosa County Administrative Building, Training Room, 1250 Eglin Parkway, Shalimar, Fla.

GENERAL SUBJECT MATTER TO BE CONSIDERED: General business of the board will be discussed.

A copy of the agenda may be obtained by contacting: Tammy Neal at tammy.neal@ecrc.org or (850)332-7976.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 48 hours before the workshop/meeting by contacting: Brittany Ellers at brittany.ellers@ecrc.org or

Public Kickoff Meetings Scheduled for I-75 Managed Lanes Study in Collier and Lee Counties

Fort Myers, FL - The Florida Department of Transportation (FDOT), District One, invites you to attend a public kickoff meeting to learn about the Managed Lanes Study for I-75 from SR 951 in Collier County to SR 78 in Lee County. The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution, that meets the needs of the near term, and accommodates the evolving and innovative transportation solutions of tomorrow.

FDOT is holding two separate, but identical public kickoff meetings within the I-75 South Corridor project limits. Both meetings will be held in an informal, open-house format and are an opportunity to introduce the project and study process, present information regarding existing conditions, and receive feedback. FDOT encourages all interested people to attend and express their views regarding this study.

Tuesday, March 24, 2020
5:00 to 7:00 p.m.

North Collier Regional Park – Exhibit Hall
15000 Livingston Road
Naples, Florida 34109

Tuesday, March 31, 2020
5:00 to 7:00 p.m.

Gulf Coast Church of Christ
9550 Six Mile Cypress Parkway
Fort Myers, Florida 33913

Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Nicole Harris, by phone at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us at least seven days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by email at cynthia.sykes@dot.state.fl.us.

If you require further information, please contact the Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: www.swflinterstates.com/i75-connect-south-corridor.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project is being, or has been, carried out by the Florida Department of Transportation (FDOT) pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

I-75 SOUTH CORRIDOR MANAGED LANES STUDY PUBLIC MEETING PREVIEW

In an effort to curb the spread of COVID-19, officials at the Florida Department of Transportation (FDOT), District One are taking the precautionary steps of postponing the public kickoff meetings for the I-75 Connect Managed Lanes Study. The Department will make every effort to reschedule these meetings at a future to-be-determined date. In the meantime, you will find much of the same information planned to be

displayed at these meetings here and now.

Please take a moment to sign in.

PROGRAM DESCRIPTION

Florida Department of Transportation (FDOT) District One is embarking on a program that will lead to the long-term improvement of the interstate corridors in Southwest Florida, first envisioned by prior planning studies.

This effort will allow District One to analyze and put in place an integrated and comprehensive transportation solution that meets the needs of the near term and accommodates the evolving and innovative transportation solutions of tomorrow.

Within the **Southwest Connect™** program, there are currently three project segments that are either in or entering their Project Development and Environment Study or Planning and Feasibility Study phase. Each project is focused on improving mobility and providing transportation options to support the region's economic development. These improvements are expected to help move people and goods safely and efficiently while balancing regional transportation needs with community concerns.

THE PROJECT DEVELOPMENT PROCESS

WHAT IS A PLANNING AND FEASIBILITY STUDY?

A Planning and Feasibility Study defines a project's needs in terms of future improvements and identifies what strategies and types of improvements can best meet these needs. This study allows FDOT to focus future efforts and funding by prioritizing the most critical areas. This long-range approach provides a regional perspective to identify the areas where future demand is predicted and to assist in defining the Project Development and Environment (PD&E) Study limits for the project(s). Improvements identified in this phase may include widening, modifying interchanges, and evaluating requests for new interchanges.

WHAT IS A PD&E STUDY?

A PD&E study is an environmental and engineering process developed by FDOT to determine social, economic, natural and physical environmental impacts associated with a proposed transportation improvement project. The process follows the National Environmental Policy Act (NEPA) of 1969 and federal and state laws and regulations.

THE PROJECT DEVELOPMENT PROCESS

FDOT follows federal and state requirements throughout project development and works closely with governmental agencies, partners and the local communities to identify new projects and move them through the production process.

Planning and Feasibility, Project Development and Environment Study, Design, Right of Way Acquisition, and Construction are sequential phases of production for projects.

NOISE BARRIERS

As part of the I-75 Managed Lanes Study and once alternatives have been identified and preliminarily screened, a noise analysis will be completed for the entire study limits along I-75.

Who gets a noise barrier?

- Areas predicted to experience future noise levels of 66 dB are eligible for consideration
- Federal Highway Administration (FHWA) and Florida Department of Transportation (FDOT) require noise barriers to be *feasible and cost reasonable*.

Feasible

- Reduces traffic noise by at least 5 dB at two or more sites and by 7 dB at one site
- Noise barrier can be constructed (*based on safety factors, access, right of way, maintenance, drainage and utilities*)

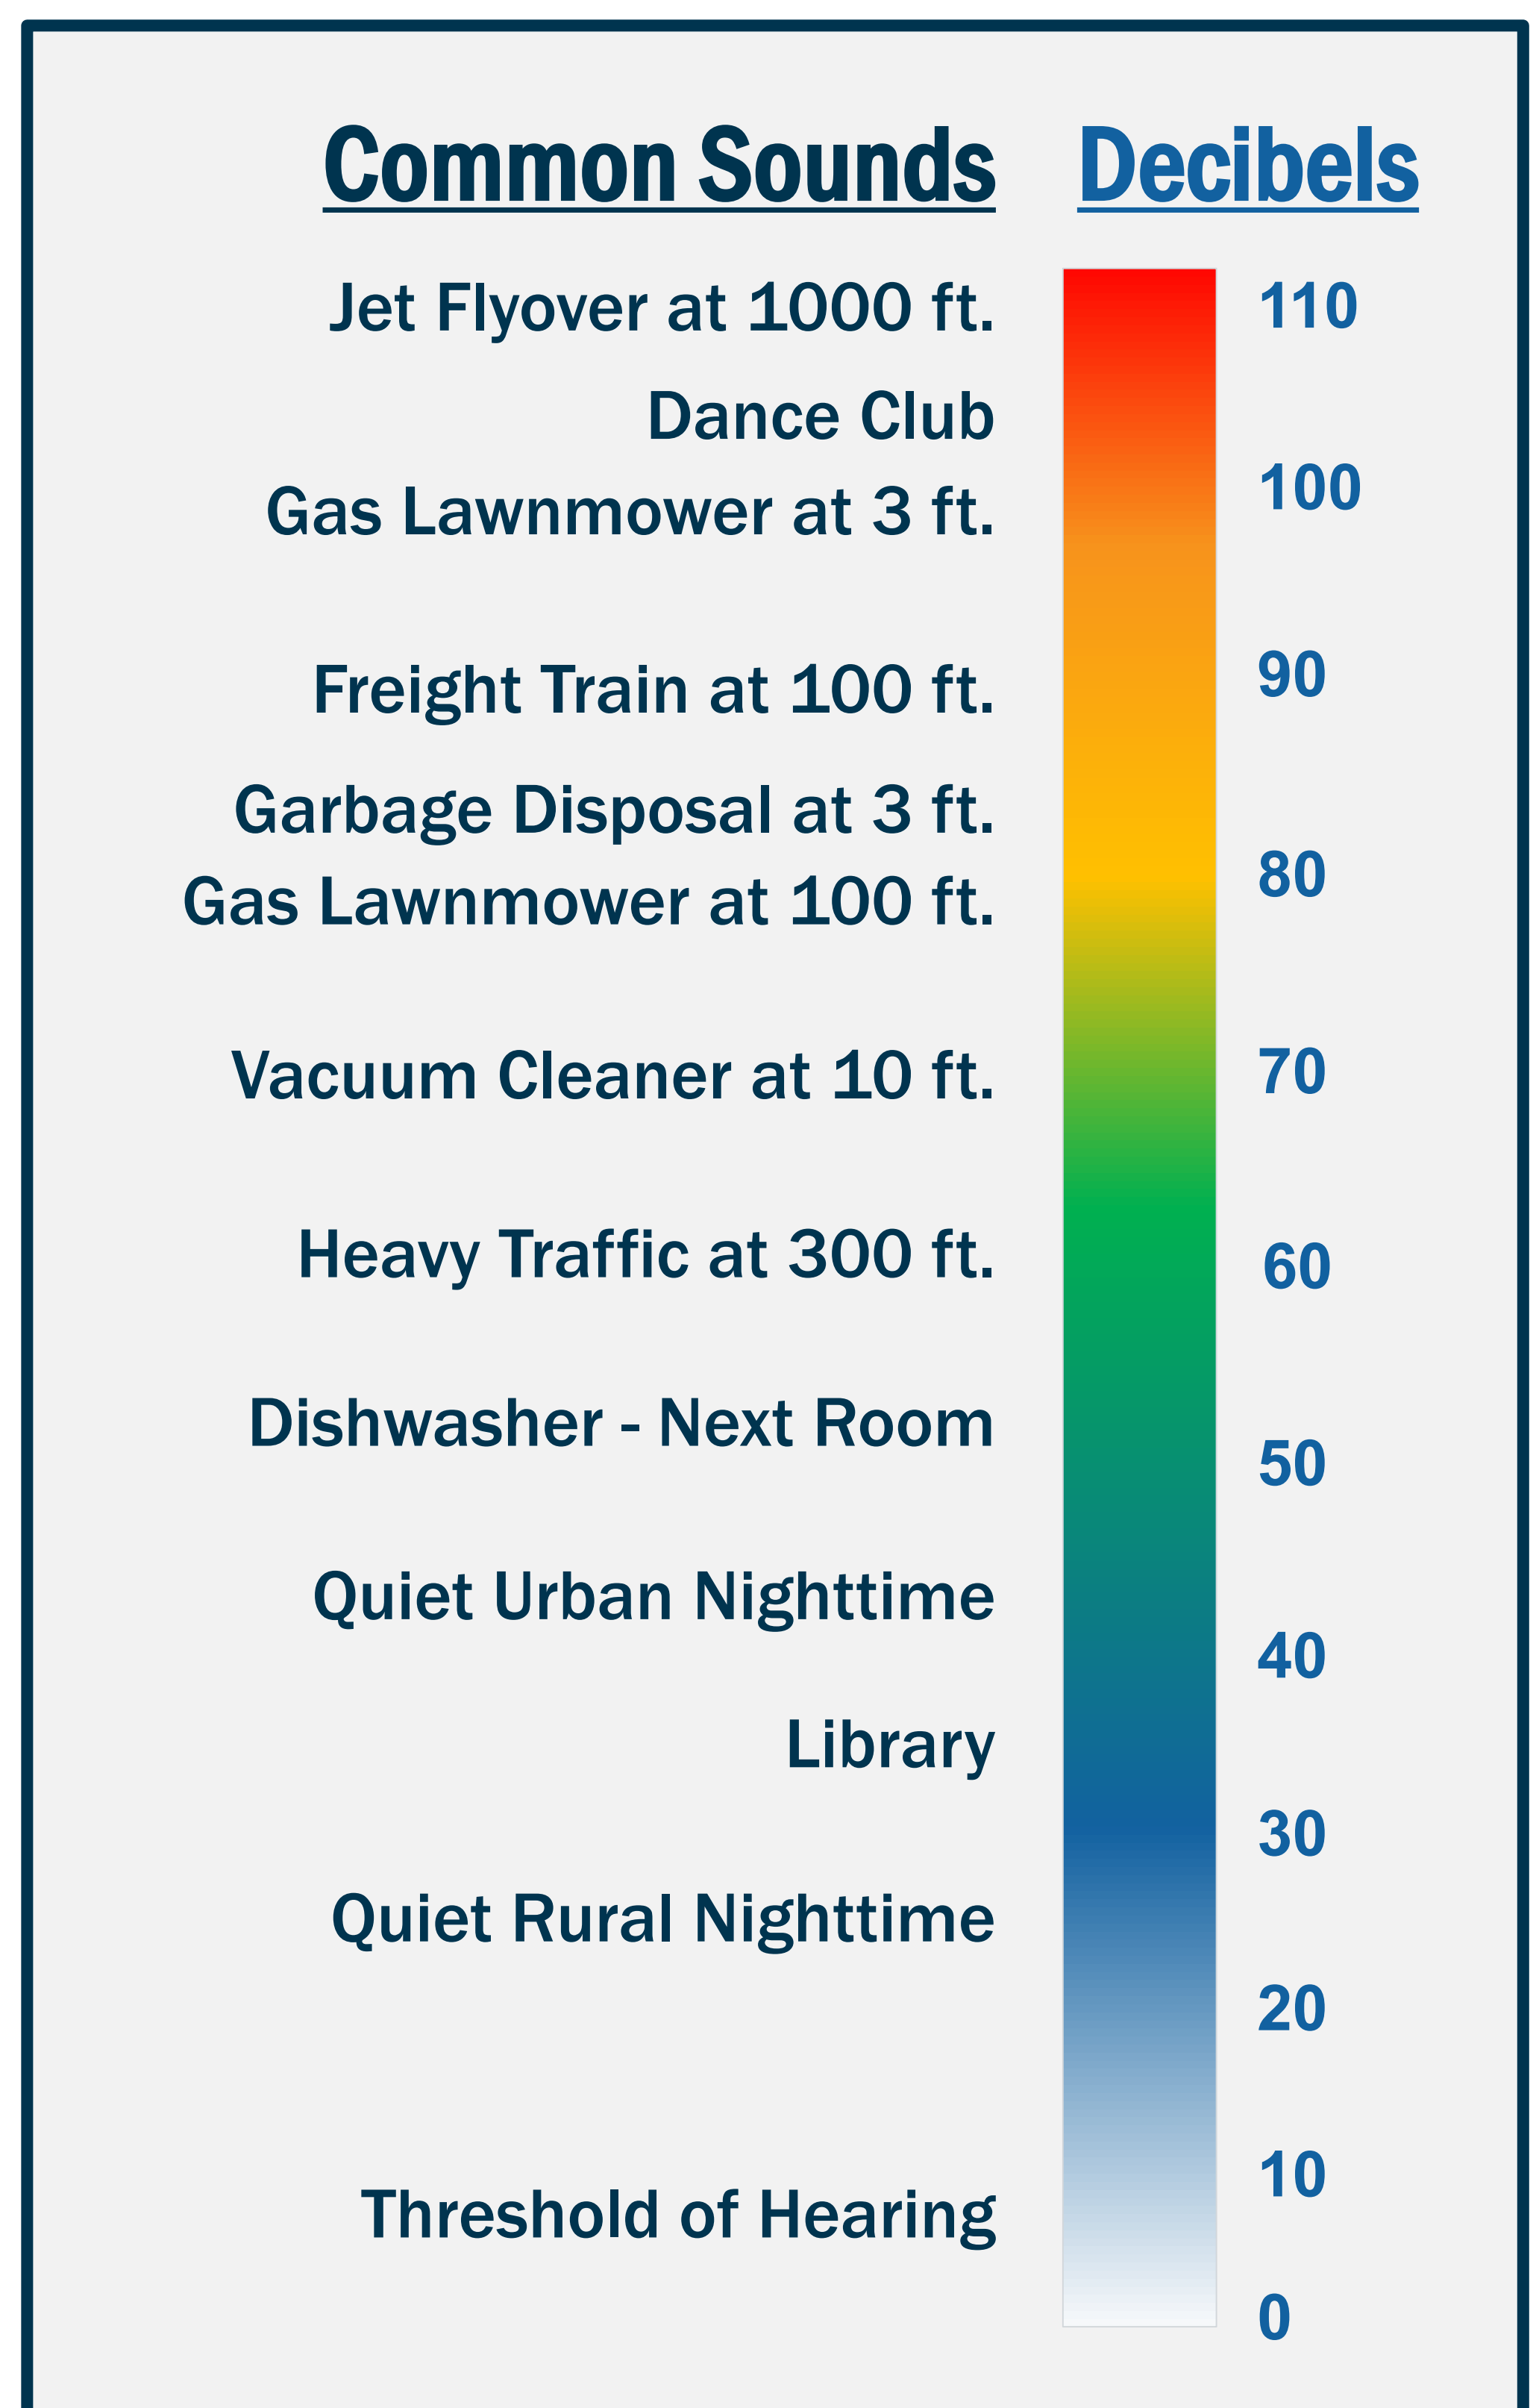

Cost Reasonable

- Cost per site to build the noise barrier is \$42,000 or less

Reasonable

- Consider the viewpoints of the benefitted site owners

Even if previous project(s) determined noise walls not to be cost reasonable or feasible, they may be feasible in the future with the proposed improvements and noise analysis from this study.

ABOUT THE PROJECT

PROJECT DESCRIPTION

I-75 Southwest Connect™ (South Corridor) is a capacity improvement project that involves the potential construction of Managed Lanes in each direction on I-75, from east of Collier Boulevard (SR 951) to Bayshore Road (SR 78) in Collier and Lee counties.

General-use lanes, collector-distributor roadways, auxiliary lanes and interchange operational improvements are being considered.

PURPOSE AND NEED

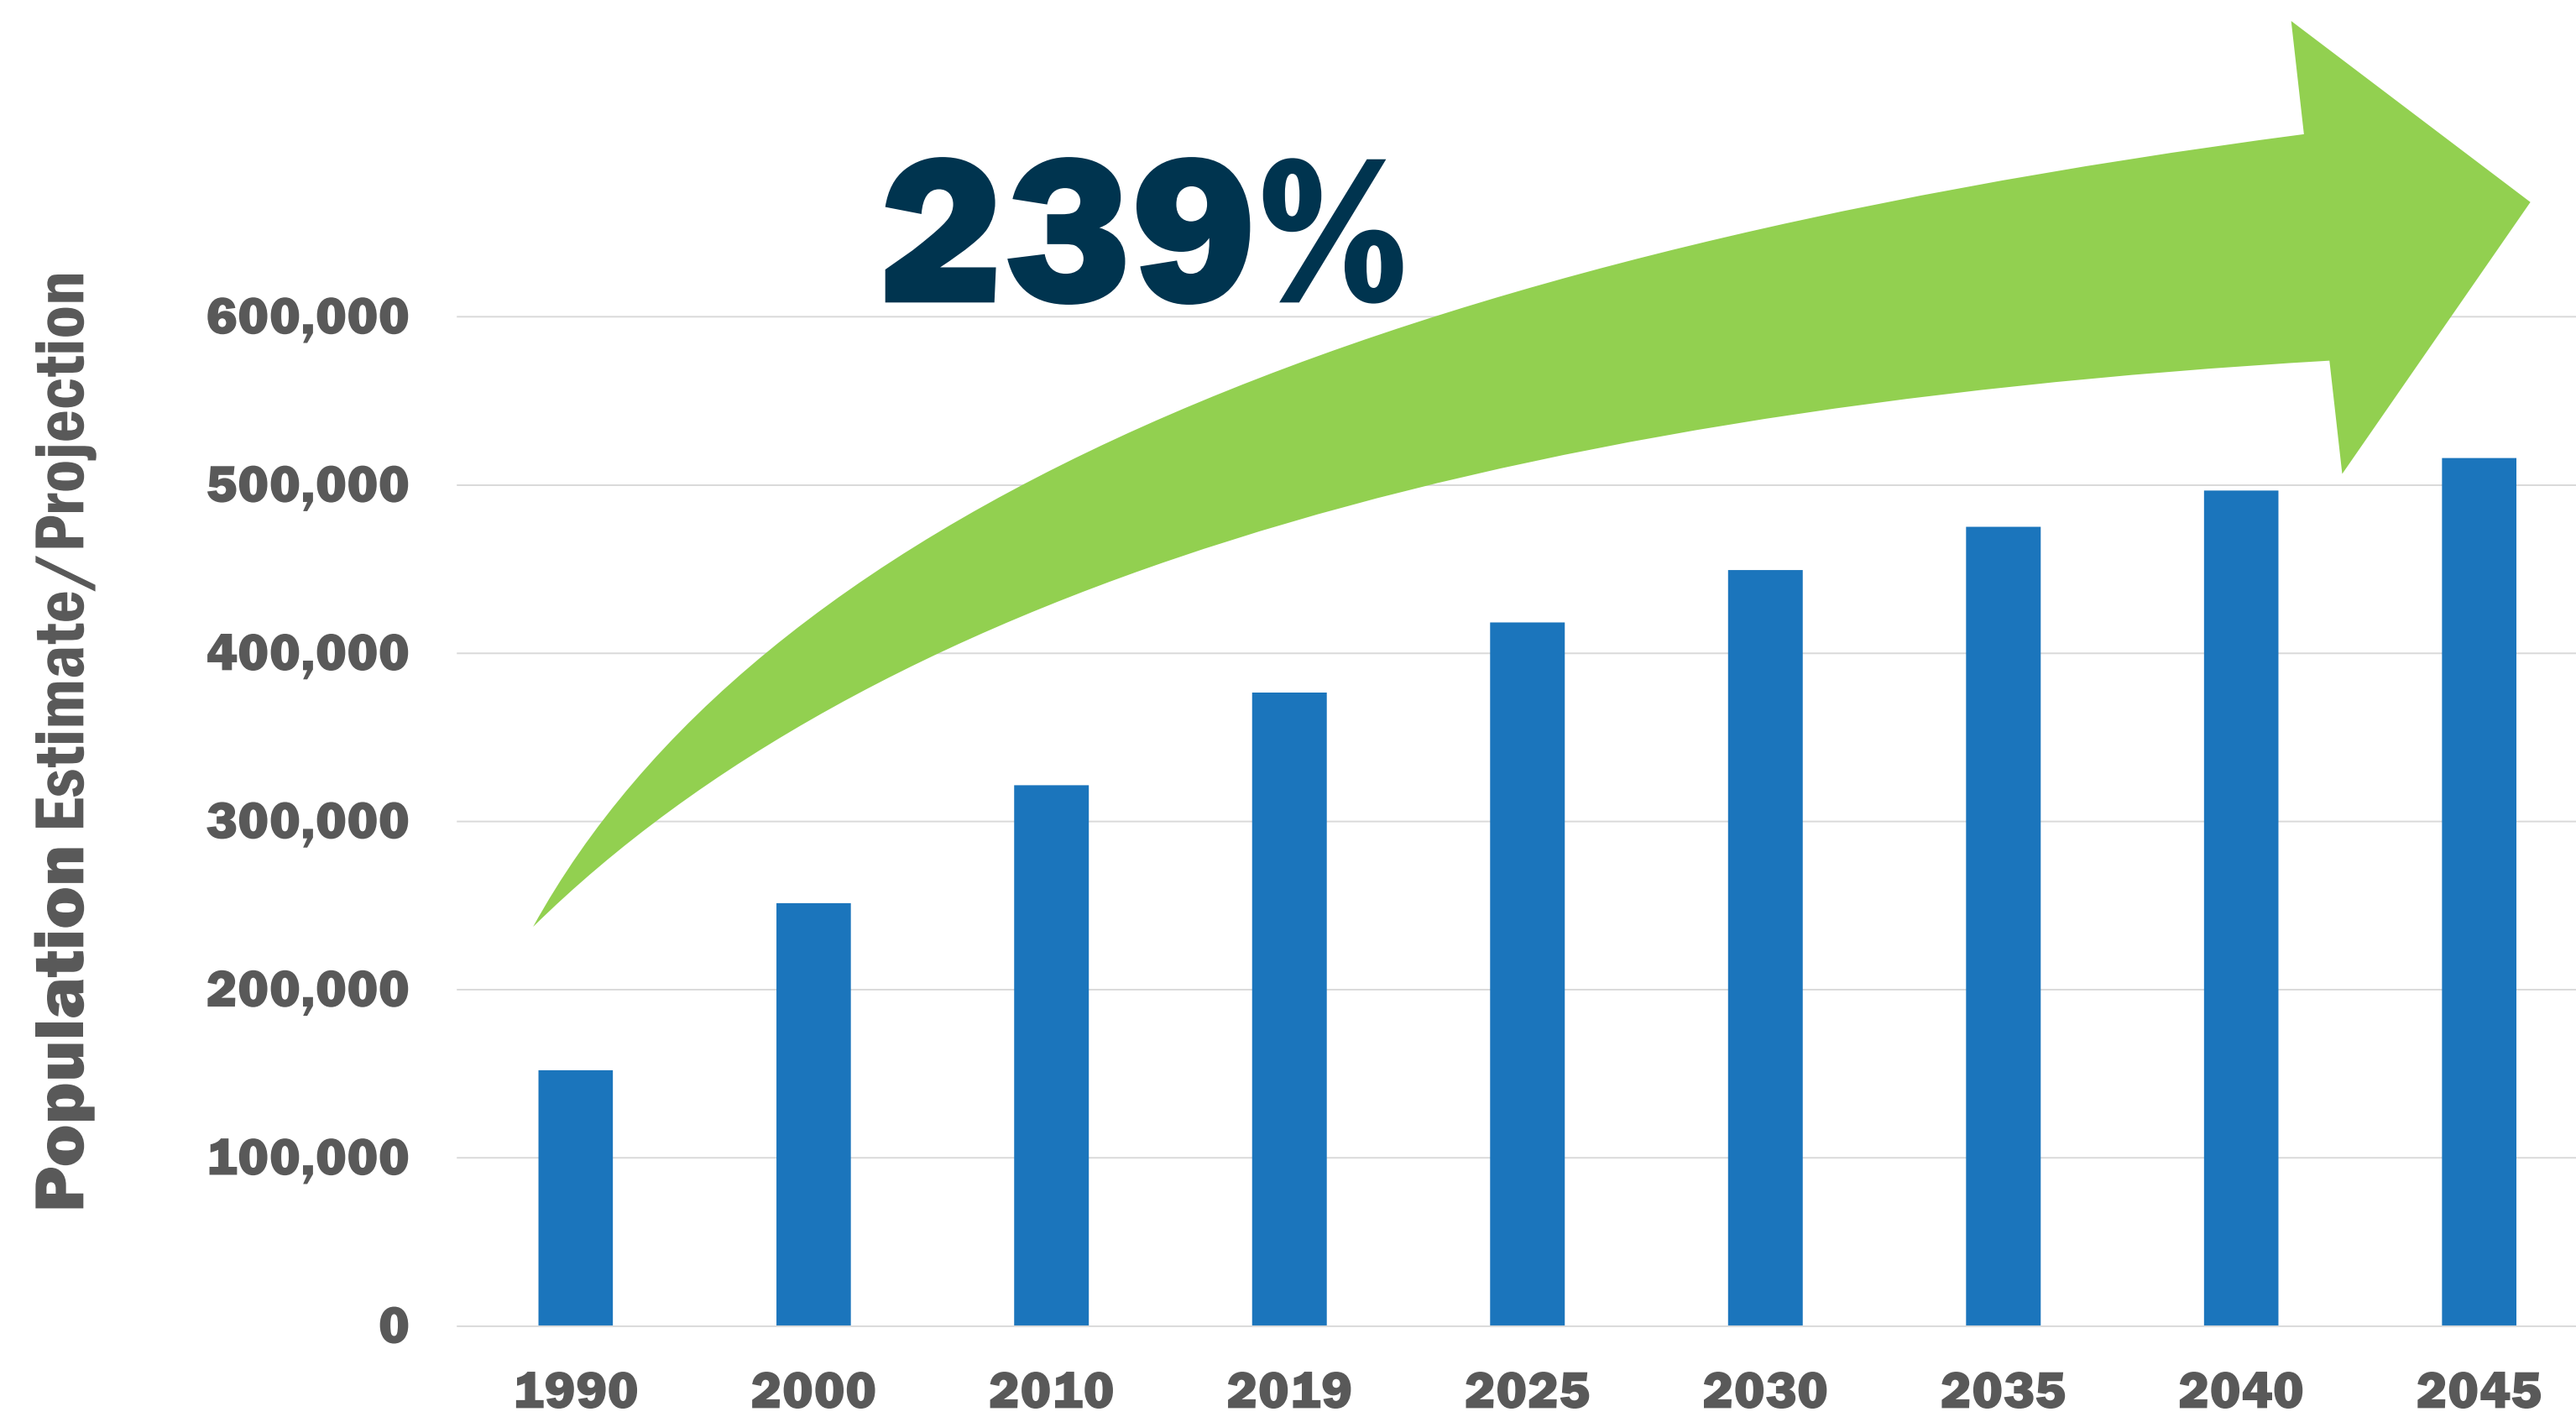

The purpose of this project is to address the existing operational deficiencies of the interstate within both Collier and Lee Counties and accommodate future travel demand projections as a result of population and employment growth.

POSTPONED

WHAT ARE MANAGED LANES?

Managed Lanes are a set of lanes separated from general-use lanes to help manage congestion.

Managed Lanes work because users are given an option to use the Managed Lanes or remain in the general-use lanes. Managed Lane Users – like trucks, transit or the motoring public traveling longer distances, can avoid slowdowns, merging and congestion at exits – all while reducing the number of vehicles traveling in the general-use lanes. This choice helps reduce delays, manage congestion, and keep travel times reliable for motorists.

WELCOME

The Florida Department of Transportation (FDOT) District One welcomes you to the public kickoff meeting for the I-75 South Corridor Managed Lanes Study. The purpose of this project is to analyze and put in place an integrated and comprehensive transportation solution that meets the needs of the near term and accommodates the evolving and innovative transportation solutions of tomorrow. This capacity improvement project involves the potential construction of Managed Lanes in each direction on I-75 from east of Collier Boulevard (SR 951) in Collier County to Bayshore Road (SR 78) in Lee County. General-use lanes, collector-distributor roadways, auxiliary lanes and interchange operational improvements, are being considered.

MEETING AGENDA

This informal, open house public meeting is one of two separate, yet identical meetings being conducted to provide an opportunity for attendees to learn about the project, become familiar with the study process and provide feedback. Informational handouts and display boards are available for review. A Managed Lanes video presentation is also available for viewing. FDOT and project team members will be available to discuss the project and answer questions. There will be no formal presentation.

THE PROJECT DEVELOPMENT PROCESS

The project development process consists of five steps, including Planning and Feasibility, Project Development and Environment Study, Design, Right of Way Acquisition and Construction.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration (FHWA) and FDOT.

Comuníquese con nosotros: Nos interesa mucho la opinión del público sobre el proyecto. Si tiene preguntas o comentarios, o simplemente desea más información, por favor comuníquese con nosotros. Nuestro representante en español es: Luis Diaz, (407) 710-3341, luis.diaz@stantec.com.

WHAT HAPPENS NEXT?

The next steps of the I-75 South Corridor Managed Lanes study include the development of alternative improvements that will be evaluated for effectiveness. We will hold another public meeting to present these proposed alternatives and to receive your comments and feedback in early 2022. The Project Development and Environment Study is scheduled to be completed in the fall of 2023.

WE WANT TO HEAR FROM YOU.

We urge you to participate in this study. Please ask questions and provide comments to FDOT representatives at this meeting. There are several ways to submit your comments.

You may complete a comment sheet this evening and drop it in our comment box or take it home and mail it later to:

Question

You should use a better camera for the pictures of the exhibit. The words are blurred and some you cannot read. It would be nice to let us know what type of Managed lanes are being considered. The video was very nice, but very general. Are you considering HOV? HOT? Bus lanes? Truck Lanes? Reversible Lanes? Express Lanes? When will you have some alternatives to show the public?

Following response: Thanks Nicole. I personally like the idea of Managed lanes. Just a note; Lee County is starting a PD &E for a new road – Alico Road Extension. This road would run from SR82 and Sunshine SW to Alico Road (west section). This will take traffic off of Daniels and some traffic off of I-75 from Alico to Daniels. Not sure if it matters much.

After the previous six-laning project resulted in the removal of 40 acres of trees that seperated the rear of my home from I-75, I was left with significantly more road noise. I was told that the area I live in (low density residential) did not qualify for a noise wall. My neighbors and I are on 2 to 2.5 acre lots on the east side of I-75 (NB lanes) running from Vanderbilt Beach Road to about .75 miles south of Immokalee Road. Can our area be reevaluated for a noise wall or some type of noise abatement?

Good presentation. Far more enjoyable than driving to a public meeting.

please consider Express Lanes access points at the following interchanges and locations for the I-75 Connect (South Corridor) Project: 1. Bayshore Rd (SR 78) (Entry and Exit Point), 2. Palm Beach Blvd (SR 80) (Interchange Access Point, 3. Dr Mlk Jr Blvd (SR 82) (Interchange Access Point), 4. Colonial Blvd (SR 884) (Interchange Access Point), 5. Daniels Pkwy (Interchange Access Point), 6. Terminal Access Rd (Interchange Access Point), 7. Bonita Beach Rd (Interchange Access Point), 8. Golden Gate Pkwy (Interchange Access Point), 9. Collier Blvd (SR 951) (Entry and Exit Point).
for the I-75 Connect (South Corridor) please add either Express Lanes or HOT Lanes or Reversible Lanes and Truck Lanes as well please! this will help out of state tourists get to Naples and Ft Myers and Miami faster.

Response

We appreciate your input on the quality of the pictures in the exhibits for the I-75 South Corridor Preview. We will take another look at picture quality in the preview. We will however, revise the site to place an emphasis on the “click the image to enlarge” below the sign in section. We are still early in our evaluation of types of Managed Lanes and have not finalized any decisions at this time. Alternatives will be presented to the public at the Alternatives Public Information Meetings (one in Lee County and one in Collier County) tentatively scheduled for early 2022.

During the Project Development and Environment (PD&E) study, we will conduct a noise study to determine potential locations that may qualify for noise abatement to be built with a future construction project. FDOT follows federal and state guidelines for noise analysis to determine locations that meet the requirements for noise abatement. These areas will be assessed during future design phases to verify that they meet FDOT requirements for noise abatement and determine the final location(s), type and height of any noise abatement measures. I have attached a brochure to help better explain the overall noise study process.

We have received your comments for both the North and South Corridor. The Department will be evaluating the viability of entry and exit points to the proposed Managed Lanes at all of the interchanges within the study limits. A traffic analysis is ongoing and the location of entry and exit points will be identified and evaluated through this part of the Study. Note that access points between the general use lanes and the potential managed lanes would not be located for each interchange along the project limits. Entry and exit points to the managed lanes are sited to maximize the number of upstream or downstream service interchanges served. That is because the intent of managed lanes is to serve longer distance trips, not short duration trips extending a small number of existing interchanges. We will have a significant amount of information at the Alternatives Public Workshop tentatively scheduled for early 2022, and we will be available to answer all of your detailed technical questions at that time, once the preliminary analysis and concepts have been developed.

*Appendix D:
Notifications for June 2021
Virtual Public Outreach Meeting*

From: [McCants, Jerri](#)
Subject: I-75 South Corridor Elected Email
Date: Tuesday, May 11, 2021 2:03:19 PM
Attachments: [I-75 South VPM Postcard EMAIL.pdf](#)

Dear Elected Official:

The Florida Department of Transportation (FDOT), District One, is hosting a **Virtual Public Outreach Meeting** for the Southwest Connect™ Interstate 75 (I-75) South Corridor Master Plan from south of SR 951 (Collier Boulevard) to north of SR 78 (Bayshore Road) in Collier and Lee counties, Florida. This workshop will be held online and is available on the project website, www.SWFLInterstates.com/South-Corridor-VPM.

The meeting materials will be available for viewing for 10 days, from **June 8 – 18, 2021**. In addition, FDOT is hosting a **LIVE Question and Answer Event ONLINE from 5 – 6:30 p.m. on Tuesday, June 8, 2021**. Please visit the project website listed above to register for the virtual Q&A event. If you would like to call into the question and answer session, please dial +1 (562) 247-8422 and enter access code 937-518-510. Attendees that use the call-in option will be able to listen only and will not be able to type in questions during the meeting.

