

I-75 at Moccasin Wallow Road PD&E Study

January 2026

Manatee County | FPID No.: 454096-1

Public Hearing Scheduled

The Florida Department of Transportation (FDOT) invites you to a Public Hearing for the Interstate 75 (I-75) at Moccasin Wallow Road Project Development and Environment (PD&E) Study from North of I-275 to North of Moccasin Wallow Road in Manatee County