The virtual public outreach meeting materials include a virtual tour with multiple interactive stations containing video and other static displays all designed to update the public on the current status of the project and changes in its developmental direction. FDOT is mailing invitational postcards (attached) to property owners adjacent to the project and in surrounding areas.

I-75 Southwest Connect™ (South Corridor) is a capacity, safety and operational improvement project on I-75 in Collier and Lee Counties. This project is in the Planning and Feasibility Phase. FDOT will analyze the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

FDOT solicits public participation without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact Cynthia Sykes, District One Title VI Coordinator, at (863) 519-2287, or email at Cynthia.Sykes@dot.state.fl.us at least seven days prior to the public workshop.

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

If you or anyone you know does not have internet access and would like copies of this information, or if you have further questions about the project, please contact the I-75

Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: <https://www.swflinterstates.com/i75-south-corridor>.

Sincerely,

Kevin S. Ingle, P.E.

Subject: FPID 442519-1 Southwest Connect™ I-75 South Corridor Master Plan Virtual Public Outreach Meeting
Date: Tuesday, May 11, 2021 2:09:00 PM
Attachments: [I-75 South VPM Postcard EMAIL.pdf](#)

Dear Government Partner,

The Florida Department of Transportation (FDOT), District One, is hosting a **Virtual Public Outreach Meeting** for the Southwest Connect™ Interstate 75 (I-75) South Corridor Master Plan from south of SR 951 (Collier Boulevard) to north of SR 78 (Bayshore Road) in Collier and Lee counties, Florida. This workshop will be held online and is available on the project website, www.SWFLInterstates.com/South-Corridor-VPM.

The meeting materials will be available for viewing for 10 days, from **June 8 – 18, 2021**. In addition, FDOT is hosting a **LIVE Question and Answer Event ONLINE from 5:00 – 6:30 p.m. on Tuesday, June 8, 2021**. Please visit the project website listed above to register for the virtual Q&A event. If you would like to call into the question and answer session, please dial +1 (562) 247-8422 and enter access code 937-518-510. Attendees that use the call-in option will be able to listen only and will not be able to type in questions during the meeting.

The virtual public outreach meeting materials include a virtual tour with multiple interactive stations containing video and other static displays all designed to update the public on the current status of the project and changes in its developmental direction. FDOT is mailing invitational postcards (attached) to property owners adjacent to the project and in surrounding areas.

I-75 Southwest Connect™ (South Corridor) is a capacity, safety and operational improvement project on I-75 in Collier and Lee counties. This project is in the Planning and Feasibility Phase. FDOT will analyze the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

FDOT solicits public participation without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact Cynthia Sykes, District One Title VI Coordinator, at (863) 519-2287, or email at Cynthia.Sykes@dot.state.fl.us at least seven days prior to the public workshop.

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

If you or anyone you know does not have internet access and would like copies of this information, or if you have further questions about the project, please contact the I-75 Project Manager, Ms. Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. You may also visit the project website at: <https://www.swflinterstates.com/i75-south-corridor>.

Sincerely,

Nicole Harris, PE

Southwest Connect™ Project Manager

FDOT hosts I-75 Master Plan Virtual Public Outreach Meeting

Including an online, live Question and Answer Session

BARTOW, Fla. - The Florida Department of Transportation (FDOT), District One, is hosting a Virtual Public Outreach Meeting for the Southwest Connect™ Interstate 75 (I-75) South Corridor Master Plan from south of SR 951 (Collier Boulevard) to north of SR 78 (Bayshore Road) in Collier and Lee counties, Florida.

This workshop will be held online and is available on the project website, www.SWFLInterstates.com/South-Corridor-VPM. The meeting materials will be available for viewing and comment for 10 days, from June 8 – 18, 2021. In addition, FDOT is hosting a LIVE Question and Answer Event ONLINE from 5 – 6:30 p.m. on Tuesday, June 8, 2021. Please visit the project website listed above to register for the virtual event. If you would like to call into the question and answer session, please dial +1 (562) 247-8422 and enter access code 937-518-510. Attendees that use the call-in option will be able to listen only and will not be able to type in questions during the meeting.

I-75 Southwest Connect™ (South Corridor) is a capacity, safety and operational improvement project on I-75 in Collier and Lee Counties. This project is in the Planning and Feasibility Phase. FDOT will analyze the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

Workshop materials will be available online for people to review and to provide comments. These materials will be available as part of the Virtual Public Outreach Workshop which will last for 10 days, from Tuesday, June 8 through Friday, June 18, 2021. If you would like hard copy packets of the workshop materials, please contact Nicole Harris, P.E., I-75 Project Manager (GEC) by phone at (863) 519-2335 or by email at Nicole.Harris@dot.state.fl.us.

You may submit any comments or questions on the project: through the project website at www.SWFLInterstates.com/South-Corridor-VPM; by emailing the Nicole Harris, P.E., I-75 Project Manager (GEC) by email at Nicole.Harris@dot.state.fl.us; or by mailing your comments to Nicole Harris, P.E. at FDOT District One, P.O. Box 1249, Bartow, FL 33831. Comments must be received or postmarked by June 18, 2021 in order to be included in the workshop record.

FDOT solicits public participation without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or require translation services (free of charge) should contact Cynthia Sykes, FDOT District One Title VI Coordinator, by phone at (863) 519-2287, or by email at Cynthia.Sykes@dot.state.fl.us at least seven days prior to the Virtual Public Workshop. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Visit FDOT District One on www.swflroads.com, or Twitter at [@MyFDOT_SWFL](https://twitter.com/MyFDOT_SWFL), or facebook.com/MyFDOTSWFL to stay informed.

###

A Teacher Hearing Panel will begin at 10:30 a.m. or as soon thereafter as can be heard on June 9, 2021.

A Teacher Hearing Panel will begin at 1:30 p.m. or as soon thereafter as can be heard on June 9, 2021.

An All Member Training is being conducted immediately following the Teacher Hearing Panels on June 9, 2021. This training is in-person only at the location below. The below Zoom information is not applicable to this training.

A Teacher Hearing Panel will begin at 8:30 a.m. or as soon thereafter as can be heard on June 10, 2021.

PLACE: Embassy Suites by Hilton Orlando North, 225 Shorecrest Drive, Altamonte Springs, Florida 32701, (407)834-2400

AND

Zoom Meeting:
<https://zoom.us/j/93493020198?pwd=SzhaSU0vekFrZXBaehdqTOF2Q0wrzd09>

Meeting ID: 934 9302 0198, Passcode: 3h2cHR

The following conference number will only be activated if the Zoom Video Hearing needs to be terminated.

Phone Meeting: United States Toll-Free: 1(888)585-9008, Conference Room Number: 847-456-389

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Hearing Panels of the Education Practices Commission will consider final agency action in matters dealing with the disciplining of certified educators. The New Member and All Member Trainings are being held to train members of the Commission.

A copy of the agenda may be obtained by contacting: Lisa Forbess at (850)245-0455.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: Lisa Forbess at (850)245-0455. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting or hearing, he/she will need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact: Lisa Forbess at (850)245-0455.

DEPARTMENT OF TRANSPORTATION

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, June 8, 2021, 5:00 p.m. – 6:30 p.m.

PLACE: GoToWebinar: www.SWFLInterstates.com/South-Corridor-VPM

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District One, is hosting a Virtual Public Outreach Meeting for the Southwest Connect™ Interstate 75 (I-75) South Corridor Master Plan from south of SR 951 (Collier Boulevard) to north of SR 78 (Bayshore Road) in Collier and Lee counties, Florida. This workshop will be held online and is available on the project website, www.SWFLInterstates.com/South-Corridor-VPM. The meeting materials will be available for viewing and comment for 10 days, from June 8 – 18, 2021. In addition, FDOT is hosting a LIVE Question and Answer Event ONLINE from 5:00 p.m. – 6:30 p.m. on Tuesday, June 8, 2021. Please visit the project website listed above to register for the virtual event. If you would like to call into the question and answer session, please dial (562)247-8422 and enter access code 937-518-510. Attendees that use the call-in option will be able to listen only and will not be able to type in questions during the meeting.

I-75 Southwest Connect™ (South Corridor) is a capacity, safety and operational improvement project on I-75 in Collier and Lee Counties. This project is in the Planning and Feasibility Phase. FDOT will analyze the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. Project Limits: I-75 from south of Collier Boulevard (SR 951) to north of Bayshore Road (SR78)

VIRTUAL PUBLIC OUTREACH MEETING

MEETING PERIOD:

JUNE

08 THRU 18

2021

Submit your questions to project team members during a

TUESDAY,

JUNE 08, 2021

5:00 P.M. to 6:30 P.M.

Recording of session to be made available upon conclusion.

UNABLE TO JOIN US ONLINE?

If you would like to call into the question and answer session, dial +1 (562) 247-8422 and enter access code 937-518-510.

Attendees that use the call-in option will be able to listen only and will not be able to type in questions during the meeting.

For more information, visit www.SWFLinterstates.com/South-Corridor-VPM

The purpose of this public outreach meeting, is to provide important information on this project and to collect any comments attendees would like to submit into public record during its initial phase. During this meeting period attendees will be led through multiple interactive stations containing video and other static displays all designed to update the public on the current status of the project and changes in its developmental direction.

Nicole Harris, P.E. (GEC)
I-75 Project Manager, MS 1-6
Florida Department of Transportation - District One
801 N. Broadway Ave., Bartow, FL 33830

WHY IS FDOT STUDYING THIS CORRIDOR?

FDOT is studying the future needs of the corridors to efficiently plan for needed improvements that enhance mobility, reduce congestion, and improve safety.

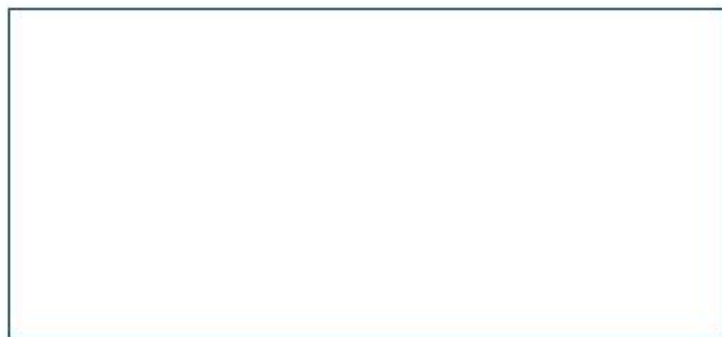

- I-75 and I-4 have experienced an increase in traffic driven by many factors including population growth, development, additional tourism and special events.
- The Planning and Feasibility phase will document current and future needs of the interstate in corridor Master Plans and provide recommended improvement priorities for implementation.

If you or anyone you know does not have access to the internet and would like copies of this information sent to them, please contact Nicole Harris, P.E., I-75 Project Manager (GEC) by phone at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us

The Florida Department of Transportation is required to comply with various non-discrimination laws and regulations including Title VI of the Civil Rights Act of 1964. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Cynthia Sykes, FDOT District One Title VI Coordinator by phone at 863-519-2287, or via email at Cynthia.Sykes@dot.state.fl.us.

Para información en español por favor comuníquese con nuestro representante, Luis Díaz al 407-710-3341. Nos interesa mucho la opinión del público sobre este proyecto.

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

PROGRAM DESCRIPTION

Florida Department of Transportation (FDOT) District One is embarking on a program that will lead to the long-term improvement of the interstate corridors in Southwest Florida. This effort will allow District One to analyze and put in place a transportation solution that meets the needs of the near term and accommodates the evolving and innovative transportation solutions of tomorrow.

Within the Southwest Connect™ program, there are currently four project corridors in the Planning and Feasibility phase. This phase is focused on identifying solutions that improve mobility and provide transportation options to support the region's economic development. These solutions are expected to help move people and goods safely and efficiently while balancing regional transportation needs with community concerns.

I-75 (South Corridor)

I-75 (Central Corridor)

I-75 (North Corridor)

I-4 Corridor

WHY IS FDOT STUDYING THESE CORRIDORS?

FDOT is studying the future needs of the corridors to efficiently plan for needed improvements that enhance mobility, reduce congestion, and improve safety.

- I-75 and I-4 have experienced an increase in traffic driven by many factors including population growth, development, additional tourism and special events.
- The Planning and Feasibility phase will document current and future needs of the interstate in corridor Master Plans and provide recommended improvement priorities for implementation.

THE PROJECT DEVELOPMENT PROCESS

We are here →

FDOT follows federal and state requirements throughout project development and works closely with governmental agencies, partners and the local communities to identify new projects and move them through the production process.

Planning and Feasibility, Project Development and Environment Study, Design, Right of Way Acquisition, and Construction are phases of production for projects.

WHAT IS A MASTER PLAN?

A Master Plan is a document that summarizes a community's vision for future transportation and provides a set of recommended improvements to enhance safety and mobility.

Development of a Master Plan involves data collection, public outreach, analysis of current and future transportation needs, and the identification and evaluation of potential projects to address those needs.

During the Planning and Feasibility phase, an analysis of the interstate system's existing and future transportation challenges is conducted, and the findings of the analysis and recommendations to enhance safety and mobility are documented in a Master Plan.

The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges.

The Master Plan will also include public outreach, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process.

This long-range approach provides a regional perspective to identify the areas where future demand is predicted and assists in defining subsequent Project Development and Environment (PD&E) Study limits for the project(s). This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

PROJECT DESCRIPTION

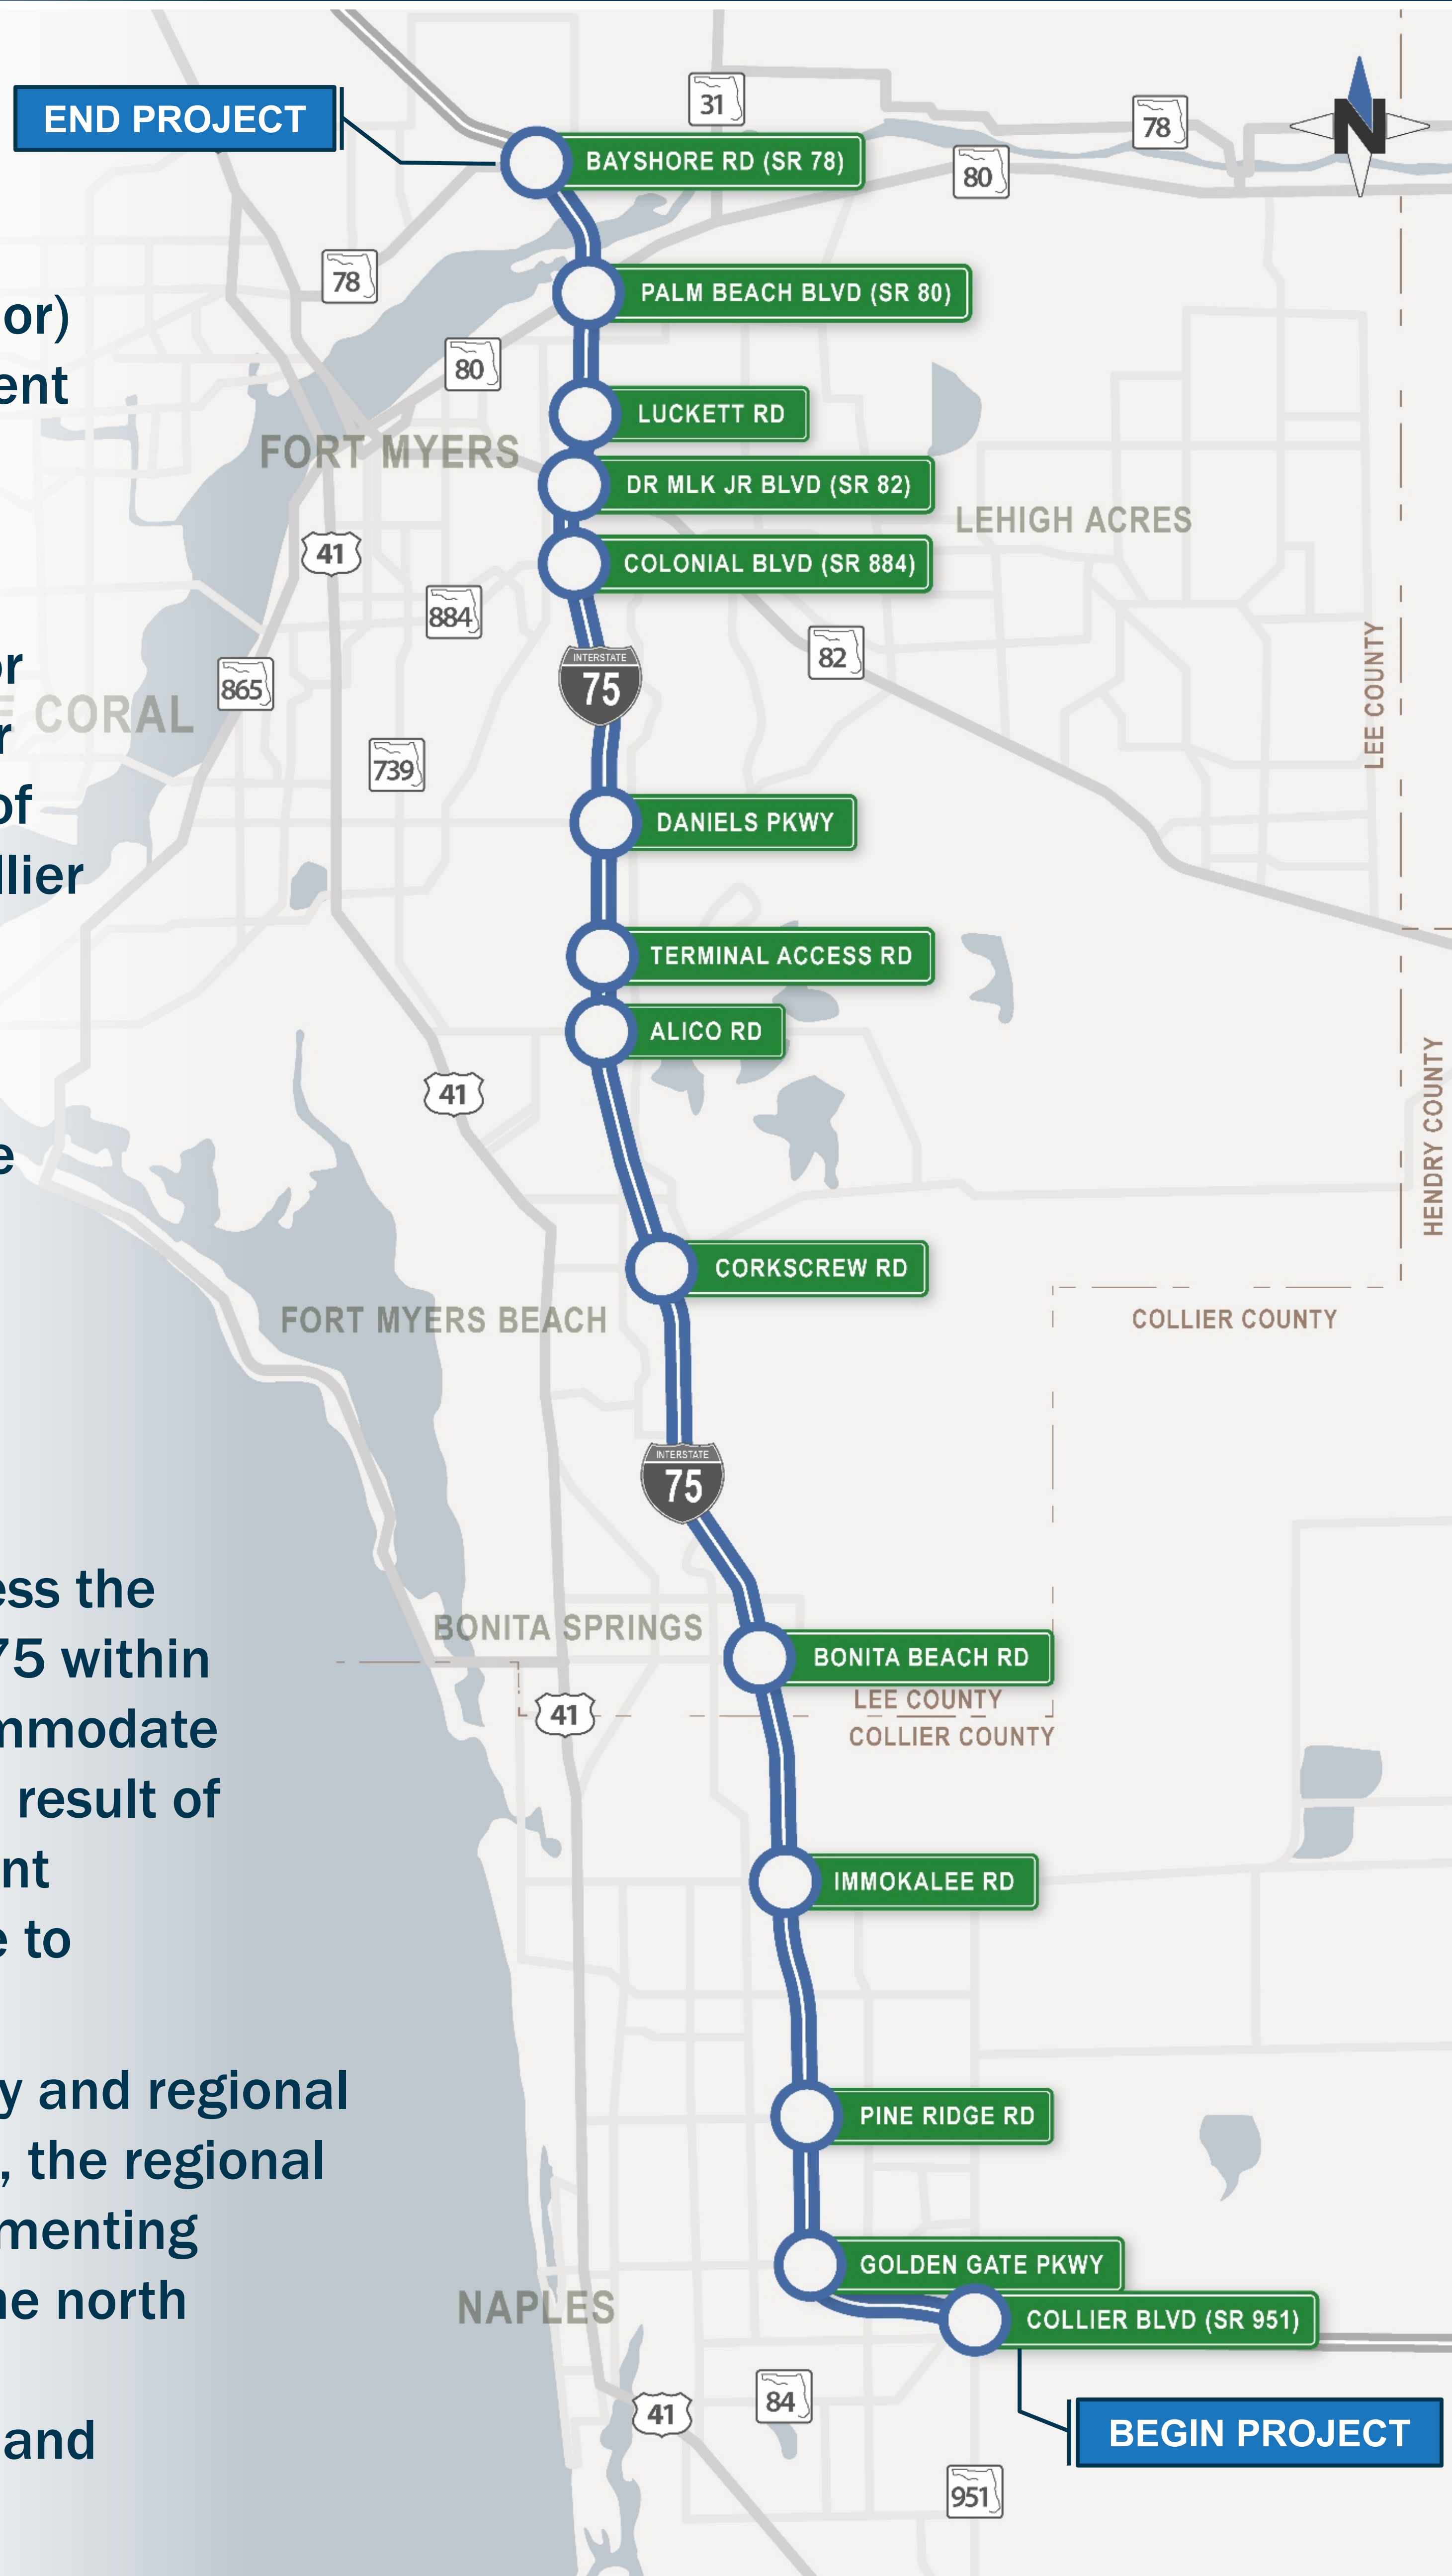

I-75 Southwest Connect (South Corridor) is a project that will evaluate the current and future needs that improve safety, operational capacity, functionality, efficiency and connectivity along and across the corridor. The South Corridor project limits are from south of Collier Boulevard (State Road 951) to north of Bayshore Road (State Road 78) in Collier and Lee Counties.

Managed lanes, collector-distributor roadways, auxiliary lanes, interchange operational improvements or new interchanges are being considered.

PURPOSE AND NEED

The purpose of this project is to address the existing operational deficiencies of I-75 within Collier and Lee Counties and to accommodate future travel demand projections as a result of forecasted population and employment growth. Other goals of the project are to

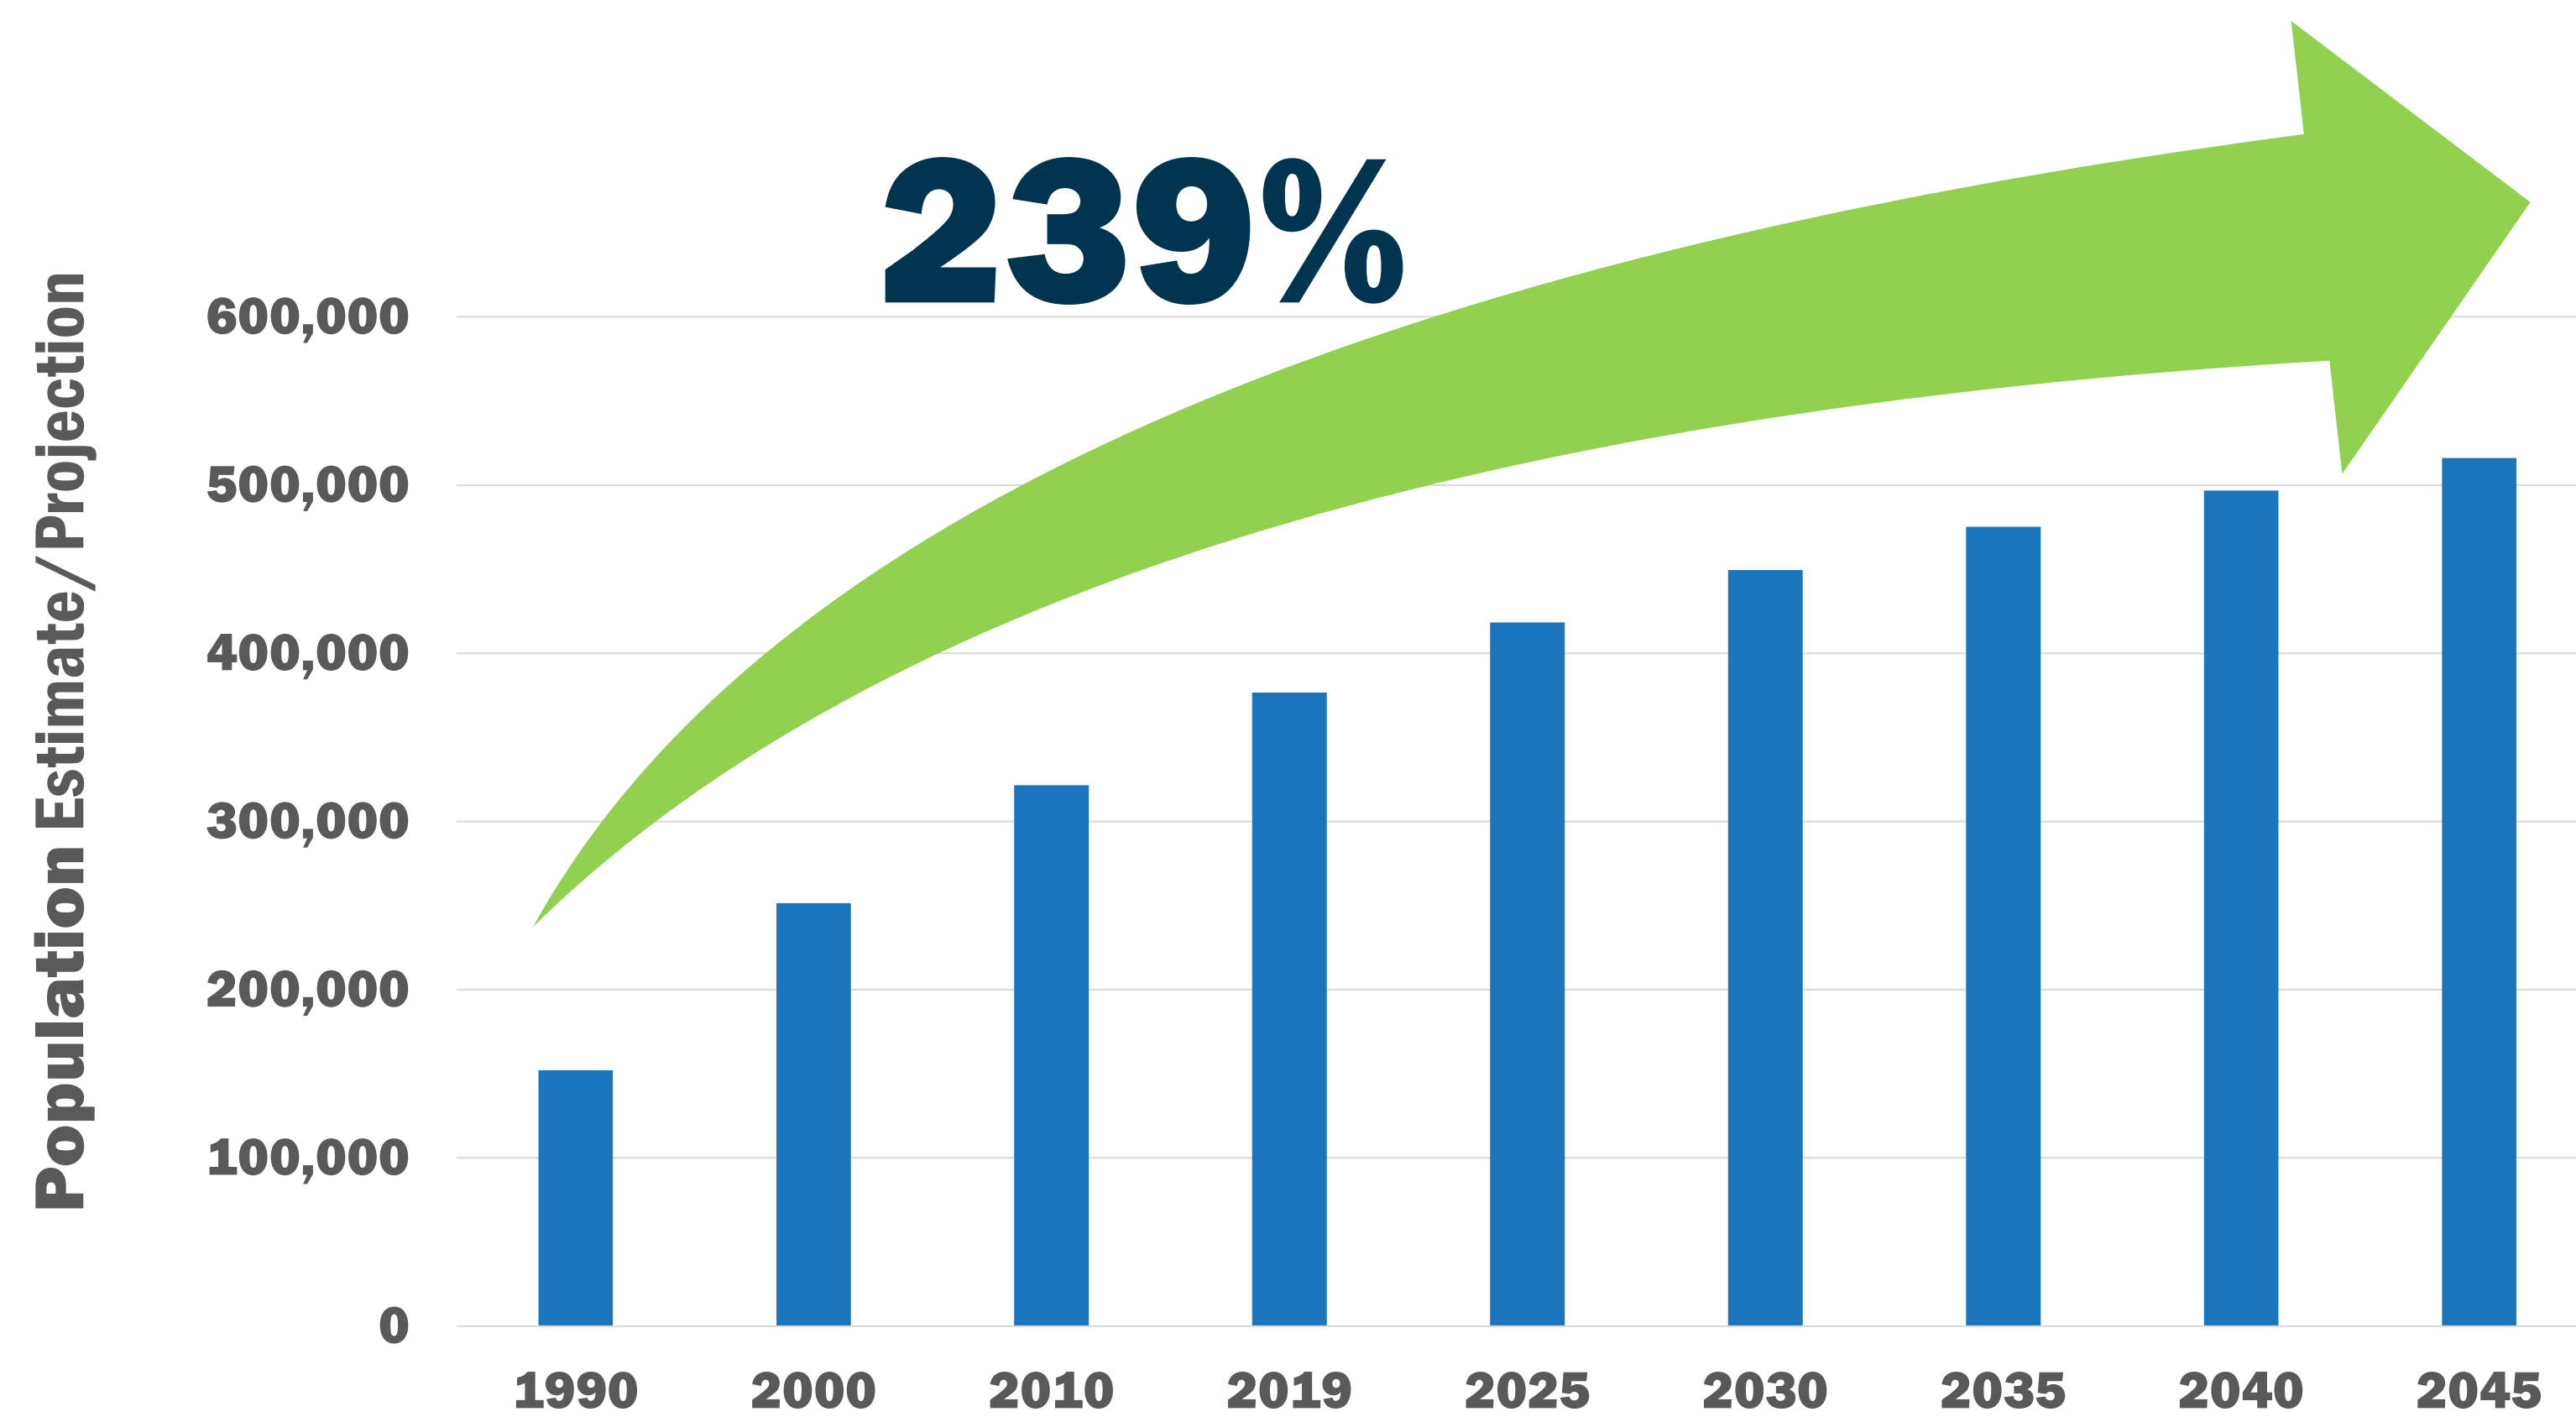

- 1) preserve the operational integrity and regional functionality of I-75 (and, therefore, the regional transportation network) by complementing similar corridor improvements to the north on I-75 and
- 2) enhance emergency evacuation and response times.

WHERE IN THE PROCESS RIGHT OF WAY

This corridor is currently in the Planning and Feasibility Phase.

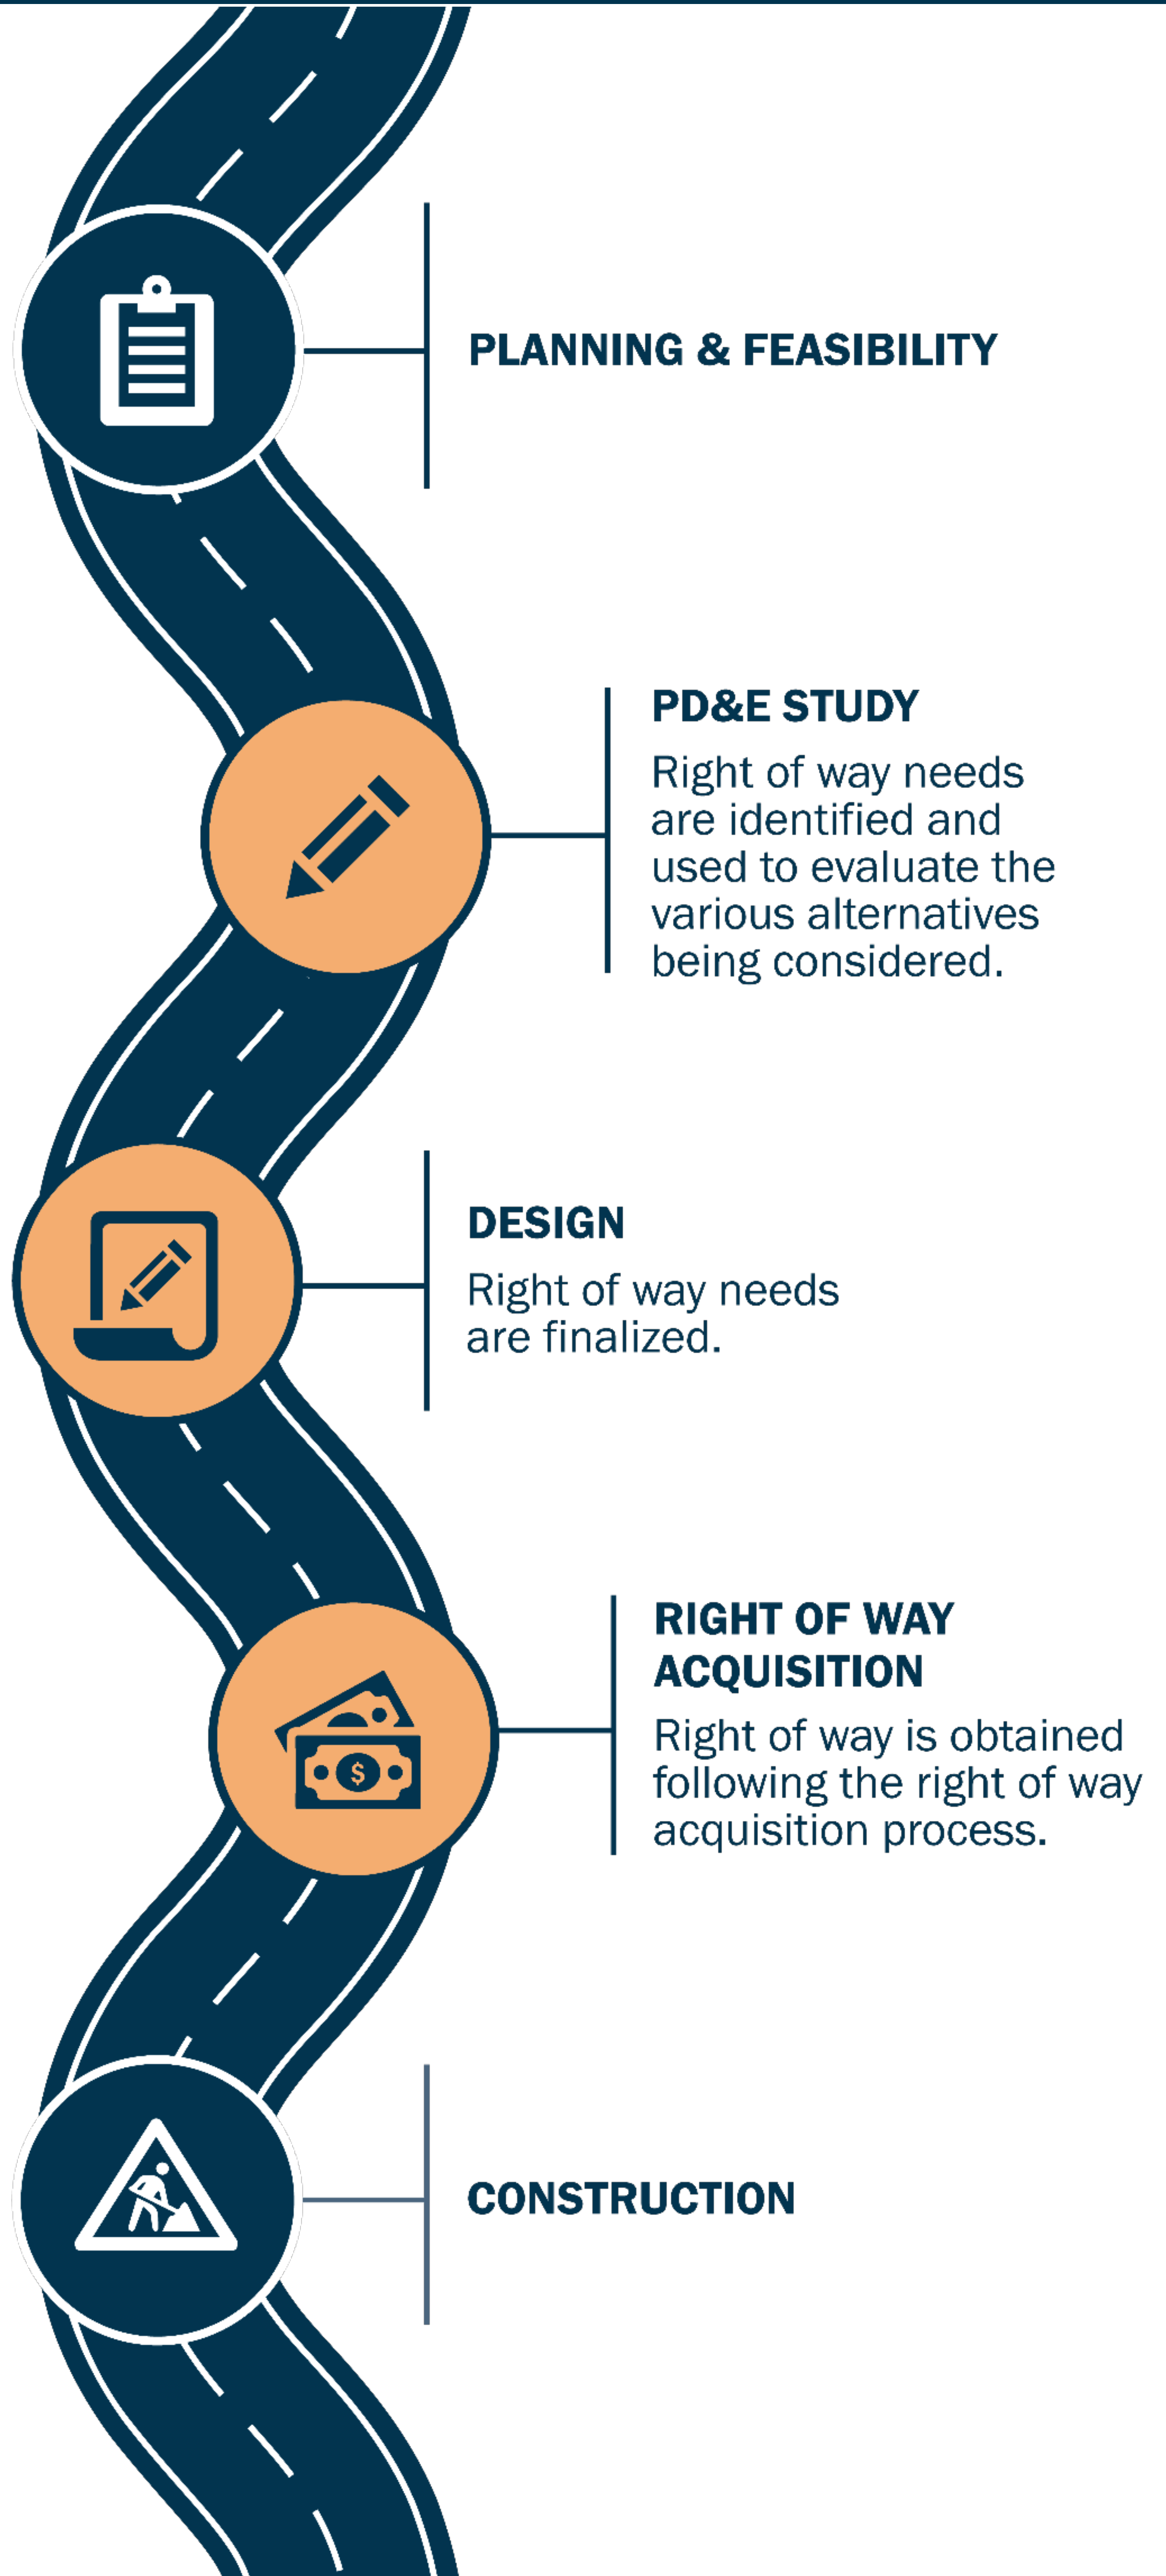

Once a project has been prioritized and funded to move to the next phase, the Project Development and Environment (PD&E) study, the Department will identify any potential right of way needs and use them in the evaluation of the various alternatives being considered.

Once the project is advanced to the Design Phase, all right of way needs are determined and finalized.

If additional land is needed to construct proposed improvements, the Department will notify property owners, explain the acquisition process, their rights and options.

FDOT's Right of Way Acquisition team has developed an informative handout with more details and information.

Click [HERE](#) to view handout.

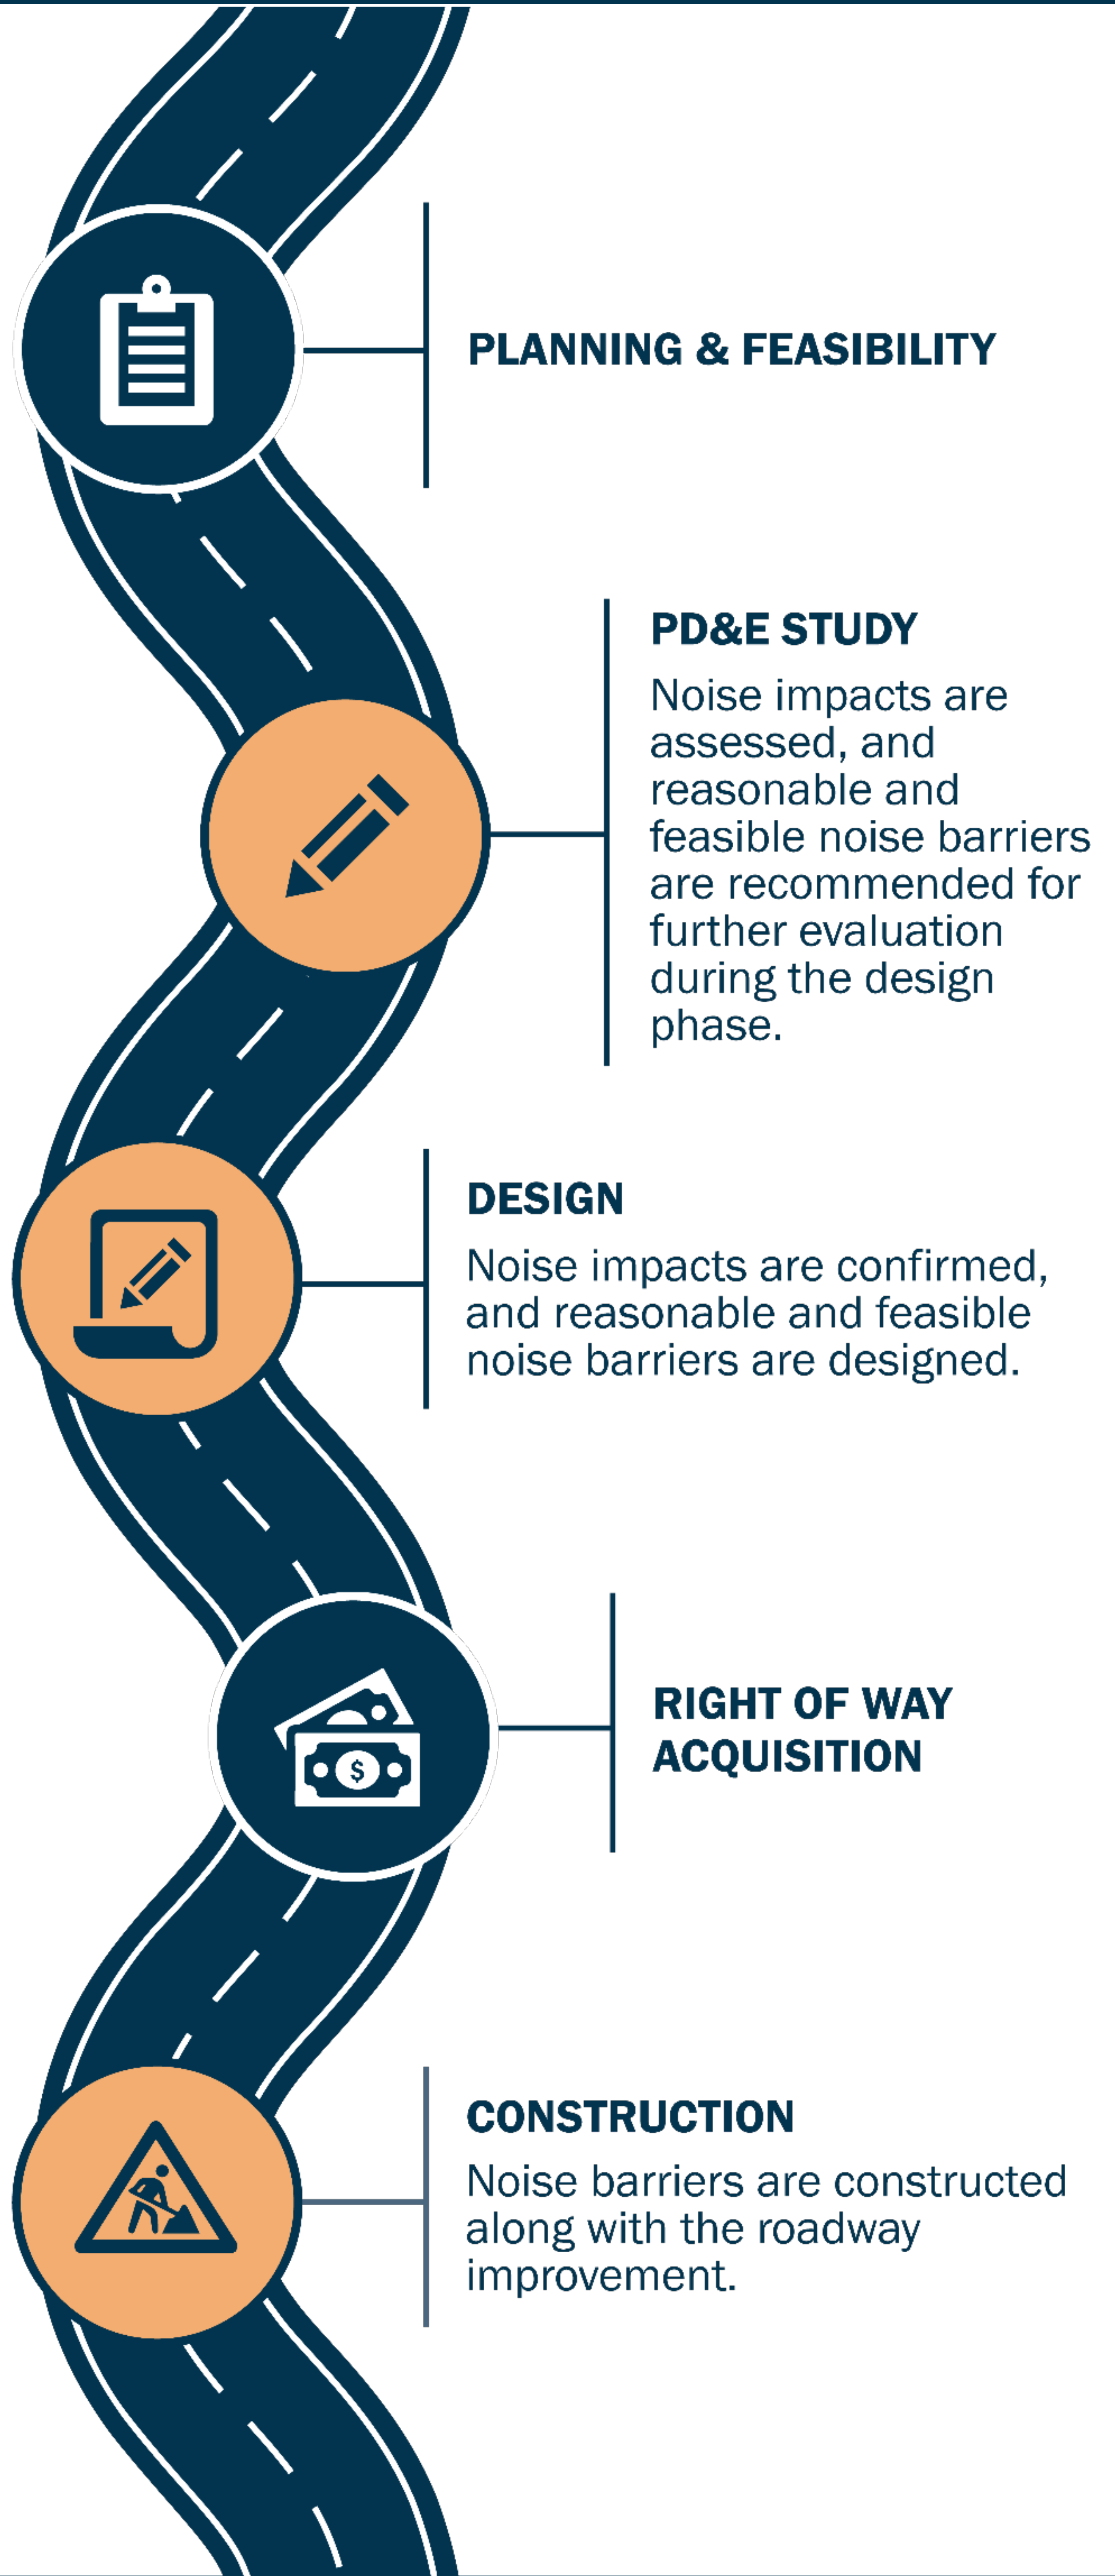

WHERE IN THE PROCESS TRAFFIC NOISE

This corridor is currently in the Planning and Feasibility phase.

Once a project has been prioritized and funded to move to the next phase, the Project Development and Environment (PD&E) study, the Department will determine traffic noise impacts and potential locations that qualify for further consideration of noise abatement measures, including traffic noise barrier walls.

Traffic noise abatement is further evaluated during the Design phase, in accordance with federal and state requirements. For areas that meet feasibility and reasonableness criteria, traffic noise barrier walls are included in the project's design plans and constructed with the roadway improvement project.

A handout detailing the Traffic Noise Evaluation Process can be found by clicking [HERE](#).

NOISE BARRIERS

WHO GETS A NOISE BARRIER?

- When traffic noise impacts are identified during a noise analysis for an FDOT construction project that substantially changes the existing conditions of the typical section (horizontal or vertical alignment, profile, number of lanes, etc.), a noise barrier for that area must be considered.
- Federal Highway Administration (FHWA) and Florida Department of Transportation (FDOT) require noise barriers to be *feasible and reasonable*.

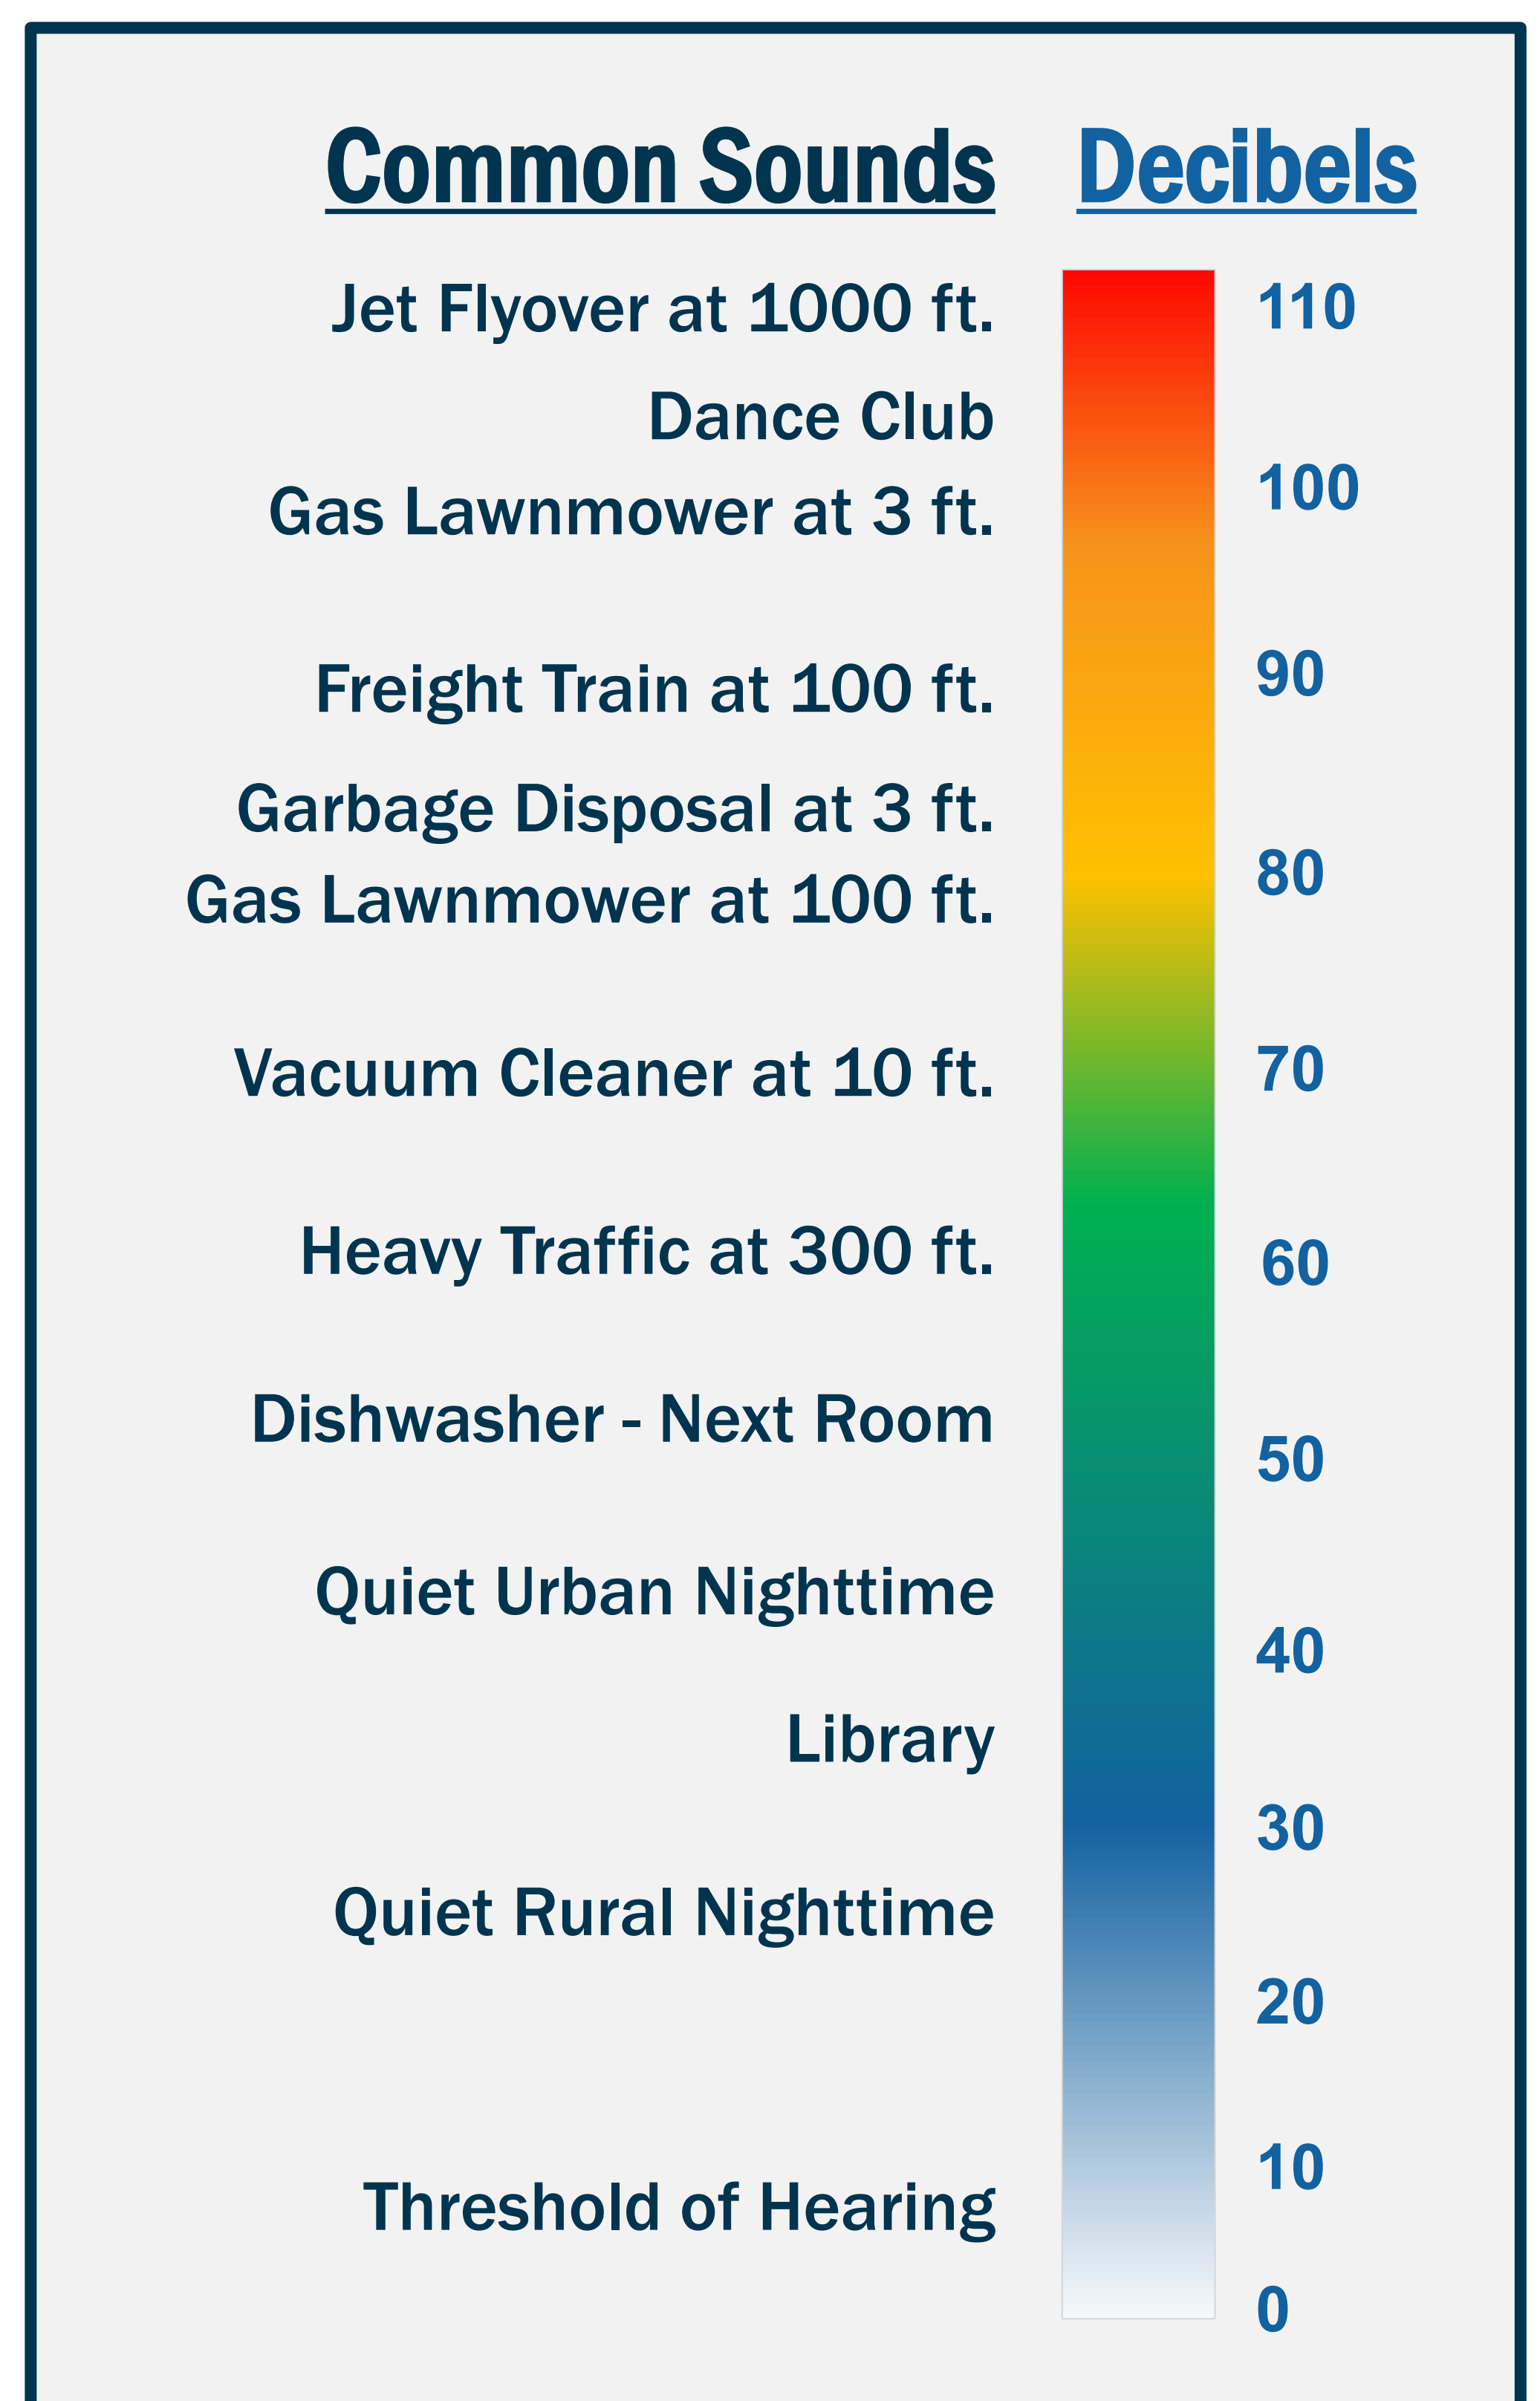

Feasible

- Can be designed and built using standard construction methods and techniques with consideration of safety factors, access, right of way, maintenance, drainage and utilities

Reasonable

- Reduces traffic noise by at least 5 dB at two or more impacted sites and by 7 dB at one site
- Cost to build the noise barrier averages \$42,000 or less per benefited receptor
- Consider the viewpoints of the benefited site owners and residents

Even if previous project(s) determined noise barriers are not feasible and reasonable, they may be feasible and reasonable in the future with the proposed improvements and noise analysis from future studies.

I-75 MASTER PLAN - VIRTUAL PUBLIC OUTREACH MEETINGS SUMMARY

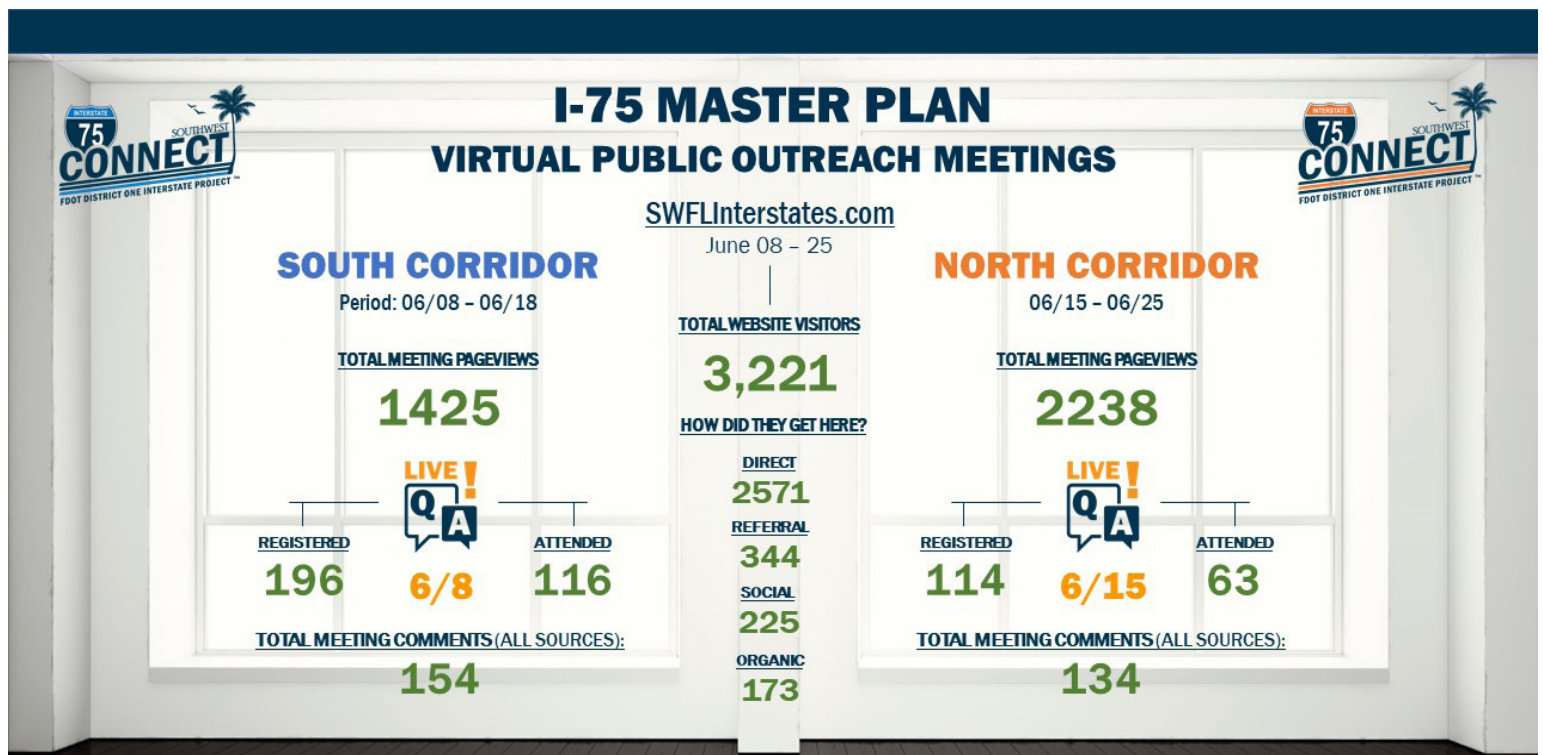

The Florida Department of Transportation (FDOT) in District One recently concluded its most recent outreach efforts for the I-75 North and South Corridor Master Plan with a pair of virtual public meetings.

Each online meeting experience provided a wide range of materials, including display boards, informative videos, traffic calculators and supportive handouts. Due to format, both meetings remained available for a period of ten days. The I-75 South Corridor from June 8 to June 18 and the I-75 North Corridor from June 15 to June 25.

On the first night of each meeting, FDOT project team members hosted a LIVE 90-minute moderated Q&A event via the GoToWebinar platform. Each event was well attended and provided attendees with the opportunity to have their questions and comments immediately addressed.

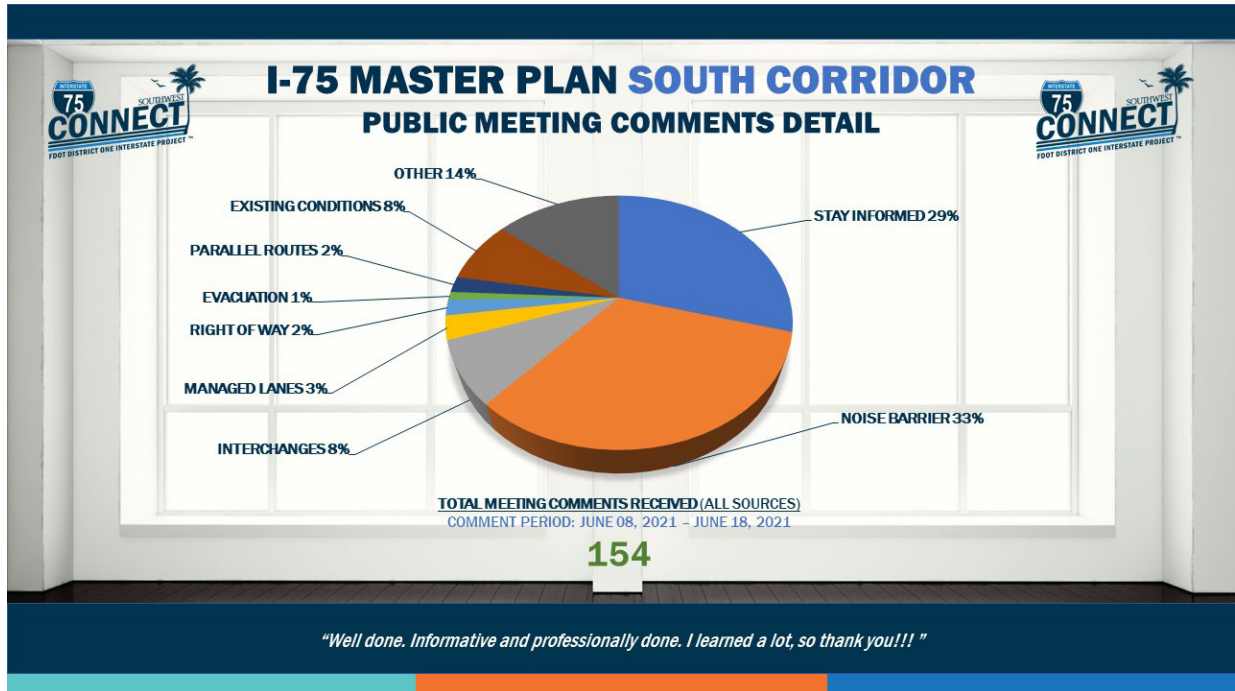

Throughout the duration of these meetings the project website (www.swflinterstates.com) welcomed more than 3,200 visitors. Approximately 180 stakeholders participated in the LIVE Q&A Events and the project team has provided nearly 290 responses to comments and questions they received from the meetings to-date.

"The entire team is to be commended for its excellent presentation. The audience learned a great deal about the process."

I-75 South Corridor Public Meeting Comments

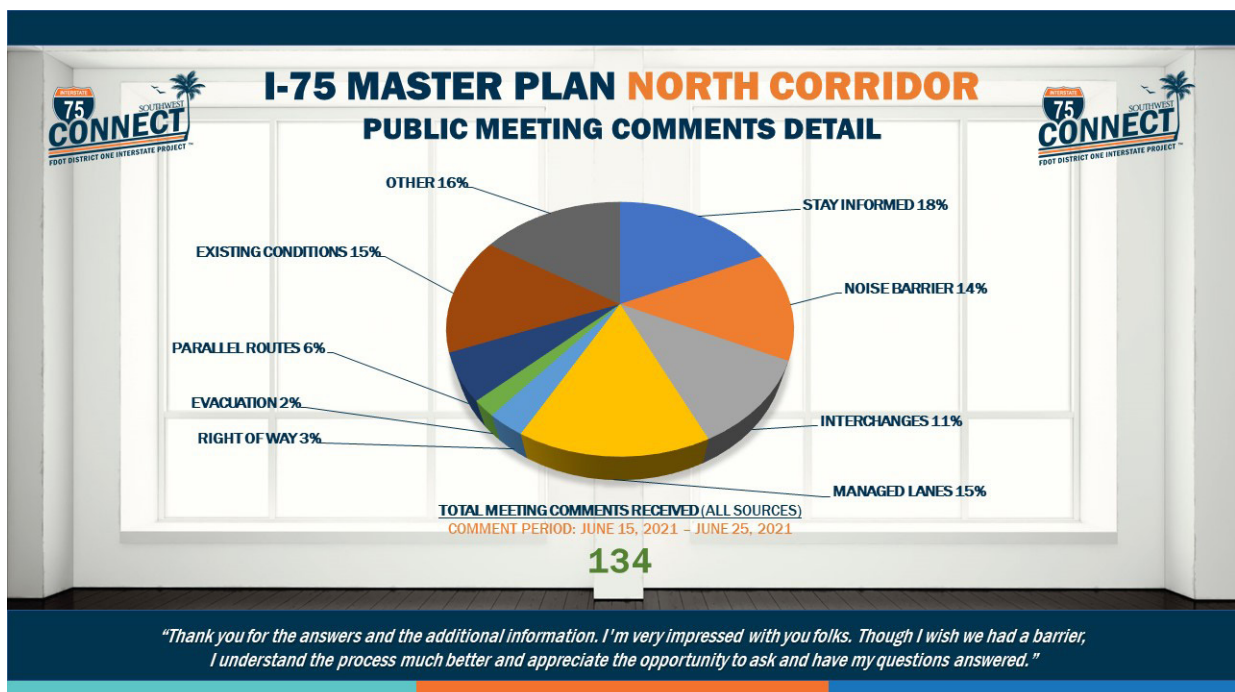

Nearly one-third of the 154 comments/questions received during this meeting's 10-day comment period expressed an interest in learning more about the potential noise impacts this project may have throughout the corridor. Other areas of interest included the addition or modification of interchanges, updates on current construction, comments on existing conditions and making sure they would receive future updates and information on the corridor's progress.

Visit www.swflinterstates.com/i75-south-corridor to view the I-75 South Corridor Master Plan Public Meeting materials.

I-75 North Corridor Public Meeting Comments

Unlike in the South, the 134 comments received during the North Corridor's comment period were more evenly distributed. Though questions regarding potential noise impacts were once again a topic of interest, information on managed lanes, potential parallel routes, existing traffic conditions and interchange configurations were of equal interest.

Visit www.swflinterstates.com/i75-north-corridor to view the I-75 North Corridor Master Plan Public Meeting materials.

Webinar Question 1

please address the FDOT plans for mitigating roadway traffic noise. Concrete noise barriers and rubberized asphalt pavements should be included as a possible solution.

Webinar Response 1

Thank you. We will answer your question as soon as we get started.

Please review the noise study process in detail for us. I am from Quail West in Naples and there are many people interested in a noise barrier. Thanks, Jim Aylward

Thank you for your question. We will discuss as soon as we get started.

what about roads that are access road to i75 will those be looked at?

Hi there. What is the relationship of this project to others located at specific exits, e.g., the exit 101 project to create the Davis Blvd. fly-over and new ramps to/from Collier Blvd.

Good evening, the Conservancy of Southwest Florida submitted a comment letter in September 2020 with a focus on wildlife. We shared that there are spots along this roadway that are roadkill hotspots for the endangered Florida panther. We would like to know what wildlife avoidance/minimization/mitigation measures are being contemplated with this project? Is FDOT considering panther fencing in Lee County where there are panther roadkill hot spots? Thank you

With respect to noise abatement, are decision makers influenced on any level by petitions? Or will the data simply speak for itself?

It's difficult to understand why this project is taking so long. Are you referring to a specific construction project? or this planning process?
What is delaying completion?

What noise control mitigation efforts are being considered for residential communities along I75, specifically Quail West in Collier County, as it is my understanding that it is one of the only residential communities in Collier County without a sound-deafening wall.

Of the 42 miles how will construction progress? Simultaneously with all interchanges or one interchange at a time?

Please mention enforcement of commercial vehicle debris ejected on the highway...thank you.

Who decides where the noise receptors are going to be located?

What constitutes the road noise determination. Of 66 decibels? Is it consistent 66 decibels, or Is it a certain number of events per hour? We are south of Bonita Beach Rd. In a single family home in Quail West with no wall and very concerned

How can the public lobby for noise reduction surfacing

Can you specifically address the design of the Collier 951 design?

What is the projected plan for the water system, flow & quality of the Kehl canal along with the preserve area off E.Terry ?

I live in Quail West in Naples & my street abuts I-75 & currently the noise from traffic on the highway is nearly unbearable & affects my quality of life & depreciates the value of my home. Will there be a sound barrier constructed along the portion that abuts Quail West?

Did we answer your question?

Quail West does not have currently have any noise barrier. There is a high volume of noise already coming from the traffic. With the added lanes on I-75, we would hope a noise barrier would be constructed. We understand how you measure current noise, but how do you measure future noise of the additional traffic lanes?

Thank you. Well done.

many bridges (concrete to asphalt) are in need of repair NOW. Not in the next 2 years.

The current surface condition has been noted as an issue in producing more traffic noise. The resurfacing is programmed for FY 23/24. There are sections out there where the top asphalt layer has been torn off.

The Southwest Florida International Airport is a significant traffic generator along this corridor, which is experiencing continued growth. How will this master plan analyze the access to this regional asset?

What are you going to do about the increased noise pollution

Thank you for your question. We will discuss as soon as we get started.

What happened to constructing a roadway through the middle of the state? I heard it just said I75 can not be rerouted. Why can't we build through the center of the state?

I live in Quail West in Naples. We are one of the very few to not have a barrier sound wall. the noise from the current highway is incredibly disruptive -- I even think my health is affected because of sleep interruptions from road noise. Can a barrier wall be erected at Quail West in Naples?

Did we answer your question?

What is the estimated timing of when noise barriers will be complete?

Who constructs and owns the multiple, intermittent sound barriers along I-75?

As population continues to rise in Collier County, in particular Golden Gate Estates, are there any plans to turn the Everglades Blvd South & I-75 access way into an interchange or public exit?

Webinar Question 2

Would the noise study be continuously monitored throughout the day and also during different times of the year?

Webinar Response 2

I am confused. The noise is already very loud. So are you looking at incremental noise only?

will the fly over area, be considered for noise abatement studies

Can you expand on what you mean by flyover area?

Thx for response - one more. What impact will DeSantis's proposed new highway through Polk/Glades/Lee/Collier counties have on the I-75 project. Or vice versa.

Just for clarification, do I need to resubmit my prior comments during this comment period? Thank you

If you want them to be a part of the comments for the public meeting, please do. I have what you wrote in here, but this is more of a discussion.

Has there been any consideration given to using the center median as an HOV express lane?

Do you involve the Design/Builder in the cost estimates?

Can you discuss I-75 and Bonita Beach Rd.?

Will a transit / rail corridor be analyzed through this process?

The new bright line train in Orlando utilizes the SR 408 corridor right of way to the east coast.

I will ask as soon as I can jump back in.

When will the master plan be completed? Will there be more hearings at that time?

That noise modeling theory does not make sense. It is an after thought not a model. You can measure the model from my bedroom right now!

The decibel ratings on screen are helpful; however, all of the comparisons to heavy traffic at 300 feet are things that can be scheduled or avoided. The traffic is non-stop.

Did we answer your question?

What locations are evaluated for the noise? In communities or road size?

Did we answer your question?

With the ongoing major interchange construction at Exit 123/Corkscrew Road, I-75 south and north has gotten chopped up by the heavy construction vehicles. Is there a plan to repave these construction affected sections as part of ongoing maintenance, independent of the Master Plan?

In addition to Colonial inter change, could they please touch on I-75 and Everglades Blvd S interchange?

Webinar Question 3

I just want to thank all of you with FDOT for today's well done virtual public meeting.

could you give an overview of what the project is all about? Adding lanes, bigger exits, etc? The overview given was too vague.

Webinar Response 3

when is the flyover expected to be started

Quail West is the only community with NO sound wall, and our residents are concerned

Will the slide presentation be available online after this meeting?

<https://www.swflinterstates.com/i75-south-corridor/>

It comes back to the noise because 75 needs to be rerouted away from our homes. It sounds like DOT has made a decision. Will our homeowners need to hire an attorney. What will be that process? I actually see traffic on 75 and we will not have a wall because of the structure

If you want to provide me with your address I will have someone get with you directly.

Not quite yet but I think this is the overwhelming issue

Where can we find the pdf slides/thumbnails used in this presentation?

<https://www.swflinterstates.com/i75-south-corridor/>

Webinar Question 4

Webinar Response 4

also, when do you expect the noise studies to begin between Exits 111 and 116

I am looking at the timefrme for the 951 Flyover

What about prioritizing the neighborhoods and THEN the traffic patterns. This sound like road engineers and not public concerns! Please remember we have all been through this with the prior build.

But the road noise is never-ending. Comparing it to a garbage disposal is frankly meaningless. It can turn off a garbage disposal.

As the Master Plan process continues, how can we SWFL residents stay informed of ongoing progress, problems and future public-is-invited meetings? Please sign up for the mailing list at:
<https://www.swflinterstates.com/i75-south-corridor/>

Webinar Question 5

Webinar Response 5

is the current Estero exit construction part of your project?

Is this presentation printable, the print icon doesn't seem to be active
All of the slides are available on the project website at
<https://www.swflinterstates.com/i75-south-corridor/>

Not yet -- I think the comparisons are interesting but all of the comparisons can be turned off and on or are very infrequent (freight train).

Webinar Question 6

Webinar Response 6

do you have an estimate for total construction costs for the 75 project?

trying to download boards all it says drag downlard isn't active if you provide me your email I will send them to you.

Should the noise studies be conducted during "season?"
Definitely different in August vs. February.

Webinar Question 7

Webinar Response 7

wild question. How can we get a noise wall built ASAP, perhaps not part of your masterplan project?

Webinar Question 8

Webinar Response 8

thank you for all of your information. Sounds like you all have this concept under control. We are in good hands. Just don't forget about our Quail West sound barrier wall! ;)

Thank you!

Rich Butala	rbutala@wrallp.com			6/14/2021 9:16	
Brenda Vasco	brevas19@hotmail.com	We live in the Stoneybrook community of Estero FL. The back of our home is facing the north bound lanes of I-75. With the new lighting that was recently installed it is now extremely bright and therefore is very disruptive while trying to sleep. Which is causing a multitude of problems. We currently had to attach blankets to cover the windows to block the light coming in (still not enough). Our family and neighbors are still not able to get a nights rest with the excessive light filtering in. It is bright enough for a stadium! Something needs to be done, I see no need for the lights to be that bright or that tall to where it goes over the wall barrier and shines directly into all of our backyards and homes making it impossible to get sleep!	Yes, please have a representative contact me with a response.	6/10/2021 19:54	<p>RESPONSE BY NICOLE HARRIS 06/17/2021 15:21</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan Study. The Florida Department of Transportation (FDOT) – District One and the entire Southwest Connect™ Interstate Program team appreciates you taking the time to visit the website and/or contact us directly to provide us with your comment(s). Your input is important to us. Please know that your comment has been received and has been entered into public record.</p> <p>I am sending your comment on to our Maintenance Department to see if they can assist with your concerns.</p> <p>As additional comments and/or questions arise, you can direct them to project team members by visiting https://www.swflinterstates.com/contact-us/. Select your project corridor of interest on the form and a project team member will be notified.</p> <p>Thank you once again for your interest and input. We look forward to working with you on this project moving forward.</p>
Nicole Harris	nicole22harris@gmail.com			6/10/2021 9:12	
Danaelle Blue	traceyblue0@gmail.com	We need noise barriers to decrease the horrible I75 traffic sounds in preexisting residential areas..	Yes, please have a representative contact me with a response.	6/9/2021 23:03	<p>RESPONSE BY NICOLE HARRIS 06/10/2021 11:25</p> <p>Thank you for your interest in learning more about Southwest Connect™, a Florida Department of Transportation (FDOT) – District One Interstate Program.</p> <p>The current Master Planning Study is evaluating improvements to I-75 from south of Collier Boulevard (SR 951) in Collier County to north of Bayshore Road (SR 78) in Lee County, a distance of approximately 42 miles. We are currently in the traffic analysis phase of the study, so we have not yet determined the potential number of lanes to be added in each direction. Improvements to the corridor being considered by the study include widening, managed lanes, modifying existing interchanges, and evaluating requests for new interchanges.</p> <p>Following the current Master Plan study of I-75 in Collier and Lee Counties, the entire project corridor will be divided into smaller segments based on priorities. Each of these smaller segments will then be subject to a more detailed Project Development and Environment (PD&E) Study. It is during the PD&E Study that a preliminary noise analysis will be conducted, the need for potential noise abatement evaluated, and the findings shared with the public. During the next phase of project development, which is design, the noise analysis is revisited to confirm the feasibility and reasonableness of any proposed noise abatement measures. If any proposed noise abatement measures, such as noise barriers, are determined to be reasonable and feasible, they will be included in the funding for the design and construction of the project.</p> <p>Keep in mind for the upcoming months to come that our website www.swflinterstates.com is the online resource and will always include the most up-to-date information.</p>

Nancy Luce	lucblackhole@aol.com			6/9/2021 16:46	
Sebastian Weber	sebastianweber@gmail.com	<p>From many studies it is shown that wider and more lanes are just leading to more traffic over the long-term. More road space = More traffic. What is being done of reducing / diverging traffic away of i75? (Carpooling lanes, Toll Express lanes, Public transportation)</p> <p>In the South Corridor Between Fort Myers and Naples there are exactly two roads going North - South - US41 and i75. What about a few more parallel roads? When i75 is blocked - you have no chance of getting anywhere south or north. We need alternative routes.</p> <p>Could we plant the Median with a some dense trees? When you got an accident at the other side people are looking and causing slowdown and more crashes in the opposite direction. There is no reason to see the alternative travel direction from the other side. Native trees are very cheap compared with cleaning up more crashes. Further no mowing. Further it's good for the scenic view and also reduce emissions.</p>	Yes, please have a representative contact me with a response.	6/9/2021 8:59	<p>RESPONSE BY NICOLE HARRIS - 07/20/2021</p> <p>The Florida Department of Transportation (FDOT) – District One and the entire Southwest Connect™ Interstate Program team appreciates you taking the time to provide us with your comment(s). Your input is important to us and your comment has been received and entered into this corridor's public record.</p> <p>The South Corridor Master Plan is not evaluating parallel routes as part of this study but we will include landscaping design as smaller projects progress through the Project Development process. Keep in mind for the upcoming months to come that our website www.swflinterstates.com is the online resource and will always include the most up-to-date information.</p> <p>Thank you again for your interest.</p>
Jim Shaw	jshaw75334@comcast.net	<p>We built our home in Cedar Hammock Golf & Country Club in 2002. We retired from corporate life in noisy, big cities like Chicago and Atlanta to name a few. Spent an entire corporate career planning our retirement to a much more quiet area. Therefore, we chose Naples, FL. During these past 19 years, Collier Blvd. has gotten louder each year. (Our home is approximately 800 feet away from Collier Blvd). Originally, when we moved it it was a 4 lane road. Some years ago, they widened it into a 6 lane road. After we moved in a Walmart was built adjacent to our north boundary and a stop light was installed. Since then we get to hear the thousands of 18 wheelers go through all of their gears as they pick up speed when the red light turns green for them. Does anyone in your department have any idea how many contractor trucks come from Cape Coral/Ft Myers area to service their customers in Naples and Marco Island. I'm guessing the number would be astounding! Not to mention, the thousands of dump trucks that go up/down Collier Blvd. due to all the new construction. Many of these dump trucks have mufflers that are completely burned out; therefore, their noise level is unbelievable. Why do 18 wheeler and dump truck drivers like</p>	Yes, please have a representative contact me with a response.	6/9/2021 7:29	<p>RESPONSE BY NICOLE HARRIS - 07/09/2021 17:21</p> <p>Mr. Shaw,</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plans. The Florida Department of Transportation (FDOT) – District One and the entire Southwest Connect™ Interstate Program team appreciates you taking the time to visit the website and/or contact us directly to provide us with your comment(s). Your input is important to us. Please know that your comment has been received and has been entered into public record.</p> <p>You asked a question about traffic counts at this intersection. Currently, between 4,000 to 5,000 vehicles per hour pass through the intersection of Davis Boulevard and Collier Boulevard during the morning and afternoon peak hours. These volumes will not change substantially over the next five years. However, when we forecast traffic out to the year 2045, traffic volumes through this intersection may increase to over 6,000 vehicles per hour during the morning and afternoon peak hours. Improvements are envisioned in the near future to help carry traffic to and from I-75 and potentially over Davis Boulevard.</p> <p>Thank you once again for your interest and input. We look forward to working with you on this project moving forward.</p>
Jackson Hurst	phostlightmater@yahoo.com	<p>FDOT needs to add Managed Lanes to 75 immediately!</p>	No response necessary. Please add my comment to the record.	6/8/2021 18:56	
Jeanne Plunkett	jplunkett5701@gmail.com			6/8/2021 17:27	

Persides Zambrano	pzambbran@capecoral.net	<p>The City of Cape Coral is expected to have about 400,000 residents at built out. It was developed in the 1950 with 400 miles of canals and no direct connection to I-75. It takes a good 30 to 45 minutes to get from Cape Coral to I-75 through the Colonial corridor or Pine Island Road on a weekday.</p> <p>Hurricane evacuation is a major concern. Lee County and the City have been working for years to plan for another connection to I-75 through Del Prado Extension. The City had planning meetings with Babcock Ranch so we join forces and meet I-75 at Del Prado. Cape Coral from the east and Babcock from the west are of I-75</p> <p>I also want to share with the team that currently the MPO and the City are working on a hurricane evacuation study to assess areas of vulnerability that need to be address. We will be paying close attention of the role I-75 plays under emergencies and whether a new interchange at Del Prado would be beneficial to the safety of our residents.</p> <p>Feel free to contact me or MPO Director Don</p>	Yes, please have a representative contact me with a response.	6/8/2021 17:27	<p>RESPONSE BY NICOLE HARRIS 07/06/2021 14:56</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plans. Your input is important to us. Please know that your comment has been received and has been entered into public record.</p> <p>Thank you once again for your interest and input. We look forward to working with you on this project moving forward</p>	
Anastasia Cibula-Chew	stazicib@gmail.com	<p>We would like to know if we are going to be getting barrier walls in between 75 and our homes. It is busier and noisier every day and if the interstate is widened it will be even worse in our area. The highway is disruptive and we need a barrier from the sound and for our neighborhoods safety.</p>	Yes, please have a representative contact me with a response.	6/8/2021 13:29	<p>RESPONSE BY NICOLE HARRIS - 06/08/2021 17:56</p> <p>The Florida Department of Transportation (FDOT) is in the process of developing a Master Plan for the long-term improvements to the I-75 Corridor, throughout Collier and Lee Counties. The Master Plan is evaluating the traffic needs and identifying the systemwide improvements that would allow the FDOT to meet the future needs, including accounting for traffic growth forecast through the year 2045.</p> <p>Following the current South Corridor Master Plan, the entire project corridor will be divided into smaller segments based on priorities. Each of these smaller segments will then be subject to a more detailed Project Development and Environment (PD&E) Study. It is during this PD&E Study that a preliminary noise analysis will be conducted, the need for potential noise abatement evaluated, and the findings shared with the public. During the next phase of project development, which is design, the noise analysis is revisited to confirm the feasibility and reasonableness of any proposed noise abatement measures. If any proposed noise abatement measures, such as noise barriers, are determined to be reasonable and feasible, they will be included in the funding for the design and construction of the project.</p> <p>Keep in mind, for the upcoming months to come that our website www.swflinterstates.com is the online resource and will always include the most up-to-date information.</p>	
Dan Ribaraovic	angiodan@comcast.net	<p>As development grows in N. Fort Myers, I believe a Slater Road interchange would help with local traffic and time.</p>	No response necessary. Please add my comment to the	6/8/2021 14:11		

Michele Snyder	micheleleelm@gmail.com	<p>Hello.</p> <p>I live at 9591 Roundstone Circle, Ft. Myers, FL 33967 inside Timberwalk townhome community (Lee County). I live in the very back unit closest to the I-75 South on-ramp from Alico road. Do you know yet if you are planning to widen this area and/or if it is going to affect my property? I honestly believe that my house sits closer to the highway than any from here to Collier County.</p> <p>I am so close to the highway now, I could not imagine being able to be any closer.</p> <p>Thank you for your information.</p> <p>Michele Snyder</p>	Yes, please have a representative contact me with a response.	6/8/2021 13:29	<p>RESPONSE BY NICOLE HARRIS 06/08/2021 14:05</p> <p>Thank you for your interest in learning more about Southwest Connect™, a Florida Department of Transportation (FDOT) – District One Interstate Program.</p> <p>The current Master Planning Study is evaluating improvements to I-75 from south of Collier Boulevard (SR 951) in Collier County to north of Bayshore Road (SR 78) in Lee County, a distance of approximately 42 miles. We are currently in the traffic analysis phase of the study, so we have not yet determined the potential number of lanes to be added in each direction. Improvements to the corridor being considered by the study include widening, managed lanes, modifying existing interchanges, and evaluating requests for new interchanges.</p> <p>Following the current Master Plan study of I-75 in Collier and Lee Counties, the entire project corridor will be divided into smaller segments based on priorities. Each of these smaller segments will then be subject to a more detailed Project Development and Environment (PD&E) Study. It is during the PD&E Study that a preliminary noise analysis will be conducted, the need for potential noise abatement evaluated, and the findings shared with the public. During the next phase of project development, which is design, the noise analysis is revisited to confirm the feasibility and reasonableness of any proposed noise abatement measures. If any proposed noise abatement measures, such as noise barriers, are determined to be reasonable and feasible, they will be included in the funding for the design and construction of the project.</p> <p>Keep in mind, the virtual meeting begins tonight and for the upcoming months to come that our website www.swflinterstates.com is the online resource and will</p>	<p>RESPONSE BY NICOLE HARRIS ON 06/08/2021 14:51</p> <p>Michele,</p> <p>Rereading my response to you, I see I missed a question you asked. "Do you know yet if you are planning to widen this area and/or if it is going to affect my property?"</p> <p>While it is yet to be determined if any of the ramps at this interchange will be relocated, widened or eliminated, FDOT is making every effort to keep any proposed improvements within the existing FDOT right-of-way to avoid directly impacting adjacent property owners."</p> <p>Thanks,</p>

Notifications for February 2023
Public Outreach Meetings

From: [Kubler, John](#)
Cc: [McCants, Jerri](#)
Subject: Public Meeting scheduled for Southwest Connect™ I-75 (South Corridor) Master Plan, FPID 442519-1, Collier and Lee counties
Date: Thursday, January 19, 2023 3:58:22 PM
Attachments: [image002.png](#)
[I-75 South Corridor January 2023 Newsletter - Jan2023.pdf](#)

The Florida Department of Transportation (FDOT) invites you to a public meeting for the Southwest Connect™ I-75 South Corridor Master Plan from State Route (SR) 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County. This Master Plan will lead to the long-term improvement of the interstate corridors in Southwest Florida by identifying solutions that are expected to help move people and goods safely and efficiently while balancing regional transportation needs with community concerns.

For your convenience, FDOT is providing multiple ways to participate:

ONLINE February 13-27, 2023 Materials available to review at www.SWFLInterstates.com/south-corridor-vpm	IN-PERSON OPEN HOUSE February 16, 2023 5 p.m. – 7 p.m. North Collier Regional Park, Exhibition Hall 15000 Livingston Road Naples, FL 34109
---	--

The online meeting includes a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback. The in-person open house will provide the same materials and information as the online meeting materials. Comments can be provided through the project website and questions can be answered by calling the FDOT Project Manager, Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us.

In addition, FDOT is hosting a **LIVE Question and Answer Event ONLINE beginning at 6 p.m. on Wednesday, February 15, 2023**. A registration link for the LIVE Online Q&A event can be found at www.SWFLInterstates.com/south-corridor-vpm.

While comments about the project are accepted at any time, please note that comments must be received or postmarked by Monday, February 27, 2023, to be included in the formal workshop record. A summary of the workshop comments and responses will be available on the webpage approximately 30 days following the close of the comment period.

FDOT is currently analyzing the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This project is currently in the Planning and Feasibility Phase, the beginning of the process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

FDOT is sending notices to property owners, business owners, interested persons and organizations adjacent to I-75 to provide the opportunity to give comments to FDOT regarding this project (*see the attached newsletter*). FDOT solicits public participation without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact Cynthia Sykes, District One Title VI Coordinator, at (863) 519-2287, or email at Cynthia.Sykes@dot.state.fl.us at least seven days prior to the meeting.

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

Sincerely,

John M. Kubler, P.E.

Nicole.Harris@dot.state.fl.us

WHAT IS A MASTER PLAN?

A Master Plan is a document that summarizes a community's vision for future transportation and provides a set of recommended improvements to enhance safety and mobility.

Development of a Master Plan involves data collection, public outreach, analysis of current and future transportation needs, and the identification and evaluation of potential projects to address those needs.

COLLIER, LEE

PHASE
PLANNING

The Florida Department of Transportation (FDOT) invites you to a public meeting for the Southwest Connect™ I-75 South Corridor Master Plan from State Route (SR) 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County. This Master Plan will lead to the long-term improvement of the interstate corridors in Southwest Florida by identifying solutions that are expected to help move people and goods safely and efficiently while balancing regional transportation needs with community concerns.

FDOT is currently analyzing the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This project is currently in the Planning and Feasibility Phase, the beginning of the process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

CORRIDOR LIMITS:

I-75 from south of SR 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County.

For your convenience, FDOT is providing multiple ways to participate:

AVAILABLE TO VIEW ONLINE:

Monday, February 13-27, 2023

via the project website at:

www.swflinterstates.com/i75-south-corridor/.

LIVE ONLINE EVENT:

Wednesday, February 15, 2023

6 p.m.

Register at: <https://bit.ly/I-75South>

IN-PERSON OPEN HOUSE:

Thursday, February 16, 2023

5 p.m. - 7 p.m.

North Collier Regional Park, Exhibition Hall
15000 Livingston Road, Naples, FL 34109

The online meeting includes a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback. The in-person open house will provide the same materials and information as the online meeting materials. Comments can be provided through the project website and questions can be answered by calling the FDOT Project Manager, Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. In addition, FDOT is hosting a LIVE Question and Answer Event ONLINE beginning at 6 p.m. on Wednesday, February 15, 2023. A registration link for the LIVE Online Q&A event can be found at www.SWFLInterstates.com/south-corridor-vpm.

While comments about the project are accepted at any time, please note that comments must be received or postmarked by Monday, February 27, 2023, to be included in the formal workshop record. A summary of the workshop comments and responses will be available on the webpage approximately 30 days following the close of the comment period.

The Florida Department of Transportation is required to comply with various non-discrimination laws and regulations, including Title VI of the Civil Rights Act of 1964. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Cynthia Sykes, District One Title VI Coordinator, at 863-519-2287 or by email at Cynthia.Sykes@dot.state.fl.us at least seven (7) days prior to the meeting.

Para información en español por favor comuníquese con nuestro representante, Luis Díaz al 407-710-3341. Nos interesa mucho la opinión del público sobre este proyecto.

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

NOTICE IS HEREBY GIVEN that on February 2, 2023, the Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants, received a petition for A Routine Variance for Subparagraph 3-305.11(A)(2), 2017 FDA Food Code, Section 3-305.14, 2017 FDA Food Code, Section 6-202.15, 2017 FDA Food Code, Section 6-202.16, 2017 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code, and subsection 61C-4.010(6), Florida Administrative Code from Jadeth Catering Corp. located in Hialeah. The above referenced F.A.C. addresses the requirement for proper handling and dispensing of food. They are requesting to dispense bulk time/temperature control for safety foods from an open air mobile food dispensing vehicle.

The Division of Hotels and Restaurants will accept comments concerning the Petition for 14 days from the date of publication of this notice. To be considered, comments must be received before 5:00 p.m.

Section VI

Notice of Meetings, Workshops and Public Hearings

DEPARTMENT OF TRANSPORTATION

The Florida Department of Transportation, District One announces a workshop to which all persons are invited.

DATES AND TIMES: Wednesday, February 15, 2023, 6:00 p.m. (online); Thursday, February 16, 2023 from 5:00 p.m. to 7:00 p.m. (in-person)

PLACE: Online through a computer, tablet, or mobile device (visit <https://bit.ly/I-75South> to register), or online at www.swflinterstates.com/i75-south-corridor/

In-person at North Collier Regional Park, Exhibition Hall, 15000 Livingston Road, Naples, FL 34109

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT) invites you to a public meeting for the Southwest Connect™ I-75 South Corridor Master Plan from State Route (SR) 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County. There will be a live online question and answer session

on Wednesday, February 15, 2023 at 6 p.m. and an In-Person Open House on Thursday, February 16, 2023 from 5:00 p.m. – 7:00 p.m.

The meeting materials will be available online from February 13-27, 2023 at www.swflinterstates.com/i75-south-corridor/. The online public outreach materials include a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback. The in-person open house will provide the same materials and information as the online meeting materials. Comments can be provided through the project website and questions can be answered by calling the FDOT Project Manager, Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us.

While comments about the project are accepted at any time, please note that comments must be received or postmarked by Monday, February 27, 2023, to be included in the formal workshop record. A summary of the workshop comments and responses will be available on the webpage approximately 30 days following the close of the comment period.

FDOT is currently analyzing the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This project is currently in the Planning and Feasibility Phase, the beginning of the process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

FDOT is sending notices to property owners, business owners, interested persons and organizations adjacent to I-75 to provide the opportunity to give comments to FDOT regarding this project.

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

A copy of the agenda may be obtained by contacting: Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the

agency at least 7 days before the workshop/meeting by contacting: : Cynthia Sykes, FDOT District One Title VI Coordinator by email at Cynthia.Sykes@dot.state.fl.us or by phone at (863) 519-2287. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice). For more information, you may contact: Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us.

REGIONAL PLANNING COUNCILS

Central Florida Regional Planning Council

The Heartland Regional Transportation Planning Organization (HRTPO) announces a public meeting to which all persons are invited.

DATE AND TIME: February 15, 2023, 10:00 a.m.

PLACE: CareerSource Heartland, 5901 US Highway 27 South, Suite 1, Sebring, FL

GENERAL SUBJECT MATTER TO BE CONSIDERED: Regular meeting of the Technical Advisory Committee (TAC) to the Heartland Regional Transportation Planning Organization (HRTPO)

A copy of the agenda may be obtained by contacting: Marybeth Soderstrom, Transportation Director, at 1(863)534-7130 ext. 134 or at msoderstrom@cfrpc.org.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 3 days before the workshop/meeting by contacting: Marybeth Soderstrom, Transportation Director, at 1(863)534-7130 ext. 134 or at msoderstrom@cfrpc.org. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting or hearing, he/she will need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact: Marybeth Soderstrom, Transportation Director, at 1(863)534-7130 ext. 134 or at msoderstrom@cfrpc.org.

REGIONAL PLANNING COUNCILS

Treasure Coast Regional Planning Council

The Treasure Coast Regional Planning Council announces a public meeting to which all persons are invited.

DATE AND TIME: February 23, 2023, 10:00 a.m.

PLACE: Indian River State College Chastain Campus, Wolf High-Technology Center, 2400 SE Salerno Road, Stuart, FL 34997

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Treasure Coast Local Emergency Planning Committee will hold its quarterly meeting.

A copy of the agenda may be obtained by contacting: Liz Gulick at (772)221-4060 or lgulick@tcrpc.org.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: Liz Gulick at (772)221-4060 or lgulick@tcrpc.org. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting or hearing, he/she will need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact: Liz Gulick at (772)221-4060 or lgulick@tcrpc.org.

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

The Southwest Florida Water Management District (SWFWMD) announces a public meeting to which all persons are invited.

DATE AND TIME: Tues., February 14, 2023, 1:00 p.m.

PLACE: This is a meeting conducted by means of communications media technology (CMT). Join the meeting via Microsoft Teams from our website calendar at www.WaterMatters.org.

GENERAL SUBJECT MATTER TO BE CONSIDERED: Public Supply Advisory Committee meeting: Anyone who wishes to provide public input will be able to do so by joining the meeting via Microsoft Teams. An additional telephone connection is available at 786-749-6127 and entering conference code 862-424-759#. Additional instructions regarding viewing of and participation in the meeting are available at WaterMatters.org or by calling 1-800-423-1476 and requesting assistance.

A copy of the agenda may be obtained by contacting: WaterMatters.org – Boards, Meetings & Event Calendar; 1(800)423-1476 (FL only) or (352)796-7211.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: SWFWMD Human Resources Office Chief at 1-800-423-1476 (FL only) or (352)796-7211; or email to ADACoordinator@WaterMatters.org. If you are hearing or speech impaired, please contact the agency using the Florida

**FDOT hosts Southwest Connect™ I-75 South Corridor Master Plan
Public Outreach Meeting**
*I-75 from SR 951 (Collier Boulevard) in Collier County to
SR 78 (Bayshore Road) in Lee County*

Including an In-Person Open House, Online Virtual Tour and LIVE Q&A Event

Bartow, Fla. – The Florida Department of Transportation (FDOT), District One, is hosting a Public Outreach Meeting for the Southwest Connect™ I-75 South Corridor Master Plan from SR 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County.

For convenience, FDOT is providing multiple ways to participate: at an In-Person Open House and online at the project website: www.swflinterstates.com/i75-south-corridor/

The In-Person Open House will occur Thursday, February 16, 2023, from 5 – 7 p.m. at the North Collier Regional Park, Exhibition Hall, 15000 Livingston Road, Naples, FL 34109.

The meeting materials will also be available for viewing and comment online at www.swflinterstates.com/i75-south-corridor/ from Monday, February 13 through Monday, February 27. The online public outreach meeting materials include a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback. The in-person open-house meeting will provide the same materials and information as the online meeting materials.

In addition, FDOT is hosting a LIVE Question and Answer (Q&A) Event ONLINE beginning at 6 p.m. on Wednesday, February 15, 2023. To register for the virtual Q&A event, please go to www.SWFLInterstates.com/south-corridor-vpm.

FDOT is currently analyzing the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward into the Project Development Process. This project is currently in the Planning and Feasibility Phase, the beginning of the process. PUBLIC MEETING

Southwest Connect™ I-75 South Corridor Master Plan

Financial Project ID No.: 442519-1

Collier and Lee Counties, Florida

PUBLIC MEETING NOTICE – Southwest Connect™ I-75 South Corridor Master Plan from SR 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County.

The Florida Department of Transportation (FDOT) invites you to a public meeting for the Southwest Connect™ I-75 South Corridor Master Plan from State Route SR 951 (Collier Boulevard) in Collier County to SR 78 (Bayshore Road) in Lee County. This Master Plan will lead to the long-term improvement of the interstate corridors in Southwest Florida by identifying solutions that are expected to help move people and goods safely and efficiently while balancing regional transportation needs with community concerns.

For your convenience, FDOT is providing multiple ways to participate:

AVAILABLE TO VIEW ONLINE: Visit the project website at www.swflinterstates.com/i75-south-corridor/ to view project materials from Monday, February 13 through Monday, February 27.

LIVE ONLINE EVENT: This online event will be held on Wednesday, February 15 beginning at 6 p.m. Please register at: <https://bit.ly/l-75South>.

IN-PERSON OPEN HOUSE: Attend the public meeting on Thursday, February 16, 2023, at the North Collier Regional Park, Exhibition Hall, 15000 Livingston Road, Naples, FL 34109. Visit the meeting any time between 5 and 7 p.m. to view the project video and displays, speak with project team members and submit comments or questions.

The online meeting includes a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback. The in-person open house will provide the same materials and information as the online meeting materials. Comments can be provided through the project website and questions can be answered by calling the FDOT Project Manager, Nicole Harris, P.E., at (863) 519-2335 or via e-mail at nicole.harris@dot.state.fl.us. In addition, FDOT is hosting a LIVE Question and Answer Event ONLINE beginning at 6 p.m. on Wednesday, February 15, 2023. A registration link for the LIVE Online Q&A event can be found at www.SWFLInterstates.com/south-corridor-vpm.

The Florida Department of Transportation is required to comply with various non-discrimination laws and regulations, including Title VI of the Civil Rights Act of 1964. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Cynthia Sykes, District One Title VI Coordinator, at 863-519-2287 or by email at Cynthia.Sykes@dot.state.fl.us at least seven (7) days prior to the meeting.

Para información en español por favor comuníquese con nuestro representante, Luis Díaz al 407-710-3341. Nos interesa mucho la opinión del público sobre este proyecto. The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

FDOT conducting I-75 South Corridor study to better improve highway

CLOSE

ADVERTISEMENT

Posted at 10:19 PM, Feb 16, 2023 and last updated 10:19 PM, Feb 16, 2023

COLLIER CO., Fla. — A project to help ease traffic flow and prevent congestion may be coming sooner than later to Southwest Florida.

It's called I-75 Southwest Connect, a study being done by FDOT. The study is in its preliminary stages right now, taking public feedback on how to improve the busy highway.

A project that needs some critical feedback.

"Unless we go to Tampa, maybe we get on I-75 once in a while," said one driver.

"I would never travel I-75 north this time of day if I didn't have to," said another driver.

The future of I-75 hanging in the balance of its more frequent drivers.

"They should try something because it's definitely an issue," said Carter Louks, who commutes to Naples for work. "I don't know how to fix it but I definitely see it everyday. It is a problem."

ADVERTISEMENT

A problem that looks to be solved just down the road at a town hall hosted by FDOT. It's called the I-75 Southwest Connect Project.

"This is literally the base of all of our design, this is how we start it," said Adam Rose, communications specialist with FDOT. "We can't go any further until we get really vital feedback from it."

The project looks to improve the I-75 corridor, from Collier Boulevard all the way as far north as Bayshore Road. It's in its preliminary stages getting public feedback on what's working and what's not.

"There's going to be a lot of different sections where we're looking at maybe widening, looking at shoulder use, different items to do with interchange improvements- I know we have a few items on that," said Rose.

CLOSE

ADVERTISEMENT

“That would probably be the biggest thing- maybe add another lane just to spread the cars out a little bit more,” said Donald Schoenherr, who is traveling from Ohio. “And then, I guess, just people watching what they're doing (laughs). That's a big thing, too.”

But congestion, and other problems, won't go away without feedback from you.

“Wildlife concerns, traffic noise studies, we'll start looking at core sampling,” says Rose. “It's a very wide range of studies but we really do our homework and this info is going to guide us on how to approach that next.”

Something these drivers would really like to see.

“We'll see if they do add another lane and it works, that'd be awesome,” said Louks.

And you can do your part in the study by submitting your opinion and comments to FDOT. You can learn more [online right here](#).

Q&A

Last Name	First Name	Email Address	Question # (Per Person)	Question Date/Time	Asked Question Asked	Answer Given
Aylward	Jim	jimaylward@gmail.com	1	06:08:27 PM EST	When are the noise studies going to start?	Discussed verbally
Aylward	Jim	jimaylward@gmail.com	2	06:10:36 PM EST	When is construction scheduled to start?	Discussed verbally
Aylward	Jim	jimaylward@gmail.com	3	06:16:08 PM EST	how much do noise barriers cost per linear mile? why wouldn't you install noise barriers along the entire length of the project? Any land could become buildable in the future and may need a noise barrier. It would be cheaper to do it now.	Discussed verbally
Aylward	Jim	jimaylward@gmail.com	4	06:30:20 PM EST	Is FDOT an advocate for the residents who need a noise study, or will you try whatever you can to avoid walls due to cost, etc? We need you to advocate for the taxpayers and residents of people who live near the highway. If needed, you need to get more funding to help people living near the highway.	Discussed verbally
Aylward	Jim	jimaylward@gmail.com	5	06:38:08 PM EST	Any plans for flyovers?	Please email this comment through the website or to nicole.harris@dot.state.fl.us At this time, we have developed possible options for each interchange. What we have at this time is not a recommended alternative. That step occurs during the PD&E phase of project development which follows this one. Where possible, we try to avoid flyovers at non-system interchanges as it can be difficult to find takeoff and landing spots on signalized arterial roadways. Traffic noise in the noise model is generated from 3 points: the tire / road interface at ground level, 3 feet off the ground at standard engine level for passenger cars, and 12 feet off the ground to mimic the top of the stack of trucks. although the engine on E-vehicles may be relatively silent, the model will still account for all 3 points to make a worst-case scenario.
Aylward	Jim	jimaylward@gmail.com	7	06:46:59 PM EST	do electric vehicles emit less highway noise than gas powered cars?	Discussed verbally
Bakel	Randall	rbakel@comcast.net	1	06:38:47 PM EST	Noise depends on wind direction. How is that taken into consideration?	Discussed verbally
Barrett	Gene	genebarrett@yahoo.com	1	06:30:36 PM EST	Are any new interchanges planned for any part of the southwest corridor?	Discussed verbally
Barrett	Gene	genebarrett@yahoo.com	2	06:35:53 PM EST	I hope FDOT will avoid building noise abatement walls. They don't work, and they cost a lot of money, which is a complete waste of our tax dollars. All they do is make a very few opportunities for those residents that the wall would benefit people feel good that they forced the government to build the useless wall.	FDOT is bound by the FHWA and State regulations on highway traffic noise. During the process, should a noise barrier be deemed reasonable and feasible, there are opportunities for those residents that the wall would benefit to voice their approval or disapproval of the barrier prior to it being forwarded for construction.
Barrett	Gene	genebarrett@yahoo.com	3	07:08:49 PM EST	Following up on a previous question, Florida seems to have much shorter merge lanes than some other states. Is there a strategy behind these shorter merge windows?	Discussed verbally
Barrett	Gene	genebarrett@yahoo.com	4	07:10:27 PM EST	Thank you!!	
D'Errico	Sam	sderrico-0307@comcast.net	1	06:40:44 PM EST	What if you do not agree with the noise assesment what is your recourse	Discussed verbally
D'Errico	Sam	sderrico-0307@comcast.net	2	06:43:55 PM EST	Are Managed Lanes more less express lanes and interchanges and perhaps tolls	Discussed verbally
Doyle	Joseph	naplespatriots@comcast.net	1	06:32:17 PM EST	what percentage of funding will be coming from federal gov?	Discussed verbally
Doyle	Joseph	naplespatriots@comcast.net	2	06:33:05 PM EST	Do we need Congressional approval and/or Florida legislature approval?	Discussed verbally
Doyle	Joseph	naplespatriots@comcast.net	3	06:48:23 PM EST	is there a plan to put in a connector from marker 80? put in a bypass X75 from north ft myers to ave maria to mile marker 80?	Discussed verbally
Doyle	Joseph	naplespatriots@comcast.net	4	07:06:37 PM EST	most season visitors and tourists may not hear about this project now and throughout construction. how will you communicate with them to avoid traffic snags during the construction?	FDOT utilizes media outreach often, as well as more social media platforms to reach the traveling public.
Felder	Derek	derekfelder87@gmail.com	1	06:10:16 PM EST	Where Colonial interchange area is currently under construction. This master plan takes into consideration that the being completed correct? Due to its date being >2045.	Yes. This is accounted for. For a longer answer, look at the answer for the same question re: Daniels.
Felder	Derek	derekfelder87@gmail.com	2	06:15:43 PM EST	Why on the handout does it say I75 from colonial to Palm beach blvd year of need is 2025 but on another handout i have seen for the individual sections those same areas say 2041, 2028, 2045	Updated handout the handout for this meeting is the second handout. The others are standard brochures from FDOT regarding noise the master plan handout(12292022) on these downloads seems to be wrong. the dates dont match the January 2023 document. It is also posted on the website under Feb 2023 meeting
Felder	Derek	derekfelder87@gmail.com	3	06:21:13 PM EST	i understand. the handout posted on here is NOT correct. the dates for the prosed roadway phases do NOT match the slides that have been shown.	Good evening, Derek. Are you able to provide more information related to what information is incorrect?
Felder	Derek	derekfelder87@gmail.com	4	06:38:31 PM EST		

Name	First Name	Last Name	Email	Count	Time	Message	Action
Felder	Derek		derefelder87@gmail.com	5	06:58:48 PM EST	The Mainline Projects Proposed Section of the handout dates are incorrect. the 4 areas of 2025, 2040, 2032, 2025, the slides said 2030, 2030, 2027, 2028. Thank you. We will be sure to review and address accordingly.	
Ferry	William		williamferry5@gmail.com	1	06:20:02 PM EST	Why are there managed travel lanes north and none south? How was that decision made.	Discussed verbally
Ferry	William		williamferry5@gmail.com	2	06:49:18 PM EST	Can out of state plates be banned from the managed lanes?	Discussed verbally
Fratti	Robert		bfnd76@gmail.com	1	06:09:23 PM EST	our residence is located at Mango Cay at the Strand...	Forward to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	2	06:17:05 PM EST	our residence is located at Mango Cay at the Strand. oOr location falls outside the Strand! The decibel lev/wls at our location are way beyond the acceptable levels. They have exceeded the the acceptable levels. I have secured the services of an accoustical consultant who has identified the need for a sound barrier. I am a licensed archiotect in the State of Florida. Without any modifications this has already been a noise level issue...5753 Mango Circle..thank you!	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	3	06:24:22 PM EST	Any response? I paid for the accoustical consultant's input! You are welcome to hear the decibel levels at our lanal...an invitation! Thank you, 5753 Mango Circle 34110.	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	4	06:25:47 PM EST	WE HAVE LIVED WITH THESE NOISE LEVELS SINCE 2013...THANK YOU, 5753 MANGO CIRCLE!	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	5	06:27:36 PM EST	PLEASE FEEL FREE..WOULD BE GREATLY APPRECIATED...239 631 9357 OR 305 798 7810! THANK YOU!	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	6	06:28:06 PM EST	THANK YOU!	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	7	06:33:38 PM EST	Any idea when the rep may contact me...thank you!	Probably tomorrow.
Fratti	Robert		bfnd76@gmail.com	8	06:34:34 PM EST	5753 Mango Crclre	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	9	06:37:57 PM EST	Thank you!	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	10	06:43:07 PM EST	We will be attending the in-person event at North Collier Regional Park event on Thursday...thank you, 5753 EMango Circle1	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Fratti	Robert		bfnd76@gmail.com	11	06:49:29 PM EST	As a design professional with over 50 years of experience, the planning of I-75 AND NOISE LEVELS HAVE NEVER BEEN ADDRESSED AT THE 5753 MANGO CAY LOCATION. MY CONCERN HAS BEEN ON-GOING SINCE 2013. THANK YOU!	We will be in contact.
Fratti	Robert		bfnd76@gmail.com	12	07:05:47 PM EST	We have been very understanding to-date...as we move forward we will become more critical of future decisions...I will definitely utilize my professional credentials as well as the the associated noise accoustical consultants... thank you!	Forwarded to Mike Drauer to discuss individually/and said would attend in-person
Gentile	Nicholas		nick713@gmail.com	1	06:13:52 PM EST	We are looking at providing a managed lanes system on the inside of the general purpose lanes. HOV is a type of managed lanes operation that is being considered. The management method for I-75 has not yet been finalized.	
Hudson	Rowe		nerfkey@yahoo.com	1	06:12:35 PM EST	Are there any plans for an HOV lane along the median? Is there a timeframe for completion? I realize there are still a lot of variables. thanks	Discussed verbally
Imre	David		david.imre@flamingoappliance.com	1	06:30:59 PM EST	I'm sorry I jumped on late. I travel from Ft.Myers to Naples on I-75 then back again at the end of day on US41. The biggest problem on I-75 and at many intersections is that many people do not no how to merge. A RIGHT HAND LANE SHOULD ONLY BE ALLOWED TO MERGE ON OR OFF THE ROAD OF TRAVEL.	If you would like this to be a formal comment, please send it through the website. I will bring up, but it won't be a formal comment for the record. Do you have a question in addition to this?
Imre	David		david.imre@flamingoappliance.com	2	07:01:37 PM EST	Will there be any changes to I-75 on ramps, to fix the dangers of slow traffic merging onto the highway?	Discussed verbally
Imre	David		david.imre@flamingoappliance.com	3	07:08:03 PM EST	I love this. Thank you!	
Imre	David		david.imre@flamingoappliance.com	4	07:08:36 PM EST	I should be a priority.	Discussed verbally
Imre	David		david.imre@flamingoappliance.com	5	07:09:13 PM EST	OopsIt should be a priority. Thanks.	Discussed verbally
Imre	David		david.imre@flamingoappliance.com	6	07:10:19 PM EST	Thank you. I was great to find the info on Wink news The changes to I-75 are absolutely needed, but is the effect of this project on local roads being considered (e.g., Daniels, Colonial, etc., because there are not many east-west roadways in Lee County). Is the DOT looking at ways to improve east-west traffic in Lee County to handle this additional traffic?	Discussed verbally
Khan	Asjad		akhan.fortmyers.fl@gmail.com	1	06:54:53 PM EST	Is rail or bus transit included in the modeling? Trade offs on costs, noise, land use, etc. Electric trains and modern track design could be a lot lower noise source. Thank you for the outreach.	Discussed verbally
Lewis	Teresa		t.lewis.swfl@gmail.com	1	06:33:28 PM EST	We live close to 75 in Collier between Pine Ridge and Immokalee and the road noise is already unbearable. With the influx of residents growing daily, it will only get worse. When can we expect a noise barrier to be constructed?	Discussed verbally
Matteau	Tiffany		westnestdesign@gmail.com	1	06:09:49 PM EST		Discussed verbally

Nichols	Deena	deenanichols@aol.com	1	06:11:11 PM EST	Deena Nichols Quail West we are very excited to see improvements to 75 traffic concerns. We are very concerned about what is being done to minimize traffic noise for the homes affected by the construction? TY	Discussed verbally
Parietti	Raymond	rcpariet@yahoo.com	1	06:12:46 PM EST	Will the noise analysis be conducted during seasonal traffic? I hope Alico Rd & Three Oaks Pkwy is an adjacent intersection that FDOT will look at.	Discussed verbally
Parietti	Raymond	rcpariet@yahoo.com	2	07:00:37 PM EST	Somewhat off topic, but how do we report all of the Alico (exit 128) interchange lights not working? It's so dark and dangerous at night.	Discussed verbally will contact individually
Parietti	Raymond	rcpariet@yahoo.com	3	07:08:10 PM EST		
Pugliese	Antoinette	apug07562@hotmail.com	1	06:16:59 PM EST	My concern is from I75 exit 101 Collier Blvd to Marco Island. Increase in devolpment and increase of traffic. Is there a plan to build a road off of I75 to exit close to Marco Island. Collier Blvd toward Marco Island is heavily trafficked which is slowing down the destination arrival time. Has Collier Blvd been taken into consideration for an arterial roadway or HOV?	will contact individually We will contact you directly with any info about a project in this area.
Pugliese	Antoinette	apug07562@hotmail.com	2	06:45:34 PM EST		
Pugliese	Antoinette	apug07562@hotmail.com	3	07:03:26 PM EST	Thank you.	
Rhodarmer	Karen	karenbrooke11@yahoo.com	1	06:47:13 PM EST	I own land that borders 75 currently will they take any of that and if so will i be reimbursed for it?	Discussed verbally
Ricard	Dana	danaricard@gmail.com	1	06:30:11 PM EST	How will passage be handled during construction phases, particularly in North Naples, Pine Ridge area? Traffic is already heavy at peak times--any specific workarounds during construction to alleviate worse traffic situations?	Discussed verbally
Ryder	Eric	eric@policastrorlaw.com	1	06:08:08 PM EST	The draft Master Plan refers to a proposed displaced left diamond configuration for the Palm Beach Boulevard interchange, but this future condition does not appear to be reflected in the concept graphics included with the draft Master Plan. When are graphics depicting the proposed displaced left diamond interchange expected to be available? Also, Corkscrew Road has a much longer transition onto the Interstate.	Discussed verbally
Scott	Donald	dscott@leempo.com	1	07:08:20 PM EST	My understanding is electric vehicles weigh 20%/400 pounds (on average) more than a gasoline/vehicle. What effect if any does this have on new road construction such as this project?	Discussed verbally
Sheldon	Paul	Psheldon1@aol.com	1	06:12:08 PM EST	New expanded roadway street lighting: will street lights be added along the expanded highway? Current lighting seems to be only at interchanges.	Discussed verbally
Sheldon	Paul	Psheldon1@aol.com	2	07:02:31 PM EST	Thank you! Can you please explain more about the 40' multi modal corridor? In addition is that corridor also located or discussed in the 2022 FDOT Rail System Update?	will contact individually Discussed verbally
Sikonia	Ian	ian.sikonia@orlando.gov	1	06:38:46 PM EST		This project assumes that the Daniels interchange and other projects that are under construction at this time are part of what we call our base condition in that they are already assumed to have been completed. Wherever possible, the ultimate design incorporates as much of the existing infrastructure as possible. Recently constructed projects such as University Parkway have already taken this ultimate configuration into account.
Stuart	Linda	LStuart421@gmail.com	1	06:10:25 PM EST	How does this project coordinate with other projects such as at Daniles interchange 442519-1-31-01?	the noise study would take place over a number of months, from data collection, modeling, analysis, and coordination with the public on the results. Traffic noise collection for the validation of the noise model takes place twice a day during the data collection to mimic the worst-case scenario. Ambient noise taken overnight might be part of the study, depending upon the location and local land uses within the study area.
Stuart	Linda	LStuart421@gmail.com	2	06:37:34 PM EST	How long is noise study. Traffic at 1am is much different than traffic at 8am	
Stuart	Linda	LStuart421@gmail.com	3	06:46:43 PM EST	Will the In Person Open House provide any more or different information than what we're hearing tonight?	same displays. We will just be in person!
Stuart	Linda	LStuart421@gmail.com	4	07:01:30 PM EST	How are the individual PD&E studies announced and tracked and disclosed?	Discussed verbally

TRAFFIC NOISE EVALUATION PHASES

PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) PHASE

FDOT begins the noise evaluation process during the PD&E study phase. The Department developed this engineering and environmental process, which includes a preliminary analysis of alternatives developed for a project. FDOT presents the alternatives at a public information workshop. After the workshop, the Department selects a preferred build alternative and performs a detailed noise analysis on the alternative. This analysis includes an evaluation of noise abatement measures with results presented at a public hearing.

DESIGN PHASE

During the design phase of a project, FDOT develops detailed highway plans, right-of-way requirements are determined, and the right-of-way acquisition process begins. When plans are approximately 60 percent complete, engineering details are sufficient to allow for a reassessment of any abatement measures determined to be potentially feasible and reasonable during the PD&E phase. Following public coordination, the department will incorporate all feasible and reasonable measures into the final design plans.

CONSTRUCTION PHASE

FDOT includes feasible and reasonable traffic noise abatement measures as part of the construction project.

FDOT

TRAFFIC NOISE EVALUATION PROCESS

WHEN IS A NOISE STUDY NEEDED?

The Florida Department of Transportation (FDOT) performs traffic noise impact evaluations using Federal Highway Administration (FHWA) approved methodology. Highway projects are evaluated for traffic noise impacts when:

- a new highway alignment is built;
- an alteration to an existing highway substantially changes its horizontal or vertical alignment; or
- the number of through traffic lanes is increased.

STEPS OF EVALUATING TRAFFIC NOISE

STEP 1:

Identification of noise sensitive sites

FDOT gives primary consideration to exterior areas where frequent human use occurs. Seven categories of activity/land use are used to assess the potential impacts of noise. Some examples of noise sensitive sites include exterior areas of residences, schools, churches and recreational facilities.

STEP 2:

Determination of traffic noise impacts

The Department determines future traffic noise levels that are attributed to the proposed highway project and compares the levels to FHWA noise abatement criteria (NAC). Typical noise sensitive sites with predicted noise levels that reach or exceed 66 decibels [dB(A)] or experience an increase of 15 db(A) above existing noise levels (for NAC B/C) require abatement consideration.

STEP 3:

Consideration of abatement measures

Federal regulation requires consideration of a noise barrier as a traffic noise abatement measure. A noise barrier is a concrete wall constructed on public right-of-way between the proposed highway improvements and the noise sensitive site.

Feasibility factors involve both noise reduction and engineering considerations. The barrier must provide a reduction of at least 5 dB(A) to a minimum of 2 impacted receptors. The barrier is reviewed to consider if it can be constructed using standard construction methods and techniques. Safety also plays a critical factor in determining if a barrier is feasible. Other feasibility factors include access, right of way, maintenance, drainage, and utilities.

The Department also gives consideration to cost effectiveness (\$42,000 per benefited receptor) and viewpoints of property owners and residents.

STEP 4:

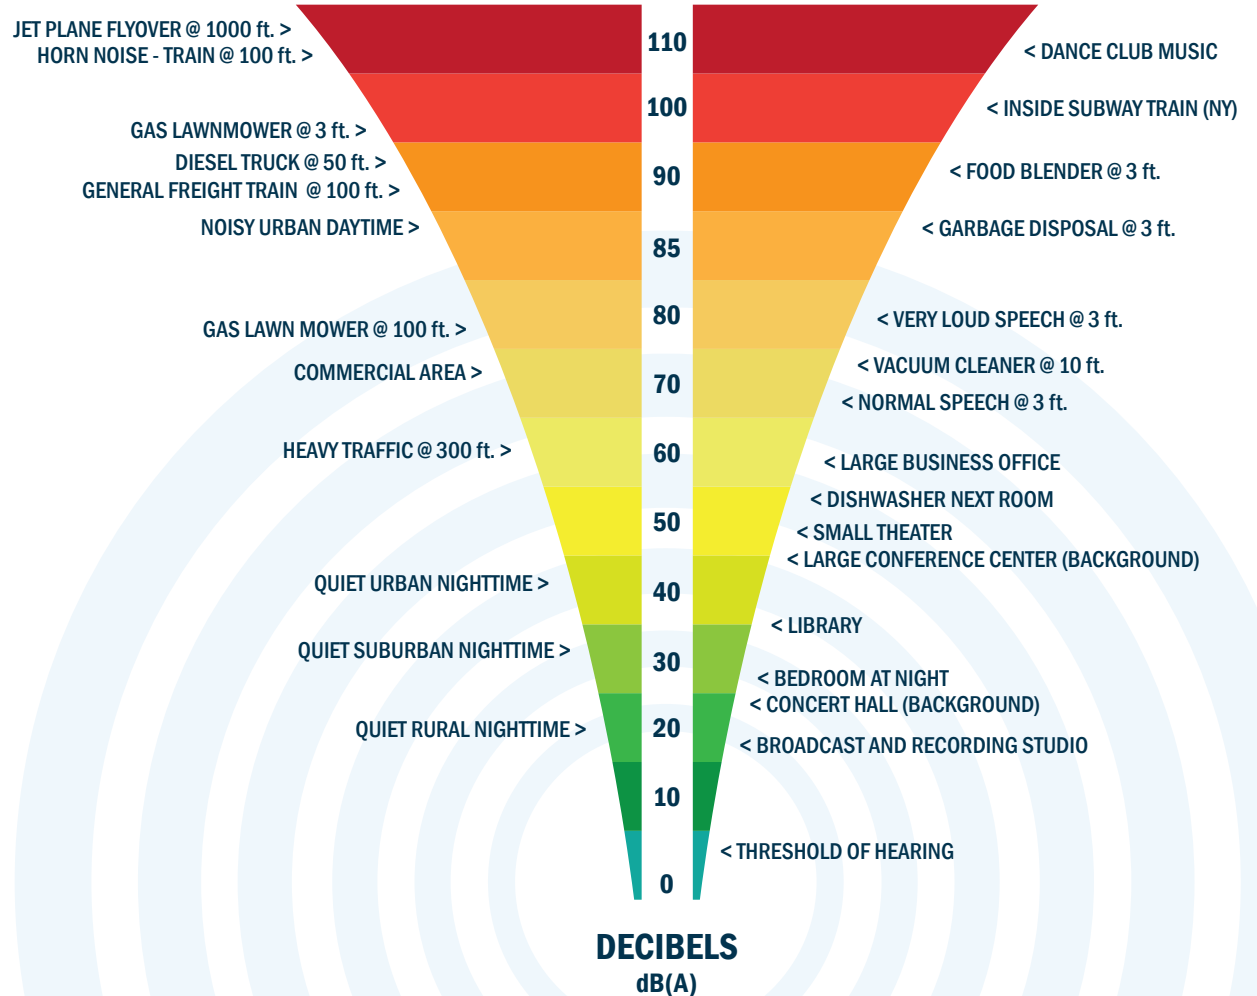

Commitments to abatement measures

Following completion of the noise impact evaluation, the methodology and results are documented in the project's Noise Study Report.

If the Department determines an abatement measure is potentially feasible and reasonable, a commitment is made to further evaluate the measure during the design phase of the project.

COMMON OUTDOOR SOUND LEVELS

COMMON INDOOR SOUND LEVELS

What will a Noise Barrier do?

- The goal is to reduce traffic noise by at least 5 decibels (dB)
- The amount of noise reduction depends on:
 - Distance of the receptor from the barrier
 - Distance of the noise source from the barrier
 - Length and height of the barrier
 - Elevation differences among the road, barrier and receptor

ACQUISITION PROCESS

The rights explained in this pamphlet are derived from Chapter 73, Florida Statutes. The relevant portions of Chapter 73 concerning the real estate acquisition process of real property are provided for your information at www.FDOT.gov.

Effective: October 13, 2017

The Florida Department of Transportation's (FDOT) mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity and preserves the quality of our environment and communities.

To accomplish our mission, sometimes it is necessary for us to acquire private property. Because you are the owner of property that will be needed for a transportation facility, we have prepared this pamphlet to briefly explain our acquisition process as well as your rights and options.

PROPERTY/PROJECT INFORMATION LETTER

We will provide a letter that includes information about the property we are seeking to acquire, no later than the time we make you a written offer to purchase your property. This letter will explain the nature of the transportation project and will describe the portion of your property we need to acquire.

We will also provide a point of contact for you located within the Office of Right of Way.

PROPERTY APPRAISAL

Prior to making an offer to purchase your property, a real estate appraiser or other real estate expert will contact you to arrange an onsite inspection of the property.

We encourage you to be present during the inspection and to provide any information which might affect the value of your property. Should you choose to obtain your own appraisal and share this opinion with us, the opinion will be considered during the negotiation process. Additionally, FDOT will reimburse you for reasonable costs of obtaining real estate appraisers or other experts' services to assist you with assessing the value of the property we are acquiring.

OFFER TO PURCHASE

Our offer to purchase your property will be made in writing to you either in person or by certified mail and will not be less than the amount we have determined to be the fair market value of the property.

After you have reviewed our offer, you may choose to make a counteroffer. If you do so, we will consider your counteroffer and will seek to arrive at a mutually agreeable purchase price.

OWNER REPRESENTATIVE & CONDEMNATION

You may designate someone to represent you during negotiations and we will work with your representative to resolve any issues. If you choose to be represented by an attorney licensed to practice law in Florida, you will be reimbursed for reasonable fees paid to the attorney. However, the amount of fees paid by FDOT may be limited by law.

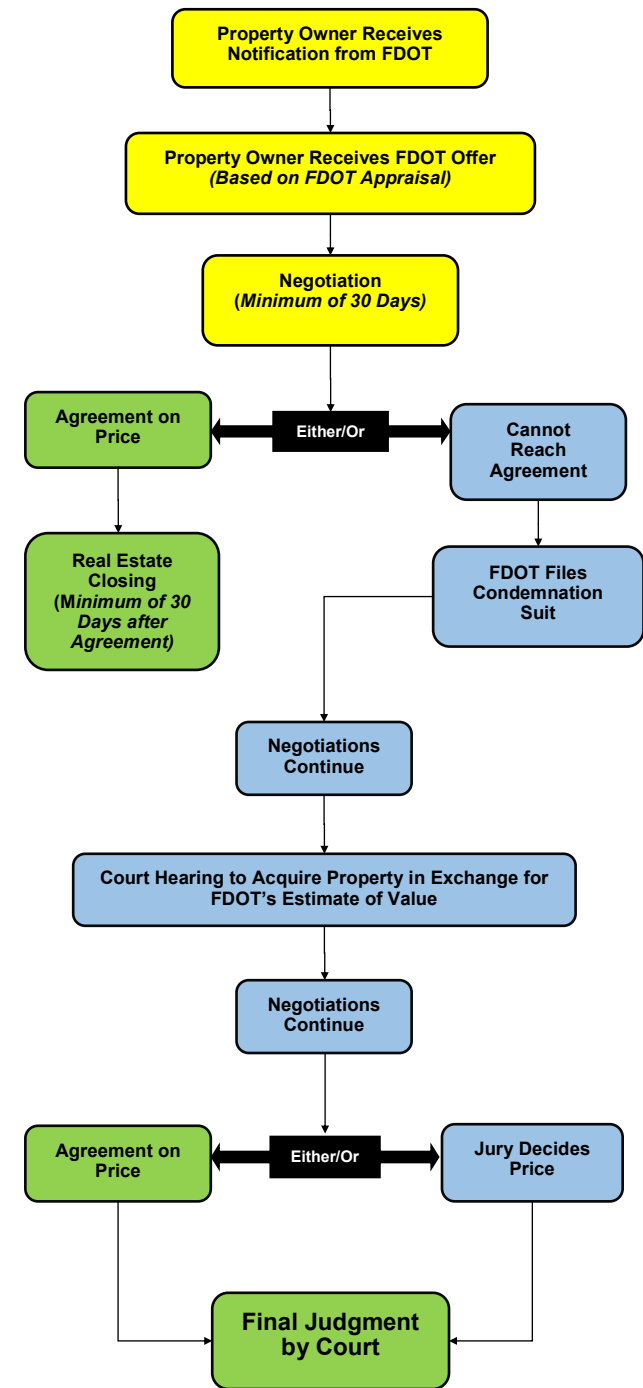

If we are unable to reach a mutually agreeable purchase price, we may choose to file a condemnation action, which will not occur less than 30 days from the date we make our written offer to purchase. But, FDOT will continue to negotiate with you or your representative throughout the litigation process.

FDOT CONTACT INFORMATION

If you would like copies of the appraisal, right of way maps or construction plans, we will provide the documents within 15 days of your request. However, some of the documents may not be complete at the time of your request, but we will either inform you of when we will provide the completed version of the requested information or provide you the most recent information available.

Please feel free to contact us if you have additional questions or if you need more information about the project or the acquisition process.

PROCESO DE ADQUISICIÓN

Los derechos explicados en este panfleto se derivan del Capítulo 73 de los Estatutos de Florida. Las porciones relevantes del Capítulo 73 concernientes al proceso de adquisición de inmuebles son suministradas para su información en www.FDOT.gov.

La misión del Departamento de Transporte de Florida (FDOT) es proporcionar un sistema de transporte seguro que garantice la movilidad de las personas y los bienes, mejore la prosperidad económica y preserve la calidad de nuestro medio ambiente y nuestras comunidades.

A fin de cumplir con nuestra misión, en ocasiones nos vemos en la necesidad de adquirir propiedad privada. Puesto que usted es dueño de una propiedad que se necesitará para una vía de transporte, hemos preparado este panfleto en el que se explica brevemente nuestro proceso de adquisición, así como sus derechos y opciones.

CARTA INFORMATIVA SOBRE LA PROPIEDAD Y EL PROYECTO

Enviaremos una carta que incluirá información sobre la propiedad que planeamos adquirir, no más tarde que al tiempo en que le hagamos una oferta por escrito para comprar su propiedad. En esta carta se explicará la naturaleza del proyecto de transporte y se describirá la porción de su propiedad que necesitaremos adquirir.

Asimismo le proporcionaremos un punto de contacto que esté ubicado dentro de la oficina de servidumbre de paso (*Office of Right of Way*).

AVALÚO DE LA PROPIEDAD

Antes de hacerle una oferta de compra de su propiedad, un (tasador) u otro experto en bienes y raíces se pondrá en contacto con usted para acordar una inspección en persona de la propiedad.

Le aconsejamos que esté presente durante la inspección y proporcione cualquier información que pudiera afectar el valor de su propiedad. En caso de que usted decida obtener su propio tasación y compartir la con nosotros, esta será tomada en cuenta durante el proceso de negociación. Adicionalmente, el FDOT le reembolsará el costo razonable de obtención de la tasación o servicios de otros expertos que le ayuden a determinar el valor de la propiedad que estamos adquiriendo.

OFERTA DE COMPRA

Le haremos nuestra oferta de compra de su propiedad por escrito, ya sea en persona o mediante correo certificado, y no por una suma menor a la que hayamos determinado como el valor de mercado justo de la propiedad.

Una vez que usted haya revisado nuestra oferta, puede optar por hacernos una contraoferta. Si así lo hiciera, someteremos su contraoferta a consideración y buscaremos llegar a un precio de compra de mutuo acuerdo.

REPRESENTANTE DEL PROPIETARIO Y EXPROPIACIÓN FORZOSA

Usted puede designar a otra persona para que lo represente durante las negociaciones y trabajaremos con su representante para resolver cualquier problema. Si usted decidiera ser representado por un abogado con licencia para ejercer derecho en el estado de Florida, se le reembolsarán los honorarios razonables que usted le pague al abogado. No obstante, la suma de los honorarios pagados por el FDOT podría estar limitada por las leyes.

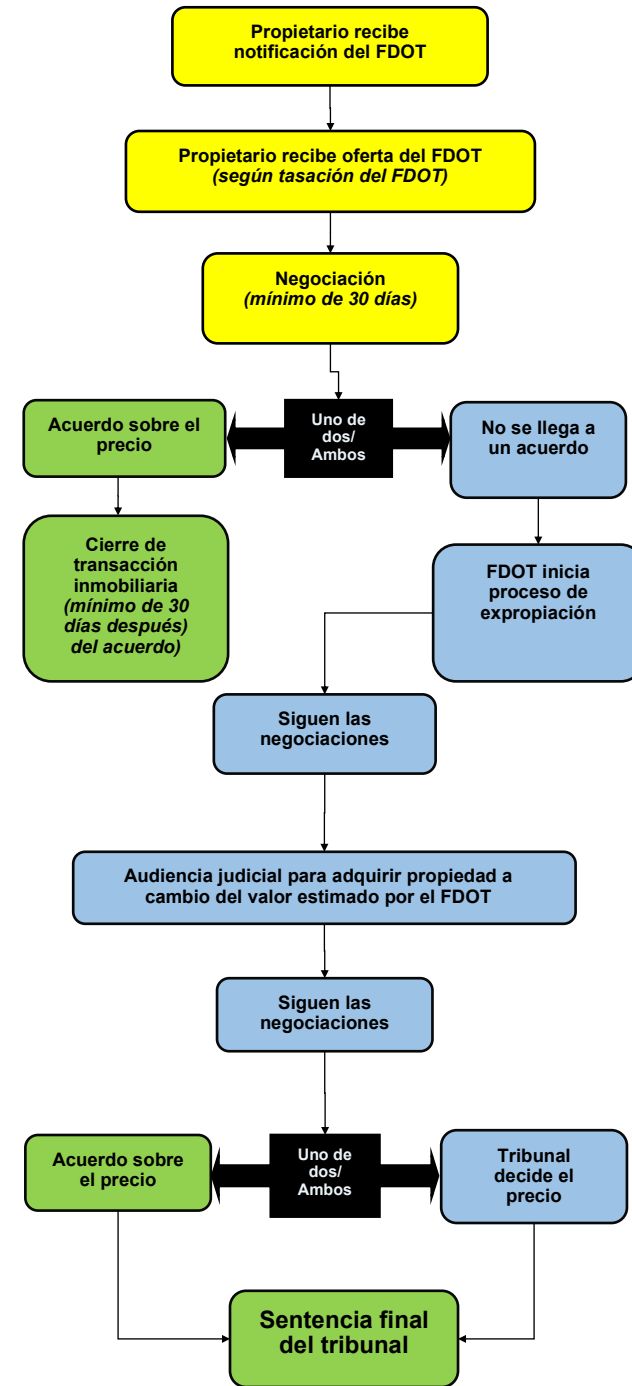

En caso de que no llegáramos a un acuerdo mutuo sobre el precio de compra, podríamos decidir iniciar un proceso de expropiación, lo cual no ocurrirá antes de 30 días a partir de la fecha en que le hagamos nuestra oferta de compra por escrito. Sin embargo, el FDOT seguirá negociando con usted o su representante durante todo el proceso de litigio.

INFORMACIÓN DE CONTACTO DEL FDOT

Si deseara tener copias del avalúo, mapas de servidumbre de paso de vía o los planos de construcción, podemos ofrecerle estos documentos en un lapso de 15 días a partir de la fecha de solicitud. Sin embargo, es posible que algunos de estos documentos no estén listos al momento de su solicitud, por lo que le informaremos la fecha en que le enviaremos la versión completa de la información solicitada o le suministraremos la información más actualizada que tengamos al alcance.

No dude en contactarnos si tiene preguntas adicionales o necesita más información sobre el proyecto o el proceso de adquisición.

Keri Johnson	keri10306@aol.com		2/25/2023 19:03	
Chuck Warner	chuckwarner123@comcast.net	I feel there should be a sound barrier wall installed. When the third lane was installed, the trees that helped quiet the noise were removed from the east side of the highway. Expansion is fine if you can understand that when we moved in none of this was on the table.	2/25/2023 18:25	
Bill Harris	sweetwillie19@yahoo.com	Please stop the west & east bound overload of estates traffic by finally creating exits/entrances at Desoto & Everglades Blvd. Install a 4 lane sunpass toll to enter both east & west of 75 to help with the overall cost of the development. In fact, create 2 estates locals only lanes only if necessary with a less expensive toll fee. This would help with the morning & afternoon commute tremendously from Naples itself.	2/25/2023 17:02	

Barbara Cunningham	hondabv@comcast.net	With widening I75 here in Collier County the noise level will increase tremendously on my street and the other streets that are near I75. The noise is already terrible and it will only get worse. I understand the need to widen the road but then the state needs to put up a wall to help absorb and lessen it for all that this will be affected by it. Thank you!	2/25/2023 16:35	<p>RESPONSE PROVIDED BY NICOLE HARRIS 02/27/2023 9:52</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. The Florida Department of Transportation (FDOT) – District One and the</p> <p>This Master Plan will lead to the long-term improvement of the interstate corridors in Southwest Florida by identifying solutions that are expected</p> <p>FDOT is currently analyzing the interstate system's existing transportation challenges. Todd Nugent	naplesf75@msn.com	With the significant increase in traffic on the I-75 corridor along with need for expansion there is also need for sound barriers for the residents that live near or back up to the interstate. Sound walls should absolutely be included in the plan with the expansion. Living between Golden Gate Pkwy and Pine Ridge Rd the noise has increased significantly over the last couple of years add to this the noise levels of construction please include noise abatement in your plans to expand. Is a response to your comment/question requested?	2/25/2023 13:51	
Kimberly Nugent	kimberlyntodd@gmail.com	If plans to develop or improve I-75 we desperately need a wall/berm along the east side of 75 from Exit 105 to exit 107. The volume of vehicles coupled with the increase in very loud heavy equipment (dump trucks especially) has increased tremendously. The amount of garbage coming off the interstate and filling the adjacent canal has also more than doubled. Since this is a very local road used to get from south to north naples it's also not a consistent flow of traffic and has frequent hard braking acceleration and accidents. It's also used as a drag strip late nights and weekends adding to the inconsistency. When adding more lanes please consider the environmental and human and nature health impact along this very dense section of road.	2/25/2023 13:42	<p>RESPONSE PROVIDED BY NICOLE HARRIS 02/27/2023 9:54</p> <p>Thank you for your interest in the Southwest Connect™ I-75 South Corridor Master Plan. The Florida Department of Transportation (FDOT) – District</p> <p>We look forward to working with you on this project moving forward.</p> <p>Nicole Harris, PE</p>

Julie Gutierrez	julietita@mac.com	<p>I would like a sound study to be done due to excessive interstate noise (this is especially distracting at night) & need for a barrier wall over the bridge. This would also be safer. Once we heard a car drive off right into the canal in the middle of the night. After Irma, SWFL Water Management removed our trees & vegetation along the canal. I had gorgeous trees, including beautiful, towering royal palms and huge Norfolk pine trees. These were a great noise barrier and unfortunately we are not allowed to replant anything within 13 feet of the canal, which is basically my backyard. :(The excessive interstate noise is definitely a bother and I'm afraid it's just going to get worse in the years to come! It's really scary in the middle of the night for the kids, when a semi drives over the bridge!</p> <p>Is a response to your comment/question requested?</p>	2/24/2023 14:16	
Timothy Maloney	bessieblues@gmail.com	<p>I am all for improving the interstate. We are 20 years behind on infrastructure.</p> <p>One request is that you continue the concrete wall from Berkshire heading north to the exit 105 interchange on the west side of I-75. There also needs some redesign on Golden Gate Parkway near 66th st sw. It is very difficult and dangerous to enter and exit the parkway from most of these side streets. I imagine the redesign will create even more traffic and difficulties for Golden Gate Parkway residents. Please consider both of these requests.</p> <p>They are desperately needed.</p> <p>Thank you</p> <p>Kind regards</p>	2/24/2023 11:55	
Daniel Hope	dhisite825@gmail.com	<p>I live & have property on both sides of the interstate along the canal and request that a sound & safety study in this corridor be included in this project. My 10 acre parcel on 63rd Street SW on the west side of I-75, will have homes built on it over the next 2 years. Currently there is no wall to protect all the residents that have homes on this street. There is only a barbed wire fence which creates a huge safety issue for us. A vehicle from the interstate can lose control & end up into any one of these homes. I have personally witnessed a commercial truck lose control & hit the barrier wall on the north side of Golden Gate Parkway along I-75 and catch fire (it was on the news). The barrier wall that exists on that side of the interstate prevented that truck from hitting one of those homes. We do not have that same protection that these residents have and request that you please provide us with the same protection these residents have.</p> <p>I have lived on the east side of I-75 on the canal where the I-75 bridge crosses over for the past 22 years. After hurricane Irma came through SW FL Water Management removed all our trees & vegetation along the canal not allowing us to replant in the future. This was a huge sound buffer from the I-75 noise. Since then we are experiencing excessive interstate noise that carries down the canal on both sides of the interstate which has had a negative impact on the enjoyment of our property. The noise continues to increase with the growth & use of the interstate and even more so when there is east or west winds which is often. Not only are we affected but our neighbors & numerous condo buildings across the canal from us. We are requesting that a sound study be conducted in our area with hopes of extending barrier walls across the bridge to decrease some of the excessive noise we are experiencing.</p> <p>Thank you for this opportunity to comment on the project. I truly hope our comments will prompt action in addressing our concerns.</p>	2/24/2023 11:03	
Dawn Giovannoli	dawngiovannoli@gmail.com	<p>I would like to suggest safety and noise barriers be installed along the east side of I-75 which abuts the much utilized Vineyards Community Park in Naples. In the event of any car or truck driving off the road in that area the results to innocent bystanders in the park could be tragic. As there is a full, concrete barrier on the south side of that exact stretch of road it is puzzling as to why this vulnerable area has been left unprotected. Please take this into consideration. Thank you.</p>	2/23/2023 13:38	<p>RESPONSE PROVIDED BY NICOLE HARRIS 02/23/2023 14:41</p> <p>Ms. Giovannoli,</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. Each of these smaller segme will be conducted. During the noise studies, a comprehensive analysis will be conducted to determine if noise impacts are predicted for noise sensi the form of sound barriers. The noise analysis will evaluate potential noise barrier configurations for those areas with predicted impacts to determ these criteria will be recommended to be included in the future phases of the project. I have attached a noise brochure for additional information.</p> <p>Please feel free to give me a call if you have any questions.</p> <p>Thank you again for your interest,</p> <p>Nicole Harris, PE Southwest Connect™ Project Manager</p>
Eric Smith	ers33904@gmail.com	<p>To whom it may concern,</p> <p>I saw on the news this morning that FDOT is asking for public input about traffic patterns/issues on 75 in Lee and Collier counties. I would like to suggest a 75 bypass going into Cape Coral from south of Tuckers Grade, following the paths of Burnt Store Road and Veterans Pkwy, rejoining 75 either between Colonial and Daniels or then following the 41 route and rejoining 75 south of Daniels. Right now, the only signs directing traffic to Cape Coral are for the Daniels and Colonial exits through Fort Myers.</p> <p>Additionally, and more importantly, extending Del Prado, Santa Barbara, Chiquita, and El Dorado all the way to 75 and creating exits for each before all of that open land is built up. It is absolutely ridiculous that a city the size of Cape Coral does not have an exit to the highway. This would also help with the abysmal evacuation plans for hurricanes, the extra congestion on 75 going into Fort Myers, and the incomprehensible traffic issues within the city of Cape Coral. Right now, anyone entering the city from the North has to come through either Burnt Store Rd. from Punta Gorda or all the way down 41 from the Tuckers Grade exit on 75 and then all the way down Del Prado the entire length of the city. Our population is expected to grow exponentially in the next 10 years and there is no direct access to enter the city. This is a severe current danger and livability issue and will only get worse with each passing year. If there is a current plan for traffic improvement in Cape Coral please let the public know what it is or where to find it, and if not, please find out why and make one to be overseen by the state and released to the public. Thank you for your consideration.</p> <p>Regards,</p> <p>Eric Smith 2051 SE 29th St. Cape Coral, FL 33904 317-439-0816</p>	2/20/2023 4:24	Awaiting response from Josh per Nicole's email sent to him on 2/21

Ashley Simek	alsimek91@gmail.com	<p>I'm writing this on Friday, February 17th at 4:15 PM as I'm starting to check my traffic map to see how long it's going to take me to get home from work. It is only a 30.1 mile drive. To get from downtown Naples to Estero/South Fort Myers, it's estimating 1 hour 11 minutes. As usual, while driving this time only increasing as more and more people are getting off of work and/or starting their weekend travels. This isn't only on Fridays though, it's every weekday. Even the weekends are getting bad. On a normal day, this would take me 37 minutes. That's a commute time I agreed to when buying my home knowing my work location. I can't afford to live in Naples so I have to commute, but when buying my home, 37 minutes was a decent commuting time that I was comfortable with. In the past couple of years, this time has increased and has now gotten out of control. Most days, it takes me over an hour to get to work, and over an hour and a half to get home. Sometimes there's not even an accident or any hazards with the roads, it's just that much traffic, especially going North 75. When looking across the median, going South has minimal traffic. We are way past due in expanding 75 and looking into more options to recede traffic. There should be an on ramp at Vanderbilt Rd to alleviate the Immoklee exits. It's unfortunate that I have been looking into getting a new job closer to where I live or remote because of how horrible the traffic and roads are in this area. The traffic takes away my little family time that I get after work to where I get to see my daughter for a half hour before she goes to bed. Expansion NEEDS to be done and needs to be done as quickly as possible. Please don't sit and wait on this issue.</p>	2/17/2023 16:27	<p>RESPONSE PROVIDED BY NICOLE HARRIS 02/21/2023 14:13</p> <p>Ms. Simek, Thank you for your interest in the Southwest Connect™ I-75 South Corridor Master Plan. Betty Amend	b.amend@yahoo.com	There needs to be a new exchange at east terry and 75. This would help with traffic flow on BB road as well as all the new construction/businesses on old 41.	2/17/2023 8:49	
David DuBois	daviddubois9343@gmail.com	PLEASE TAKE A MOMENT FOR THIS ONE Hello...I am a new transplant (about 4 years here) from the Pinellas County area. The highway expansion seems like a good idea...however I really URGE you to take a trip up to the Pinellas County area and STUDY the road improvement decisions they made from the late 90's through the middle of the 2010's. When I first moved to Pinellas in 94' I looked a lot like Southwest Florida does now, road wise. Pinellas made multiple expansions/add-on's to our 275 and I-75 due to the population continuing to increase (1994 - 863K people and 2022 - 958K people). The expansions worked to fix many of the congestion issues of I-75 traffic from Orlando and the mix of 275/I-75 in Tampa/St. Pete...so I believe you are on the right track with expanding a 4th lane on the highway. The issue that I'm addressing is what they did to U.S. 19 (which would be our U.S.41). They decided that traffic closer to the middle of the county was still too congested (due to a massive flood of new builders coming in to cash in on the area). To ease the congestion of U.S. 19 they decided to expand it to 4 lanes. That worked for a while but the traffic lights in certain sections (namely from U.S. 19 and S.R. 580 do to U.S. 19 and Ulmerton Road). They decided to install an overpass at those intersections to fix the flow. HOWEVER....the overpass completely ruined almost every business hugging that area...most businesses shut down that weren't backed by additional corporate funding. I believe the county paid some of those companies during the construction to make up for the lack of access to their business...however after a year or two, many of them had to close. No other companies wanted to come in and rent in those locations...which left multiple ABANDONED BUILDINGS along the highway....which mostly turned in to overrun with grass, graffiti riddled, broken window dumps. It really killed the beauty of that area and almost everyone I spoke with throughout the years had something negative to say about that idea and the results. SO...I live the I-75 ideal...but I URGE URGE URGE you to please make sure that U.S. 41 does not suffer this same fate down the road. Any expansions you are making now will be the base for the next 20-30 years worth of expansion...and I think conducting a STUDY/TALKING TO THE ENGINEERS in Pinellas about what happened/what they would've done different would be a great idea. I dated an engineer for a while who worked in the Largo/Dunedin area and she said that they moved too fast and did not take everything in to consideration before green lighting the build. PLEASE PLEASE PLEASE take a look at Pinellas county...drive from St. Pete to Palm Harbor on U.S. 19 and take a look for yourselves. You'll be glad you did. Thank you David DuBois	2/17/2023 8:35	<p>RESPONSE PROVIDED BY NICOLE HARRIS 02/17/2023 09:01</p> <p>Mr. DuBois, Thank you for your interest in the Southwest Connect™ I-75 South Corridor Master Plan. Dusty Pate	dpate0175@yahoo.com	As someone who commutes daily from exit 138 to 111 and back for work. I can share with you my first hand experience with 75 issues. The 111 and 116 on ramps are far too short to effectively merge into traffic northbound in the afternoons. I come to a complete stop daily at these locations as the merge lanes cause congestion on the highway. Similarly going south in the mornings alico and corkscrew merge lanes tend to come to a complete stop most days. Corkscrew has a ton of dump truck traffic leaving the sand mines the trucks are essentially rolling road blocks on the on ramp. The airport interchange ending at daniels exit is severely backed up north bound inn the evenings every single day. Merging onto and off of the Interstate in such close proximity does not work. I see LOTS of road rage incidents here. Finally (strangely) about a mile south of the corkscrew exit going south in the am I come to a stop every single day. For no apparent reason. No accidents. Just stop and sit. Then we suddenly go again! It's a strange phenomenon. I can't wait to see improvements made. I spend literally a 6th work day equivalent in my car commuting each week due to these issues. Thank you!	2/15/2023 19:03	

Linda Stuart	lstuart421@gmail.com	Thank you to all the people who put together the materials and were available last night, 2-15-23. I have two (2) questions. It is evident that these projects take a great deal of time. My particular interest is the Daniels Parkway area and interchange. The materials say that it's year of need is 2027. How realistic is this time frame? My second question involves a current project 446296-1 involving the Daniels/I75 interchange. It appears to be in the design phase. Is there anything available to portray what the interchange improvements might look like? Thank you.	2/16/2023 13:09	<p>RESPONSE PROVIDED BY NICOLE HARRIS 02/17/2023 08:02</p> <p>Ms. Stuart,</p> <p>Thank you for your interest in the Southwest Connect™ I-75 South Corridor Master Plan. The Florida Department of Transportation (FDOT) – District One showed a year of need by 2027, therefore improvements are needed around that timeframe. The Department is aware of this and has is funded for 2026. *that date is subject to change.</p> <p>Keep in mind in the months to come that our website www.swflinterstates.com is the online resource and will always include the most up-to-date information.</p> <p>Please feel free to give me call if you have additional questions. Thank you once again for your interest and input. We look forward to working with you on this project moving forward.</p> <p>Nicole Harris, PE</p>
Ernst A Burri	ernst@eburri.com	Excellent planning of an important project for SW Florida: Please include noise protection for all communities; we live in CONCORD of the VINEYARDS, and are exposed to very strong, very high traffic noise levels; they have become so much worse after the devastating impacts on nature of Irma and then even worse after lan eliminating so much of the natural protection... We appreciate so very much your efforts and inclusion of the recreation of the necessary protection against noise and contamination for a decent quality of life in our community.	2/15/2023 14:51	
Kelly Saylor	keli_m_richardson@yahoo.com	As a homeowner currently living close to the southbound exit of Pine Ridge Road, I would like to see a wall as part of the widening project. We have seen many instances in the 10+ years we have lived in our home of cars getting into accidents, people on the side of the road because of mechanical breakdowns, and various other instances that would make us, as homeowners, feel much safer if there was a barrier between cars and our property. Is building a wall part of the planning considerations? Also, I am not sure who designed this public outreach meeting website, but it leaves a lot to be desired. There is actually very little information contained in all of the slides you are forced to click on and make bigger just to read them. Where is the actual substance of what is being proposed? What is the actual timeline of construction? Will there be changes to the interchanges? Will there be imminent domain issues to deal with? You leave so many unanswered questions; it is as if you are actually trying to hide the details of the actual proposal. Leaves me wondering what you are actually really up to....	2/15/2023 10:54	<p>RESPONSE PROVIDED BY NICOLE HARRIS 2/15/2023 12:23</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. Thanks for signing up for the Live Q&A and we can discuss more tonight.</p> <p>Please feel free to give me a call if needed,</p> <p>Nicole Harris, PE</p>
George Kern	leadwithholar@gmail.com	Pass a law with appropriate signage to have All vehicles over 8000 lbs. maintain position in the right most lane (except the exit lanes) while traveling on I-75 in either direction at all times allowing passenger traffic to drive in the center lanes .	2/14/2023 15:04	
Sebastian Weber	exo0us@gmail.com	<p>Suggestions:</p> <ol style="list-style-type: none"> 1. I75 Southbound after Colonial Blvd - increase length of On-Ramp onto I75. So many cars are entering I75 at Colonial that there is a slowdown every morning and many crashes. It is very dangerous - since you drive over the Bridge at full speed, don't see anything and the traffic is stopped behind. 2. Too short On-Ramps are a common theme in SWFL - many of them could need some lengthening. The Daniels SB or Luckett NB On-ramps or for instance are amazing good long ones. 3. I75 Northbound let the Alico On-Ramp join I75 before the Airport Ramp Overpass. The current layout is driving to almost to Daniels - which backs up all the time. There is a hazard created where everyone coming from the Airport and Alico Road - trying to get onto I75, while people trying got off on Daniels. Those two functions should be spaced apart a couple of miles. People starting to drive through the grass ditch from the Alico bypass ramp over to I75. Please connect the Alico Northbound ramp with I75 before it even gets to the Airport overpass. It used to be that way - not sure why it's not the case anymore. 4. Introduce Variable Speed Limits and enforce them. Reduce speed during congestion times, 50, 55 or 60 to reduce the wave effects. I'd rather drive consistently slow as - fast slow fast slow - that is so dangerous. <p>SWFL needs more than two roads (41 and I75) going North South.</p> <ol style="list-style-type: none"> 1. Connect Three Oaks Parkway to Fiddlesticks Blvd. 2. Build Overpass for Treeline Ave over Daniels Parkway. Treeline is basically useless as a North-South connector with only 3-5 cars being able to pass over Daniels at each light 3. Connect Treeline Ave to Martin Luther King corner Buckingham Rd. <p>Hope something gets done, otherwise I'm moving out of the area. It's not worth risking my life everyday.</p>	2/14/2023 9:51	NICOLE SPOKE W/ MR. WEBER VIA PHONE.
Steven Wetter	stevenwetterattorney@gmail.com	This area has a large population that live in Lee County and commute to Collier for work because of the disparities of housing costs. Express lanes without local exits would be very welcomed and needed. Additionally, the east part of Lee County is seeing enormous growth. Perhaps an alternate expressway parallel to I-75 inland will divert traffic away from 75 and provide an alternative north and south evacuation route as well.	2/13/2023 21:17	

<p>William Freeman Jr.</p>	<p>bfree309@yahoo.com</p>	<p>Our biggest concern is noise!! We are in Vasari Country Club and live very close to I75 as you can see from a map of our address and the project. Currently there is a decorative wall about 5' tall that is for decoration and not noise abatement. We are hoping and expecting that the FDOT will make sure that from Bonita Beach Rd. south there is a tall wall and large vegetation to reduce or eliminate the noise of the vehicles on the highway. We already have excessive noise and our windows rattle when large trucks brake for the Immokalee Rd exit. We look forward to hearing your response to our comments.</p>	<p>2/13/2023 18:32</p>	<p>RESPONSE PROVIDED BY NICOLE HARRIS 2/14/2023 18:35</p> <p>Mr. Freeman,</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. <p>Jill Interrante</p>	<p>jb15455@yahoo.com</p>	<p>If you make more routes that travel along side 75 both sides of it ,it can allow people to exit and use those routes if needed also between corkscrew and Bonita beach road is a very long stretch without an exit. Need more exits so when 2-3 lanes get blocked like that have twice now in the last 3 days people are able to exit and there are more alternate ways to arrive at your destination. Also if you make more pathways some of the elder people who shouldn't be driving on 75 or are afraid to will have another option. The 75 traffic is only getting worse so I'm sorry to suggest more roadways for alternate routes but that seems like the way it should be done. At least one more on the east side going from fort Myers to Marco island ish.</p>	<p>2/13/2023 17:26</p>	<p>RESPONSE PROVIDED BY NICOLE HARRIS 2/14/2023 18:28</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. <p>Robert Wiley</p>	<p>wiley@estero-fl.gov</p>	<p>In reviewing the information provided on this website my comment would be that intersection improvements at Bonita Beach Road and Corkscrew Road would seem to be able to reduce current traffic congestion problems by getting existing traffic off of I-75. Having driven from Immokalee Road to Corkscrew Road for 20 years, I've learned to go to work late and leave for home late to avoid the problems of traffic coming to a slow crawl or halt at Bonita and Estero. Traffic backs up the entire length of the off ramps and into the right-hand lane of I-75. I cannot speak about traffic north of Estero. The backups typically occur both in the morning from 7-9 and in the evening from 4-7, give or take 30 minutes either side of those times. While additional lanes on I-75 will be needed for future traffic growth, the projections for the interchange improvements at Bonita and Estero seem to be many years too late. It would seem to be better to make the diamond interchanges into something suitable for streamlined traffic flow exiting I-75. For Estero, the traffic on Corkscrew Road is projected to substantially increase as an additional 10,000 homes are already projected for construction to the east.</p>	<p>2/13/2023 16:33</p>	<p>RESPONSE PROVIDED BY NICOLE HARRIS 2/14/2023 18:37</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. Nancy Propst	nancypropst@hotmail.com	<p>I think the managed thru lanes are an excellent idea. However, I do not think charging tolls is something the residents of the western side of Florida want. One of the primary reasons our family settled on this side of the state is because there are no toll roads. We pay enough to live in this area without also paying tolls to use our public roadways. This will be an additional tax on those who use the interstate to get to work each day and will be a considerable cost to those who can least afford it.</p> <p>Also, on the Interchange Projects Proposed where interchange configuration is noted as the improvement type: What exactly will the interchange configuration look like? I have experienced a configuration in Missouri at the Cape Girardeau/Jackson exit that was extremely confusing. At certain points we were routed onto the left hand side of the road and it felt like we were driving on the wrong side of the road where we might have a head-on collision. With our VERY elderly population and MANY part-time residents and visitors from all over the world, I am very worried about this type of reconfiguration being done in Florida. I believe we will have even more serious traffic accidents. With this said, this may not be the configuration you are considering. Please let me know what is being considered.</p>	2/12/2023 13:31	<p>RESPONSE PROVIDED BY NICOLE HARRIS 2/14/2023 18:41</p> <p>Thank you for your interest in the Southwest Connect™ I-75 Master Plan. Meeting Comment Summary
I-75 South Corridor Master Plan Public Meeting
Public Outreach Meeting: February 16, 2023

NOISE

Tom Williams

My wife and I have two concerns:

1. Noise from I-75 into our front yard. Solution = Noise barrier. Our home runs adjacent to I-75.
2. Traffic **congestion**
 - a. Immokalee Rd and I-75 interchange from 4:30 pm to 6:30 pm. Total gridlock during this period.

Thank you for listening.

Tom Williams
3955 Brynwood Dr.
Naples, FL 34119
tawilliams157@yahoo.com

Ernst A. Burri

Noise level is currently excessive

Because of Irma's and Ian's impact, noise level has increased significantly and needs to be addressed as soon as possible. At least, what natural protection we had needs to be replaced and then a long-term solution can be found together with this new I-75 project.

We live in Concord of the Vineyards, just north of the Pine Ridge entrance.

I speak as the Delegate of Concord in the Vineyards Board.

Thank you!

Ernst A. Burri
200 Vintage Circle, Apt. 502
Naples, FL 34119
ernst@eburri.com

Maria Burri

We need that it is evaluated the replacement of noise barrier naturally in place by tall trees which have been depleted by hurricanes Irma and furthermore Ian.

We experience pollution noise levels harming our well-being.

We are located in the Vineyard Community very close to I-75. Please include landscape to replenish.

Thank you.

Maria Burri
200 Vintage Circle, # 502

Adrian and Amber Marin

“Build the Wall”

My family and I are residents of Pinecrest Lane in Bonita Springs since 2009. A wall is definitely needed as noise levels are horrible and seem to be increasing with increasing traffic. It’s impossible to have a phone call in my backyard. Our family has been woken up at night from vehicles speeding down the highway. We have had multiple accidents within feet of our yard. There has even been a car on fire along the highway behind my house. I also feel as though there is increased danger from vehicles without a wall. We also have no privacy outside of our home, as our whole backyard is visible from the highway. Cars have even hon(k)ed at us.

Our backyard is only 70 feet from the highway, and clearly visible from the highway.

Meeting Comment Summary
I-75 South Corridor Master Plan Public Meeting
Public Outreach Meeting: February 16, 2023

[Jim Aylward](#)

Most concerned about noise. Will traffic noise travel over the new walls toward homes further away? This “noise wall spillover” effect would impact us and lower our property value. How far would a 22’ wall “throw” noise? This is annoying to me.

Also, our community (Quail West) has golf holes near I-75 with lots of noise. I spoke with your noise engineer, and he said a wall might be built based on how many golfers are on the course on a regular basis. I hope this is the case! Thanks for this meeting opportunity. Please have more of these.

Jim Aylward
4549 Brynwood Drive
Naples, FL (34119)
jimaylward@gmail.com

[Bob Noelke](#)

Very concerned about excess noise from the highway.

Bob Noelke
4325 Brynwood Drive
Naples, FL 34119
BobNoelke6@gmail.com

[Mary-Ann Delaney](#)

There is a lot of noise from I-75 affecting my residential area which is south of Pine Ridge on the east side of I-75.

Please consider adding a sound wall to mitigate the noise to this neighborhood.

There is a sound wall on the west side of I-75 in this area. The noise may also be bouncing off this wall into our area. Thank you for your consideration.

Mary-Ann Delaney
6044 Cedar Tree Lane
Naples, FL 34116
Mdelaney@comcast.net

[Jacinta Stephenson](#)

The east side of (I-)75 between Golden Gate Parkway and Pine Ridge needs sound evaluation.

There is a small portion that has no barrier wall.

The noise can be deafening when the wind is blowing from the west and at peak driving times.

Jacinta Stephenson
6075 Cedar Tree Lane
Naples, FL 34116

(30 years in same home)

[Alan Freeman](#)

Sound Barriers – Sound barriers should be considered in adjacent residential areas (not commercially zoned) such as:

- a. Quail West
- b. Three Oaks
- c. East of Fiddlesticks north of the Airport Interchange for 1 mile

This would reduce noise pollution and promote quiet enjoyment for those in close proximity to the interstate.

Alan Freeman
28120 Hunter's Ridge Boulevard, Suite 5
Bonita Springs, FL 34135
fregroup@aol.com

INTERCHANGES/AREAS OF CONCERN

[Desiree Hope](#)

Recommend Studying Golden Gate Parkway Interchange.

- Collier County Behavioral Health Hospital (Central Receiving Center, 64,000 sq. ft., 102 patient bed facility) was passed this week to be built within 2 years, ¼ mile east of I-75 on Golden Gate Parkway.
- Look at eastbound traffic from Livingston Road to I-75 on Golden Gate Parkway – heavy PM traffic, many accidents due to volume of traffic going northbound on I-75 via the interchange. Would alleviate congestion if another lane was added for this traffic to access the interstate entry ramp.

Desiree Hope
3285 Bass Point Court
Naples, FL 34116
dhope_41@yahoo.com

[Teryl and Pawel Brzeski](#)

Great job on outreach and presentation. Wealth of information provided – my hope is that the website will have regular updates.

Technical staff very helpful in describing project, design, and timelines.

Please prioritize Pine Ridge Road and Immokalee interchanges and retain good visibility with natural buffers used creatively to maintain open feel.

Alan Freeman

New Interchanges – Investigation should be done to improve distribution of traffic to add interchanges at:

- a. Coconut Road (between Bonita Beach Road and Corkscrew Road)
- b. Vanderbilt Beach Road (between Pine Ridge Road and Immokolee Road)

This would improve traffic flow on the interstate and other arterial roads.

This would create a secondary exit opportunity in the event of accidents or other traffic blockages.

Interchange Improvements – Interchange improvements to allow access and proper merging and safe exiting of traffic should be done. Current accel/decel problems exist at:

- a. Immokolee Road
- b. Alico Road
- c. Daniels Parkway and possibly other interchanges

This would improve safety and avoid traffic slowdowns and accidents resulting from lane blockages when peak hour traffic is entering and exiting the Interstate Highway.

Alan Freeman
28120 Hunter's Ridge Boulevard, Suite 5
Bonita Springs, FL 34135
fregroup@aol.com

SAFETY

Angel Valverde

Safety??? Homeowner west of (I-)75, are only 70 ft. from the highway. There have been 2 incidents of cars veering off the highway going through the chicken wire fence and catching fire. So, imagine a tractor trailer, tanker, (or) dump truck going and crashing into someone's house.

My wife and I have two concerns:

① Noise from I-75 into our front yard. Solution = noise barrier. Our home runs adjacent to I-75

② Traffic congestion @ Immokalee rd ; I-75 interchange from 4:30 pm to 6:30 pm. Total gridlock during this period.

Thank you for listening

NOISE LEVEL IS CURRENTLY EXCESSIVE

BECAUSE OF IRMA'S AND IAN'S IMPACT NOISE LEVEL HAS INCREASED SIGNIFICANTLY AND NEEDS TO BE ADDRESSED AS SOON AS POSSIBLE. AT LEAST, WHAT NATURAL PROTECTION WE HAD NEEDS TO BE REPLACED AND THEN A LONG TERM SOLUTION CAN BE FOUND TOGETHER WITH THIS NEW I-75 PROJECT.

WE LIVE IN CONCORD OF THE VINEYARDS, JUST NORTH OF THE PINE RIDGE ENTRANCE.

I SPEAK AS THE DELEGATE OF CONCORD IN THE VINEYARDS BOARD.

I-75 from south of Collier Boulevard (SR 951) to north of Bayshore Road (SR 78)

Interstate 75 South Corridor Master Plan

Southwest Florida Interconnect- South segment (442519-1)

New Interchanges

1. Investigation should be done to improve distribution of traffic to add interchanges at:
 - a. Coconut Road (between Bonita Beach Road and Corkscrew Road)
 - b. Vanderbilt Beach Road (between Pine Ridge Road and Immokolee Road)

This would improve traffic flow on the interstate and other arterial roads.

This would create a secondary exit opportunity in the event of accidents or other traffic blockages.

2. Sound barriers should be considered in adjacent residential areas (not commercially zoned) such as:
 - a. Quail West
 - b. Three Oaks
 - c. East of Fiddlesticks north of the Airport Interchange for 1 mile

This would reduce noise pollution and promote quiet enjoyment for those in close proximity to the interstate.

3. Interchange improvements to allow access and proper merging and safe exiting of traffic should be done. Current accel/ decel problems exist at:
 - a. Immokolee Road
 - b. Alico Road
 - c. Daniels Parkway and possibly other interchanges

This would improve safety and avoid traffic slowdowns and accidents resulting from lane blockages when peak hour traffic is entering and exiting the Interstate Highway.

Kim Hoskins – Director of Engineering
Dominic Strollo – Staff Engineer
Stuart Smith – Development Engineer
Trisha Goff – Engineer
Jacqueline Genson – Planning & Zoning
Tom Ross – Traffic Reviewer

IPO Team: Kati, Nicole, Dave

CONSIDER DURING STUDY

- Interchange of Concerns:
 - Bonita Beach Road.
- There is a “bend” in I-75 between Corkscrew Road. and Bonita Beach Road. There is always traffic congestion in this area. Even if no crash or incident seen, everyone seems to slow down here.
- Suggested reducing the curves along I-75 (adjacent to Three Oaks Subdivision).

FOLLOW-UP OR NOTE

- The East Terry Street overpass needs improvements (possibly widening). They were interested if the Department anticipates impacts/improvements to this structure?
- Three Oaks (local roadway) is a local road instead of the Interstate.

GENERAL COMMENTS

- Their motto – Grow gated communities not collector roads.
- Heavy south movement in AM; opposite in PM.
- There is a new two-lane N/S roadway being constructed east of the interchange (Logan) that will connect with Immokalee Road in February 2020.

E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

City of Cape Coral

11/18/2019 at 10:30 a.m.

Attendees: **Bill Corbett – City Traffic Engineer**
Persides Zambrano – Public Works Planning Manager

IPO Team: **Josh, Nicole, Dave**

CONSIDER DURING STUDY

- Interchanges of major concern:
 - Bayshore
 - Colonial
 - Daniels
 - University
 - Airport
- Requested a new interchange at Del Prado.
- Consider rail access at the interchange at Alico, allow space in this design.

FOLLOW-UP OR NOTE

- Election year coming, update as needed in April.

GENERAL COMMENTS

- Choke points for the city are the bridges.
- AM Peak traffic travels South; PM Peak travels North.

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

City of Fort Myers

11/19/2019 at 9:00 a.m.

Attendance: Saeed Kazemi – City Manager
Nicole Monahan – City Engineer
Nicole DeVaughn – Planning Manager

IPO Team: Kati, Nicole, Dave, Carmen

CONSIDER DURING STUDY

- Overpasses at SR 78 and Colonial – anticipate noise issues (especially w/widening).
- RAIL, RAIL, RAIL.
- County has a rail study. Is there any potential to utilize the rail corridor?
- Will support the Department, but we must look at multiple modes.
- Prefers the study evaluate the need for transit along I-75 instead of widening.

FOLLOW-UP OR NOTE

- Review the rail corridor study from the County MPO.
- The HOAs will look for transit and rail improvements discussion.

GENERAL COMMENTS

- Most of the traffic utilizing the Interstate is local trips (getting on to go two interchanges and then off).
- Has concerns about bridge impacts? (Existing infrastructure mentioned were SR 78, SR 80, SR 82, Colonial)
- There are about 15 communities east of I-75 in Fort Myers.
- Will need to be proactive in educating public on construction impacts.

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

City of Marco Island

11/13/2019 at 10:30 a.m.

Attendance: Mike McNeas – City Manager
Daniel Smith – Director of Community Affairs
Tim Pinter – Public Works Director
Mary Holden – Senior Planner
Justin Martin – Water & Sewer Engineering Manager

IPO Team: Josh, Nicole, Dave

CONSIDER DURING STUDY

- Evaluate the traffic backups on I-75 due to ramps and the signal timing on arterials.
- Mentioned the need for Police/Emergency Vehicles pull-off areas along I-75.
- Had general concerns and request to evaluate bike and ped connectivity along arterials.

GENERAL COMMENTS

- The study team will need to educate the public on what managed lanes are and the types.

City of Naples

12.12.2019 at 2:00 p.m.

Attendance: Charles Chapman – City Manager
Gregg Strakaluse – Director, Streets & Stormwater

IPO Team: Josh, Nicole, Dave

CONSIDER DURING STUDY

- Interchanges of concern:
 - Immokalee
 - Golden Gate

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

FOLLOW-UP OR NOTE

- Mike Sacedeh is prime developer of Vineyards (and Moorings Park?) on Pine Ridge.
- Possible Stakeholder: US Sugar, Hillsborough Bros., FL Cargo Fresh (large percent of trucks).
- SR 80 interchange will be the access point for the new Clewiston airport. Coordinate with Lilly Rodriguez, Asst. Airport Manager (office: 863-656-4066, cell: 239-220-6045) for more information on growth.

GENERAL COMMENTS

- Would like to see a new interchange at Vanderbilt Beach Road.
- 85% of staff are commuting from Estero, Bonita, Cape Coral (1.5% commute from Bonita during season).
- Commute from Ava Maria is increasing.
- SR 80 off-ramp will begin construction in April or May 2020.
- Keeping character of city is important to residents. (Landscaping)

City of Sanibel

12.16.2019 at 9:30 a.m.

Attendees: Judith Zimomra – City Manager
Craig Chandler – Planner
William Dalton – Chief of Police

IPO Team: Josh, Nicole, Dave

CONSIDER DURING STUDY

- Safety (fatalities) are a concern along I-75.

FOLLOW-UP OR NOTE

- City will assist in outreach, coordination through the City Manager for contact personnel.

GENERAL COMMENTS

- Hurricane evacuation #1 concern.
- Population turnover approximately 20% every 5 years.
- Most staff coming from Cape Coral/Lehigh Acres. City largest employer on island.
- Have issues attracting employees because of long commute time.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

Collier MPO

11/13/2019 at 1:30 p.m.

Attendance: Anne McLaughlin – Executive Director

Brandy Otero – Principal Planner

Eric Ortman – Principal Planner

Josephine Medina – Planner

IPO Team: Kati, Josh, Nicole, Dave

CONSIDER DURING STUDY

- Interchanges of concern: Bonita Beach, Golden Gate, Pine Ridge, & Immokalee.
- FDOT agreed to study the feasibility of a new interchange at Vanderbilt Beach Road. The MPO has provided an official letter request to the Department.
 - Commissioner Saunders is a champion for this new interchange.
- I-75/Everglades Boulevard interchange – This was studied in the past and did not move forward. MPO cautioned the IPO team that this issue may be brought up again. HOT BUTTON for Commissioner McDaniel, who was the supporter of this interchange.
- It was stated that on a typical day, traffic slows for no reason just prior to Daniels interchange and also just south of Bonita Beach and traffic slows because of sight distance with the trees.
- Potential tolling is a concern for this area.
- At 951: NB left lane doesn't allow enough stacking at David Boulevard.
- High traffic movement is SR 78 southbound along I-75 (ramp backs up on arterial).

FOLLOW-UP OR NOTE

- Stated the need for the PD&E team to meet with and/or include the Conservancy of SW Florida as a stakeholder.

GENERAL COMMENTS

- Commuters come in from the East Coast (Ft. Lauderdale) and Lee County (Ft. Myers).
- Interstate is a major truck route.
- Interested in how Autonomous Vehicles would be included in the study. Discussed as a group if a 30% penetration in 2045 is realistic.
- MPO has evacuation and safety concerns.
- Collier Commissioners/Board is very 'active' and 'interested' in local transportation issues.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

Collier County

11/13/2019 at 3:30 p.m.

Attendance: Nick Casalanguida – Deputy County Manager
Jah Ahmad – Director, Transportation Engineering
Trinity Scott – Transportation Planning Manager
Thaddeous Cohen – Dept. Head
Steve Carnell – Public Services
Michelle Arnold – Division Director

IPO Team: Kati, Josh, Nicole, Dave

CONSIDER DURING STUDY

- Interchanges of concern (will FAIL in next 5 years):
 - Golden Gate
 - Immokalee (SB off-ramp PM).
- Congestion seen along I-75 from:
 - Alico to Corkscrew.
 - Bonita Beach to Immokalee AM & PM (traffic on Immokalee Road is having trouble getting on the Interstate).
- Conflict points at Daniels and Bayshore Road.
- They requested an additional off-ramp lane at Daniels and Corkscrew.
- Want the IPO to look at slip ramps only for Veteran's Memorial & Vanderbilt Beach Road (as relief for Immokalee).
- Incident management is issue; consider opening-up shoulders to relieve congestion.
- Noted flooding east of I-75 just north of Bonita Beach interchange.

FOLLOW-UP OR NOTE

- Be prepared to answer the question as to why the Everglades study disappeared and is not included in study limits.
- Reach out to additional Board Members: McDaniels, Sanders, and Lee.
- Requested we meet with Conservancy of SW FL.
- O-D coming from Everglades Study, coordinate with the County as needed.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

- Need education for this community regarding managed lanes options.
- Expressed concern with lack of parallel routes and requested the Department to look at those corridors.

GENERAL COMMENTS

- The County was upset that 951 interchange was moved a year in a Work Program. They spoke of their concerns and were sending a letter to state their concerns to the State and District Secretaries.
- Borrow pit northeast of Corkscrew interchange (heavy truck traffic).
- Wants the FDOT to take the lead on a north/south route (possibly 951 extension) to relieve the interstate. Additional coordination is needed from both Lee and Collier counties before the Department can assist.
- The County has concerns and/or issues with forecasting numbers and the modeling capacity for the projects currently under construction or just completed.

Ft. Myers Beach

11/18/2019 at 1:30 p.m.

Attendees: Chelsea O'Riley – Public Works Director

IPO Team: Josh, Nicole, Dave

FOLLOW-UP OR NOTE

- Check back after April for updated elected officials (3 new members).
- Recent article from NBC regarding Freight Lines along I-75 (add to project files)

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

Lee MPO

11/04/2019 at 1:00 p.m.

Attended: Donald Scott – Executive Director
Ron Gogoi – Transportation Planning Admin.

IPO Team: Kati, Nicole, Dave

CONSIDER DURING STUDY

- **Interchanges of Concern:**
 - Corkscrew
 - Bonita Beach (high-crash areas)
 - Immokalee (SB off-ramps)
- Would like us to look at CD systems.
- Availability for truck parking.
- Noise and noise abatement are a concern for residents adjacent to the Interstate.
- Wildlife (primarily panther and black bear) crossings & fencing are needed (especially at Corkscrew and Bonita Beach interchanges, east of I-75).
- Responses to crashes and cleanup is an issue which causes congestion.

FOLLOW-UP OR NOTE

- Anticipate the request for O-D presentation on our findings.
- Requested additional information regarding truck parking and Del Prado extension.

GENERAL COMMENTS

- Stated that there is a significant amount of work trucks headed to and from Collier County.
- Interested in other “things” we can do besides adding lanes to the Interstate.
- There is a new proposed connection from Alico up to SR 82 currently managed by Lee County.
- Additional network east of Alico interchange is needed for this area.
- Traffic typically flows unless there is an incident along the interstate.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

Florida Department of Transportation – District One | 801 N. Broadway Avenue, Bartow, FL 33830 | (800) 292-3368

Lee County DOT

11/04/2019 at 3:00 p.m.

Attendance: Randy Cerchie – Director DOT

Dave Harner – Deputy County Manager

Douglas Busbee – Operations Manager

Dirk Danley – Project Manager

IPO Team: Kati, Nicole, Dave

GENERAL COMMENTS

- The group was aware of project and did not appear to be opposed to managed lanes type of improvement along the interstate.

Lee County Port Authority (Air)

11/18/2019 at 3:00 p.m.

Attendees: Mark Fisher – Deputy Executive Director

Juliet Iglesias – Grant Manager

IPO Team: Josh, Nicole, Dave

GENERAL COMMENTS

- Estimated at 42% commute from Naples.
- Staff were happy with the CD system for their ingress to the airport.
- New airport coming into the Clewiston area. 10+ years out. This will change traffic patterns in the future.
- Seminole Gulf Rail abandoned – can't cross at Alico interchange.

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

SWFL Regional Planning Council

11/04/2019 at 10:30 a.m.

Attended:

Margaret Wuerstle – Executive Director
Jim Beerer – Planner IV
C.J. Kammerer – Planner 1 / Operations Analyst
Rebekah Harp – Business Operations Manager

IPO Team: Kati, Nicole, Dave

CONSIDER DURING STUDY

- Review and plan for flooding events. It was noted there are flooding concerns since the construction of I-75 between Corkscrew Road and Bonita Beach Road.
- I-75 is a dam for what the natural flow was east to west. The use of creeks to the Imperial River is a flooding area. Request that we reconnect the watershed
- Significant amount of trucks hauling from borrow pits around the Alico area.
- Concerned with wildlife corridors.
- Event traffic (Hertz Arena) backs up at Corkscrew onto Interstate.

FOLLOW-UP OR NOTE

- Questioned how autonomous vehicles fit into the study.
- Consider meeting with the following commissioners individually: Bill McDaniel, Frank Mann, and the new commissioner for Lee County once elected.
- SWFL Regional Planning Council will provide a flooding report.

GENERAL COMMENTS

- Staff members use I-75 when the GPS tells them it's the fastest route or for long trips.
- Use local roads/parallel for short trips.
- They like idea of a CD System that connects the arterials and are fans of HOV lanes.
- The local college has turned into a commuter college instead of a virtual school.
- I-75 has turned into a commuter road.
- Proponent of a managed lane for high occupancy vehicles.
- They feel like there is a need for improvements on the interstate around the interchanges.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

- Businesses have been moving from the City of Fort Myers to near the Interstate
- Major businesses have been building right next to the Interstate.
- Noted single-occupancy vehicles during the commute period and varies at other times of the day.
- The Hertz Arena can be used as Public Meeting space as needed

Southwest Florida Transportation Initiative (SWFTI)

12.11.2019 at 9:00 a.m.

Attendance: Tina Matte, Johnny Limbaugh, Josh Hildebrand, Jeff Perry

IPO Team: Josh, Nicole, Dave

CONSIDER DURING STUDY

- **Interchanges of concern:**
 - Immokalee
 - Bonita
 - Suggest extending merge ramps around Bonita Beach Road (congestion is a mystery).

FOLLOW-UP OR NOTE

- Village of Estero is a loud voice in area and should be kept in the loop.
- Public like having NO interchange at Vanderbilt Beach Road (only E/W Road w/o interchange).
- Emergency access needed around SR 78 (south of Tuckers Grade/North Bayshore) (Fire Chief needs lanes (turnaround) for emergency management.
- Find PD&E studies for Expressway Authority – lots of good information is available.
- Suggest having additional SWFTI breakout meetings.

GENERAL COMMENTS

- SR 951 parallel extension would help greatly (proposed by Lee County). Concerns with impacts to development (died out).
- SWFTI is made up of organizations in the area (consultants/businesses/agencies) interested in transportation progress for SW Florida.
- FDOT has full support of SWFTI in moving this program forward.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

NICOLE HARRIS, P.E.
I-75 PD&E PROJECTS MANAGER (GEC)

Phone: (863) 519-2335
E-mail: nicole.harris@dot.state.fl.us

www.SWFLINTERSTATES.com

- Party responsible for creation of SWFL Tollway Authority – hopeful tolls return.
- Open to as much capacity on the interstate as possible – free or managed.
- In favor of preserving the modal corridor.

Village of Estero

11.19.2019 at 2:00 p.m.

Attendees: Steve Sarkozy – Village Manager
David Willems – Public Works Director

IPO Team: Kati, Nicole, Dave

CONSIDER DURING STUDY

- Requested the I-75 design, flattens out the curves to improve sight distance.
- They noted that consideration and education for Transportation Demand Management is needed. This is where you work with major local business to stagger their shift times. The interstate has sufficient capacity if we do not have an AM/PM peak.

FOLLOW-UP OR NOTE

- The Village of Estero would like to partner with FDOT on mitigation options/alternatives (2020 Lee County Preservation Program). As needed, review the 2020 Program Acquisition for sensitive lands already identified sites/locations.
- Consider meeting with the Horizon Council (Business Focus).
- MPO member(s) from Estero are not savvy on transportation/transit issues. May need one-on-one discussions.

GENERAL COMMENTS

- The need for Transit is recognized.
- Anticipated the need for education on what Managed Lanes are.

I-75 South Corridor PD&E Study Limits: From East of Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

I-75 CORRIDOR STUDY UPDATE

ABOUT THE SOUTHWEST CONNECT™ INTERSTATE PROGRAM

The Southwest Connect™ program includes multiple interstate improvement projects focused on improving mobility and providing transportation options to support the regions economic development.

These projects are to improve capacity with the consideration of potentially constructing Managed Lanes in each direction on I-75, adding General-use lanes, collector distributor roadways, auxiliary lanes or interchange operational improvements

These improvements are expected to help move people and goods safely and efficiently while balancing regional transportation needs with community concerns.

LAUNCHES VIRTUAL PUBLIC MEETING PREVIEWS

Southwest Connect™ launches virtual public meeting previews for both the I-75 **north** and **south** corridors. Within each preview, visitors are taken through multiple stations that showcase much of the same information they would have received having attended the meetings in person.

Each preview includes:

- informative display boards;
- managed lanes video presentation;
- interactive tour of the origin and destination data, and;
- an online comment form where visitors can provide their comments, ask questions and sign up to receive future project updates

Which Virtual Public Meeting Preview would you like to view?

REVISING THE DIRECTION

Virtual
Public Meeting Previews

2020
APRIL

Revised
Direction

2020
DECEMBER

THE SOUTHWEST CONNECT™ PROGRAM'S NEW DIRECTION

- During the current Planning and Feasibility Phase, we will analyze the existing and expected traffic, or demand, on the interstate system and *document the findings in a Master Plan.*
- The Implementation Plan will allow FDOT to focus future efforts and funding by *prioritizing the most critical areas.*
- This long-range approach provides a regional perspective to identify the areas where future demand is predicted and to *assist in defining the Project Development and Environment (PD&E) Study limits*
- Improvements identified in this Master Plan may include widening, managed lanes, modifying interchanges, and evaluating requests for new interchanges.

THE PROJECT DEVELOPMENT PROCESS

PLANNING AND FEASIBILITY PHASE

UPCOMING DELIVERABLES:

Master Plan

- Document the existing conditions
- Traffic analysis
- Evaluate alternatives
 - Mainline/Managed Lanes
 - Existing Interchanges
- New Interchange Evaluation
- Define Project Priorities and Phasing
- Public and Agency Engagement

Implementation Plan

- Define project predecessors and stand-alone projects
- Lay out project development schedule and identify contracting methods
- Work with SIS and Work Program to ensure financially feasible
- Consideration of industry preferences

Monitoring Plan

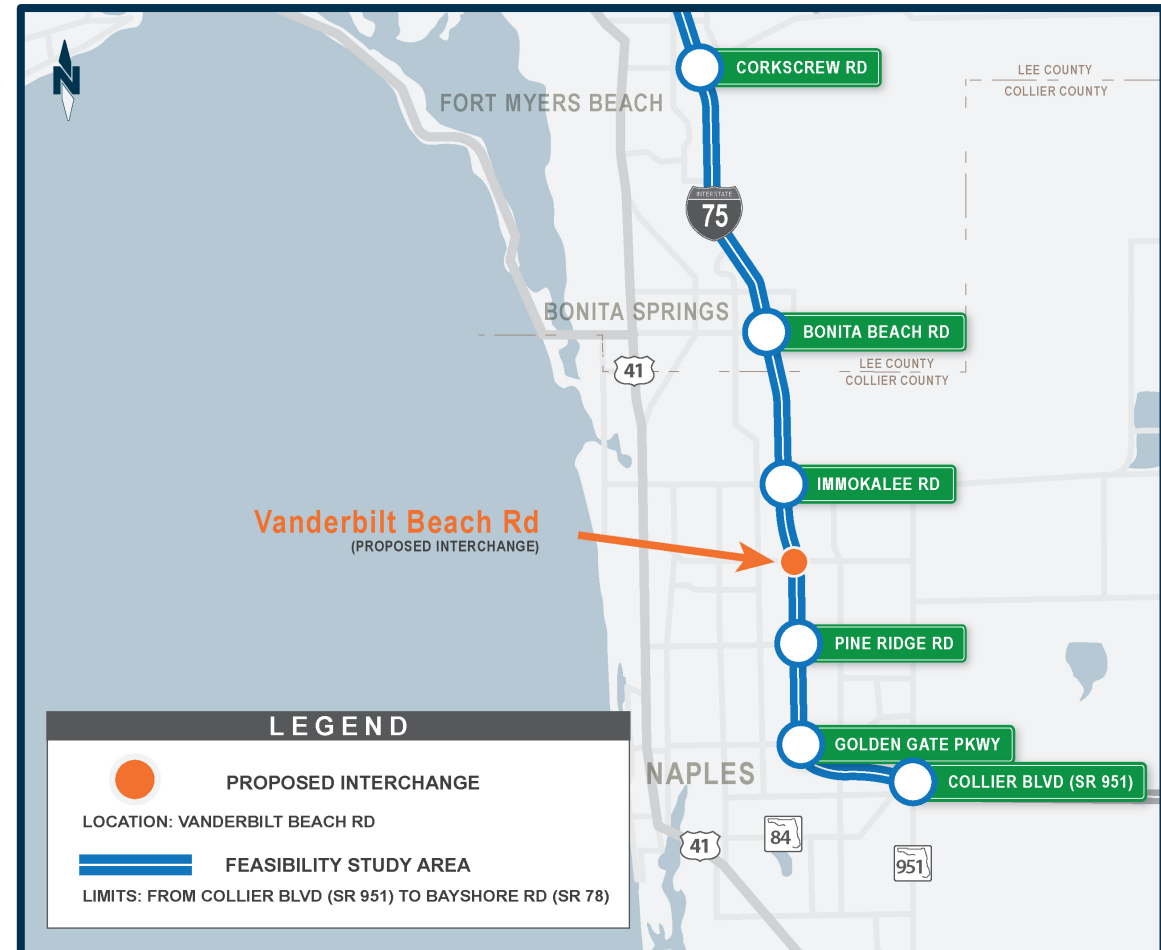

- Define triggers to update the Master Plan
 - Time Duration
 - Significant changes to travel patterns
 - Technology changes
 - Policy changes
- Evaluate Implementation Plan on annual basis

PLANNING AND FEASIBILITY PHASE DELIVERABLES:

- We have received the request to evaluate a new interchange at:
 - Vanderbilt Beach Rd

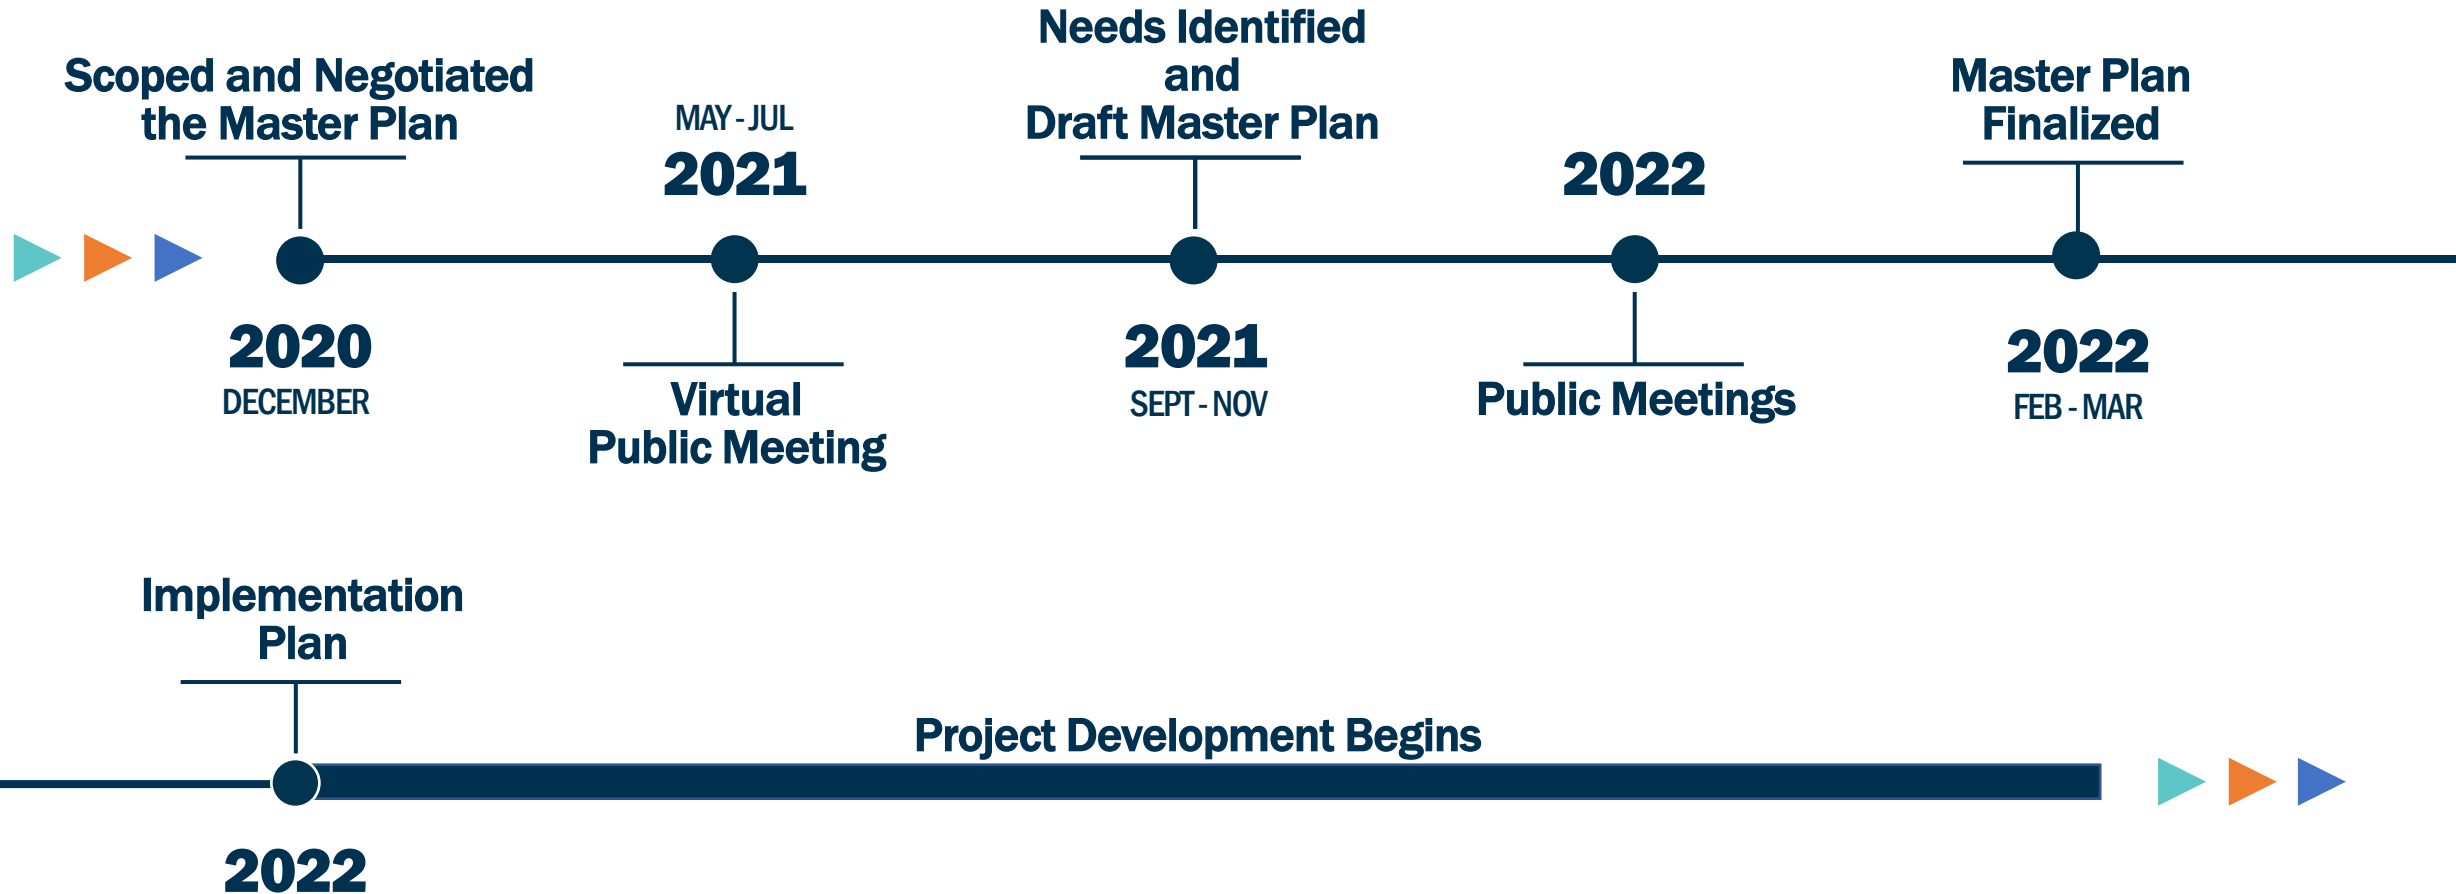

- Once we have a baseline of how the existing facility operates, we will evaluate the proposed interchange taking into consideration updated land use, planned roadway network, etc.

- The results of this analysis will be part of the I-75 Master Plan

Brainstorm New Long-term Direction

Revised
Direction

2020
DECEMBER

THE SOUTHWEST CONNECT™ PROGRAM'S NEW DIRECTION

- During the current Planning and Feasibility Phase, we will analyze the existing and expected traffic, or demand, on the interstate system and *document the findings in a Master Plan.*
- The Implementation Plan will allow FDOT to focus future efforts and funding by *prioritizing the most critical areas.*
- This long-range approach provides a regional perspective to identify the areas where future demand is predicted and to *assist in defining the Project Development and Environment (PD&E) Study limits*
- Improvements identified in this Master Plan may include widening, managed lanes, modifying interchanges, and evaluating requests for new interchanges.

THE PROJECT DEVELOPMENT PROCESS

PLANNING AND FEASIBILITY PHASE

UPCOMING DELIVERABLES:

Master Plan

- Document the existing conditions
- Traffic analysis
- Evaluate alternatives
 - Mainline/Managed Lanes
 - Existing Interchanges
- New Interchange Evaluation
- Define Project Priorities and Phasing
- Public and Agency Engagement

Implementation Plan

- Define project predecessors and stand-alone projects
- Lay out project development schedule and identify contracting methods
- Work with SIS and Work Program to ensure financially feasible
- Consideration of industry preferences

Monitoring Plan

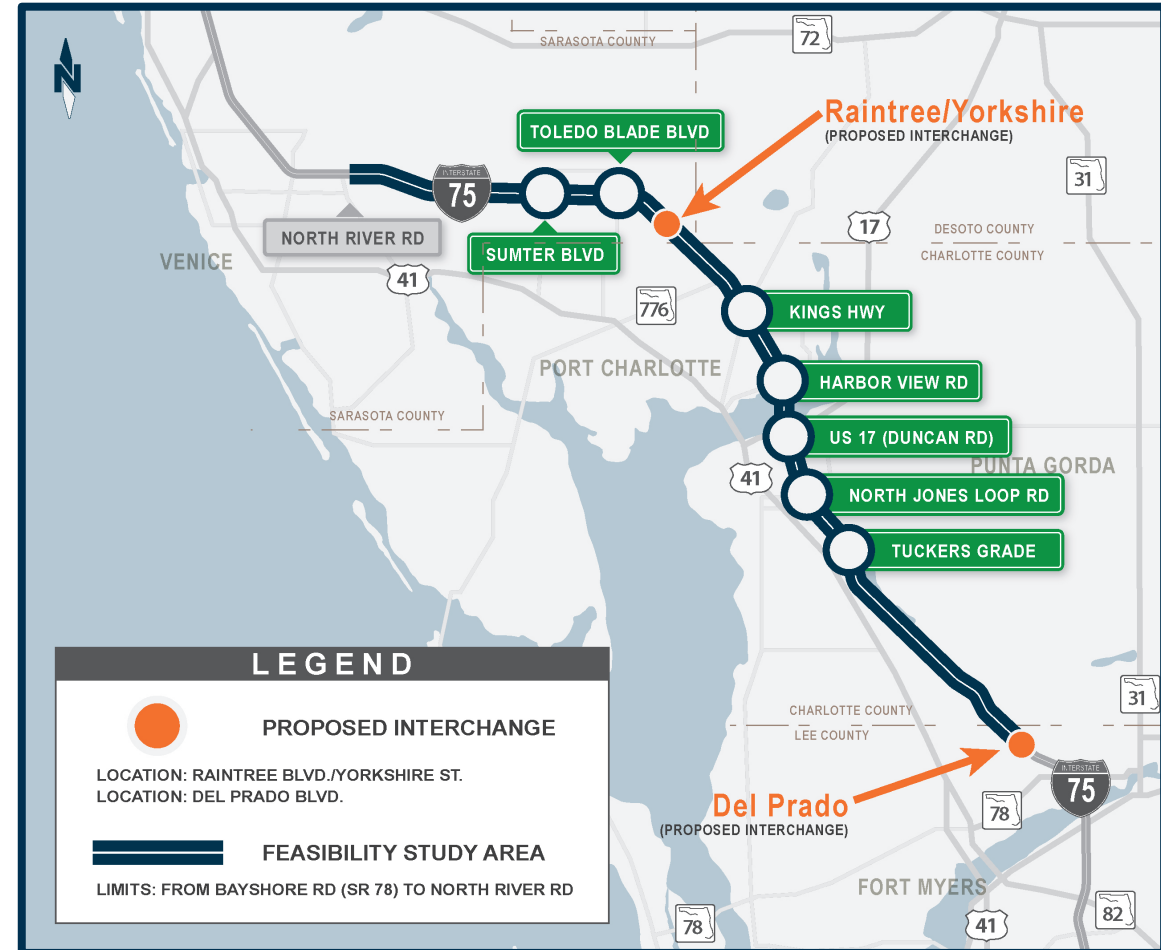

- Define triggers to update the Master Plan
 - Time Duration
 - Significant changes to travel patterns
 - Technology changes
 - Policy changes
- Evaluate Implementation Plan on annual basis

PLANNING AND FEASIBILITY PHASE DELIVERABLES

- We have received the request to evaluate new interchanges at the vicinities of:
 - Raintree Blvd./Yorkshire St.
 - Del Prado Blvd.

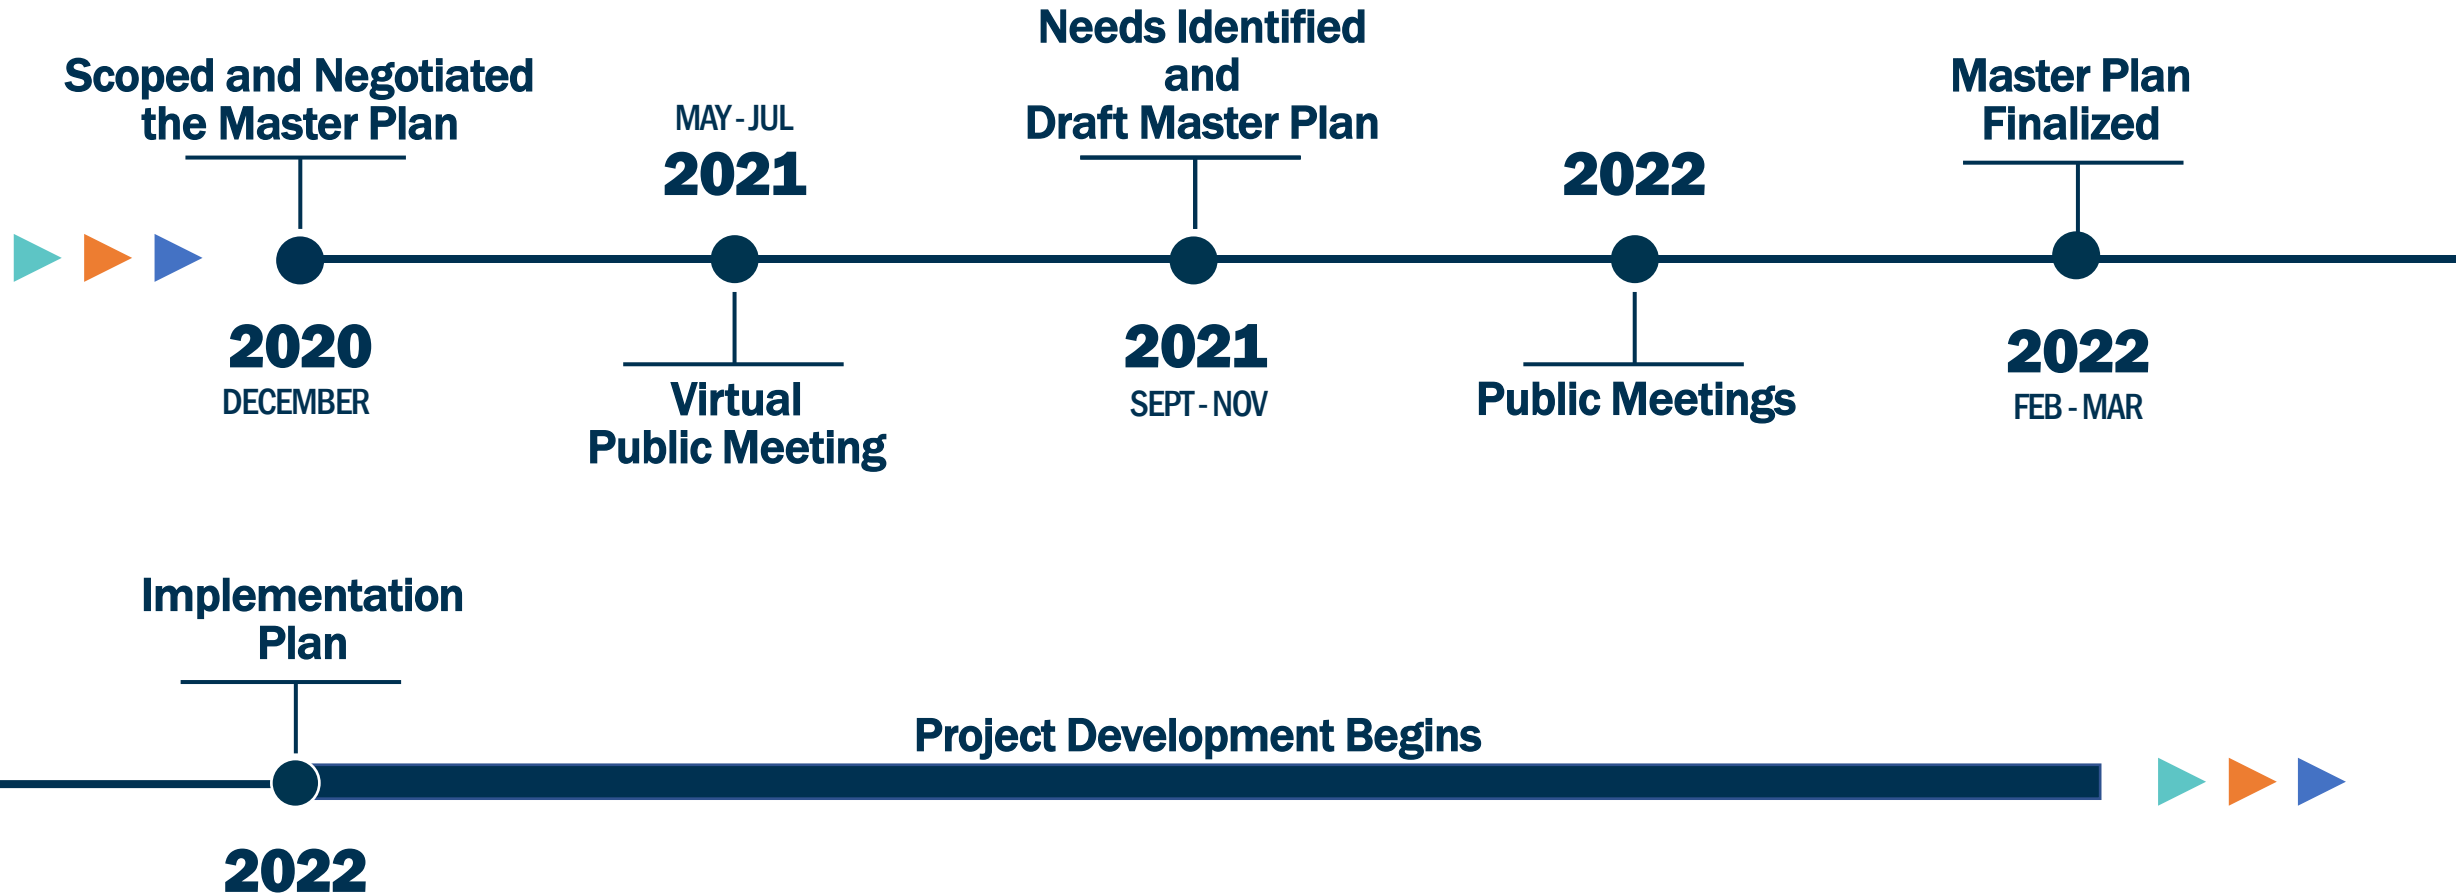

- Once we have a baseline of how the existing facility operates, we will evaluate the proposed interchange taking into consideration updated land use, planned roadway network, etc.

- The results of this analysis will be part of the I-75 Master Plan

WHAT IS A MASTER PLAN?

A Master Plan is a document that summarizes a community's vision for future transportation and provides a set of recommended improvements to enhance safety and mobility. Development of a Master Plan involves:

- *Data Collection*
- *Public Outreach*
- *Current and Future Transportation Needs Analysis*
- *Identification and Evaluation of Potential Projects*

The Master Plan will document the corridor's needs, define and prioritize necessary improvements, and identify ways to fund these improvements. The FDOT will develop an Implementation Plan based on priorities identified in the Master Plan. Funded priorities will become individual projects which progress through the Project Development Process.

INTERCHANGE PROJECTS PROPOSED

PROJECT NAME	LENGTH (miles)	YEAR OF NEED	IMPROVEMENT TYPE
Immokalee Rd. Interchange	0.491	2025	Interchange Configuration

JANUARY 2023

INTRODUCTION

Project: I-75 South Corridor Master Plan

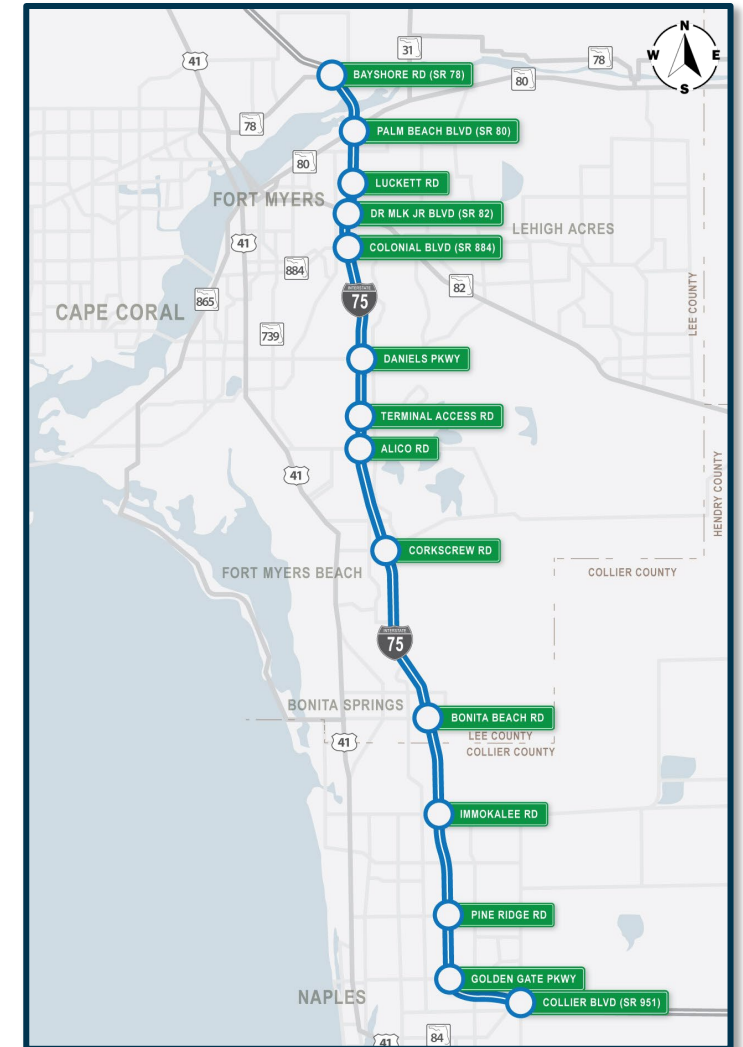

Limits: I-75 from Collier Blvd. (SR 951) to Bayshore Rd. (SR 78)

FPID No.: 442519-1

MASTER PLAN PURPOSE:

- Document the existing corridors
- Determine mainline segment and interchange years of need
- Identify locations where improvements can be deferred via minor improvements
- Evaluate alternatives
- Define corridor segmentation
- Public and agency engagement

The Florida Department of Transportation may adopt this planning product into the environmental review process, pursuant to Title 23 U.S.C. § 168(d)(4), or to the state project development process.

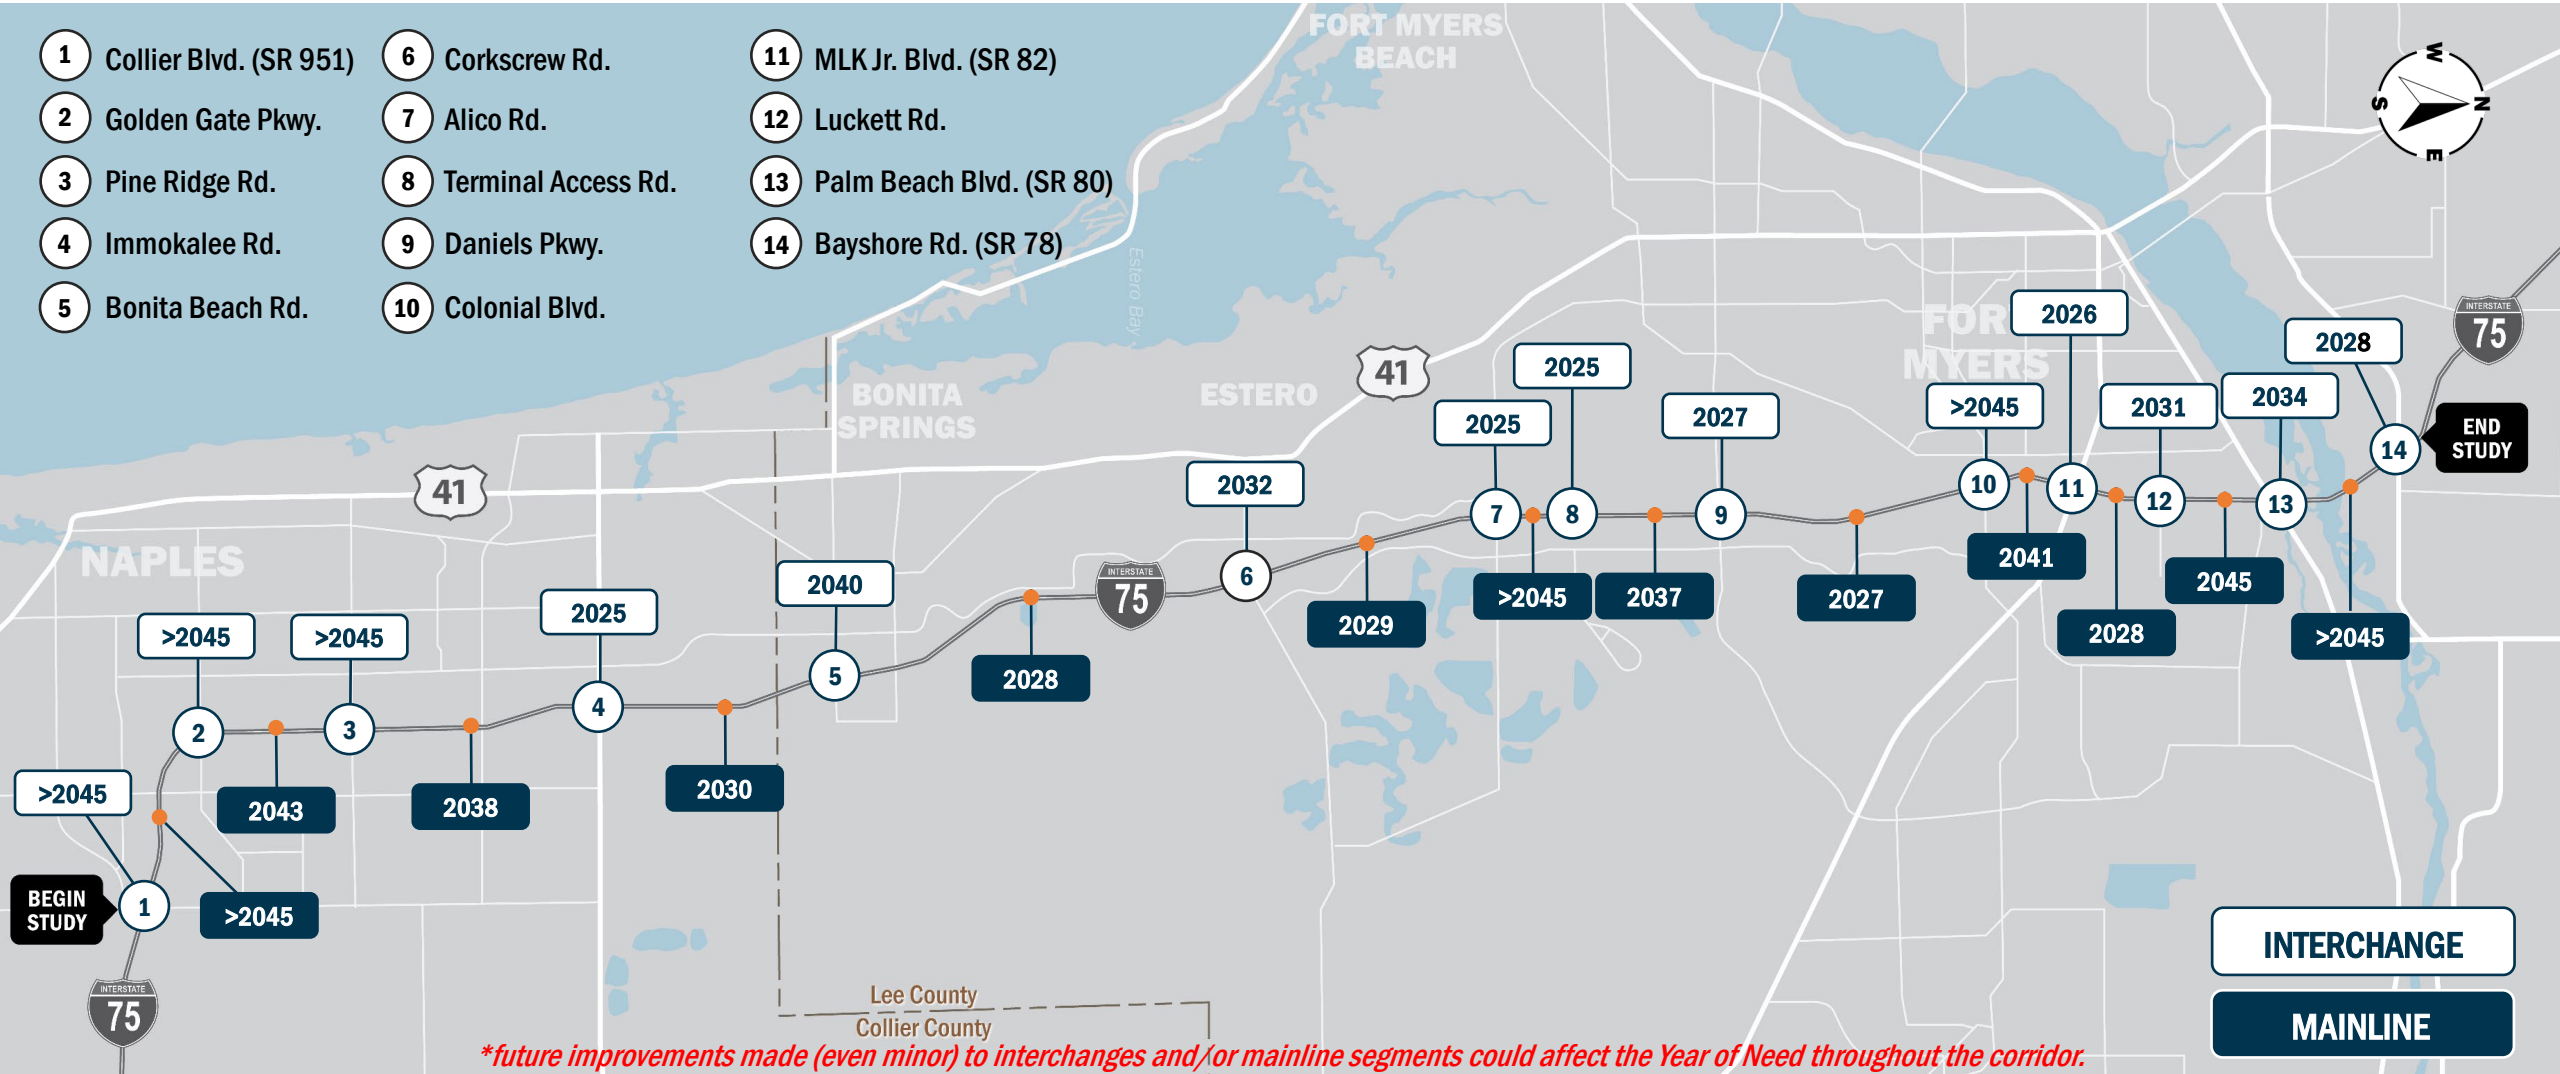

I-75 MASTER PLAN UPDATE (SOUTH CORRIDOR)

2045 NO BUILD YEAR OF NEED

442519-1 Southwest Connect I-75 South Corridor Managed Lanes Study

Website for Entire Project: <https://www.swflinterstates.com/i75-south-corridor/>

About

The Southwest Connect™ I-75 South Corridor is 42 miles in length and traverses the major urban areas of Naples and Fort Myers. It also crosses the navigable Caloosahatchee River in Lee County, just south of SR 78 (Bayshore Road) near the northern project terminus. The functional classification of I-75 within the project limits is Urban Principal Arterial – Interstate.

This segment of I-75 consists of six and eight-lane divided typical sections. Existing right of way along the corridor ranges from approximately 300 feet to 750 feet in width.

The Department is conducting a **Planning and Feasibility** study from south of Collier Boulevard (SR 951) in Collier County to north of Bayshore Road (SR 78) in Lee County that makes up and will evaluate the future needs of the I-75 South Corridor in District One. This study will evaluate strategies for the mainline and interchanges, including managed lanes, that will improve accessibility, mobility, and safety. Results of this study will be documented in this corridors **Master Plan**.

The Master Plan will allow FDOT to focus future efforts and funding by prioritizing the most critical areas. It also analyzes the existing and expected future traffic, or demand, on the interstate system. This long-range approach provides a regional perspective to identify the areas where future demand is predicted and to assist in defining the Project Development and Environment (PD&E) Study limits for the corridor. Improvements identified in this Master Plan may include widening, managed lanes, modifying interchanges, and evaluating requests for new interchanges.

South Corridor Limits: Interstate 75 from south of Collier Boulevard (SR 951) to north of Bayshore Road (SR 78)

CURRENT I-75 SOUTH CORRIDOR PROJECTS:

Planning & Feasibility Phase

FPID No.: 442519-1

The Department is conducting a **Planning and Feasibility** study from south of Collier Boulevard (SR 951) in Collier County to north of Bayshore Road (SR 78) in Lee County that makes up and will evaluate the future needs of the I-75 South Corridor in District One. This study will evaluate strategies for the mainline and interchanges, including managed lanes, that will improve accessibility, mobility, and safety. Results of this study will be documented in this corridor's **Master Plan**.

The Master Plan will allow FDOT to focus future efforts and funding by prioritizing the most critical areas. It also analyzes the existing and expected future traffic, or demand, on the interstate system. This long-range approach provides a regional perspective to identify the areas where future demand is predicted and to assist in defining the Project Development and Environment (PD&E) Study limits for the corridor. Improvements identified in this Master Plan may include widening, managed lanes, modifying interchanges, and evaluating requests for new interchanges.

Other goals of this project are to

- preserve the operational integrity and regional functionality of I-75 (and, therefore, the regional transportation network) by complementing similar corridor improvements to both the north and south and
- enhance emergency evacuation and response times.

PROJECT CONTACT:

[LET'S CONNECT](#)

PROJECT LOCATION:

[View Larger Map](#)

ABOUT THE PROCESS:

Depending on transportation priorities, available funding, and complexities of the job, a project's progression from planning to construction may take up to 10 years. FDOT follows federal and state requirements throughout project development and works closely with governmental agencies, partners and the local community to identify new projects and move them through the production pipeline.

Planning and Feasibility, Project Development and Environment Study, Design, Right of Way Acquisition and Construction are sequential phases of production for projects.

THE PROJECT DEVELOPMENT PROCESS

- 1 Planning and Feasibility**
Determine the need for roadway improvements based on future land uses and projected traffic volumes.
- 2 Project Development and Environment Study**
The location and conceptual design of road improvements are identified and environmental and social impacts are assessed.
- 3 Design**
Design plans are prepared.
- 4 Right of Way Acquisition**
Additional land needed for improvements is purchased, if needed.
- 5 Construction**
Build recommended improvements.

PROJECT SCHEDULE:

SOUTHWEST CONNECT™ I-75 SOUTH CORRIDOR MASTER PLAN SCHEDULE

PUBLIC ENGAGEMENT	Jan-Mar 2021, Jul-Sep 2023
DATA COLLECTION AND EXISTING CONDITIONS ANALYSES	Apr-Jun 2021
AGENCY COORDINATION/PRESENTATIONS	Apr-Jun 2021, Jul-Sep 2023
TRAFFIC FORECASTING & ANALYSIS AND FACILITIES ENHANCEMENTS REPORTS	Apr-Jun 2021
DRAFT MASTER PLAN	Apr-Jun 2021
FINAL MASTER PLAN	Jul-Sep 2023

HOW CAN I PARTICIPATE?

- FDOT is planning extensive public outreach, and will be announcing our meetings through mailouts, news outlets, by emails and various other media. In order to develop the best plan, we need your input. We will provide multiple avenues for ongoing public engagement to ensure the plan incorporates the needs and concerns of local communities and provides appropriate recommendations.
- FDOT will conduct extensive public outreach throughout the study process, holding focus group and public meetings at major study milestones.
- FDOT will work with local communities and public officials to get ideas on how the public involvement effort will proceed and to understand corridor needs based on input from the communities.
- The study will follow a process defined in close consultation with corridor communities and focus group members.
- Given the diverse nature of the corridor, effective communication and engagement will be conducted throughout the study effort.

- > I-4 at SR 539 (CSX Railroad Bridge)

NAVIGATING THE ROAD AHEAD

Depending on transportation priorities, available funding, and complexities of the needed improvements, a project's progression from planning to construction may take up to 10 years. FDOT follows federal and state requirements throughout project development and works closely with governmental agencies, partners and the local community to identify improvement priorities and move them through the production pipeline. Planning and Feasibility, Project Development and Environment Study, Design, Right of Way Acquisition and Construction are sequential phases of production for projects.

WHERE ARE WE IN THE PROCESS?

The Department is conducting multiple **Planning and Feasibility** studies that evaluate the future needs of the I-75 and I-4 corridors in District One. These studies will evaluate strategies for the mainline and interchanges, including Managed Lanes, that will improve accessibility, mobility, and safety. A separate Planning and Feasibility study is underway for each corridor. Results of each study will be documented in each corridor's **Master Plan**.

The Planning and Feasibility Studies analyze the existing and expected traffic, or demand, on the interstate system and document the findings in a Master Plan. The Plan will allow FDOT to focus future efforts and funding by prioritizing the most critical areas. This long-range approach provides a regional perspective to identify the areas where future demand is predicted and to assist in defining the Project Development and Environment (PD&E) Study limits for the I-75 and I-4 corridors. Improvements identified in this Master Plan may include widening, managed lanes, modifying interchanges, and evaluating requests for new interchanges.

WHAT IS A MASTER PLAN?

A Master Plan:

- A dynamic long-term planning document that defines existing transportation challenges and documents recommendations to enhance safety and mobility.
- Includes the Planning and Feasibility Study findings, analysis, and recommendations for possible solutions.
- Includes documentation of data collection, public outreach, analysis of current and future transportation needs, and identification of potential projects.

THE PROJECT DEVELOPMENT PROCESS

- 1 Planning and Feasibility**
Determine the need for roadway improvements based on future land uses and projected traffic volumes.
- 2 Project Development and Environment Study**
The location and conceptual design of road improvements are identified and environmental and social impacts are assessed.
- 3 Design**
Design plans are prepared.
- 4 Right of Way Acquisition**
Additional land needed for improvements is purchased, if needed.
- 5 Construction**
Build recommended improvements.

WHY IS FDOT STUDYING THESE CORRIDORS?

FDOT wants to be proactive in planning for a safe and efficient corridor.

- Interstate 4 and Interstate 75 has experienced an increase in traffic driven by many factors including population growth, development, additional tourism and special events.
- These traffic increases have led to a number of safety and transportation issues.
- The Master Plan will document current and future needs along the interstate and provide a set of recommended priorities for implementation.

HOW CAN I PARTICIPATE?

- FDOT is planning extensive public outreach, and will be announcing our meetings through mailouts, news outlets, by emails and various other media. In order to develop the best plan, we [need your input](#). We will provide multiple avenues for ongoing public engagement to ensure the plan incorporates the needs and concerns of local communities and provides appropriate recommendations.
- FDOT will work with local communities and public officials to get ideas on how the public involvement effort will proceed and to understand corridor needs based on input from the communities.
- Public participation in this program is encouraged. Please visit this website often for the most up-to-date project information and to view a list of upcoming events. Use one of our convenient and user-friendly contact forms to [sign up](#) for periodic email updates or to [submit a comment](#).
- Given the diverse nature of the corridor, effective communication and engagement will be conducted throughout the study effort.

GET INVOLVED

The Florida Department of Transportation and its Southwest Connect program team are committed to engaging the public and project stakeholders throughout the duration of the program from the initial Planning and Project Development phases through the Design and Construction phases.

During the initial phases, outreach efforts will be focused on educating the public on the purpose and need of each project within the program, as well as providing information on how those interested can get and stay involved throughout the process. As the individual projects progress, opportunities will be identified and input encouraged prior to key decision-making milestones.

Opportunities will be provided to allow project stakeholders to provide additional input on the Recommended Alternatives prior to progressing to the Design and Construction phases.

UPCOMING EVENTS

No events are currently scheduled.

I-4 Corridor Master Plan Public Outreach Meeting

Bartow, FL 08/26/2021 – The Florida Department of Transportation (FDOT), District One, is hosting a Public Outreach Meeting for the Southwest Connect™ Interstate 4 (I-4) Corridor Master Plan from west of SR 570 (Polk Parkway) to west of US 27 in Polk County, Florida.

For convenience, FDOT is providing multiple ways to participate: at an In-Person Open House and online at the project website: www.SWFLinterstates.com/i4-corridor-VPM.

The In-Person Open House will occur Tuesday, September 28, 2021 from 5:00 p.m. to 7:00 p.m. at the Lake Crago Recreational Center, located at 525 Lake Crago Dr., Lakeland, FL 33805.

The meeting materials will also be available for viewing and comment online at www.SWFLinterstates.com/i4-corridor-VPM from September 27 – October 8, 2021. The online public outreach meeting materials include a virtual tour with multiple interactive stations containing video and other static displays all designed to introduce the project and study process, present information regarding existing conditions, and receive feedback. The in-person open-house meeting will provide the same materials and information as the online meeting materials.

In addition, FDOT is hosting a LIVE Question and Answer (Q&A) Event ONLINE from 5:00 p.m. – 6:30 p.m. on Monday, September 27, 2021. To register for the virtual Q&A event, please go to www.SWFLinterstates.com/i4-corridor-VPM. FDOT is mailing invitational postcards (attached) to property owners adjacent to the project and in surrounding areas.

The Southwest Connect™ I-4 Corridor is a capacity, safety and operational improvement project in Polk County. This project is currently in the Planning and Feasibility Phase. During this phase, FDOT will analyze the interstate system's existing transportation challenges. The findings of the analysis, as well as recommendations to enhance safety and mobility, are documented in a Master Plan. The planned improvements identified in the Master Plan may include widening, managed lanes, modifying interchanges, and/or evaluating new interchanges. The Master Plan will also include public outreach, such as this, which will serve as input in the identification and prioritization of projects to move forward in the Project Development Process. This long-range approach provides a regional perspective to identify the areas where future demand is predicted. This Master Plan will serve as a guide to allow FDOT to focus future efforts and funding toward the most critical areas first.

You may submit any comments or questions on the project: through the project website at www.SWFLinterstates.com/i4-corridor-VPM; by emailing Aniruddha (Rudy) Gotmare, P.E., I-4 Project Manager at aniruddha.gotmare@dot.state.fl.us; or by mailing your comments to Aniruddha Gotmare, P.E. at FDOT District One, MS 1-81, 801 N. Broadway Ave., Bartow, FL 33830. Comments must be received or postmarked by October 8, 2021 in order to be included in the workshop record.

FDOT solicits public participation without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or require translation services (free of charge) should contact Cynthia Sykes, FDOT District One Title VI Coordinator, by phone at (863) 519-2287, or by email at Cynthia.Sykes@dot.state.fl.us at least seven days prior to the Virtual Public Workshop. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).
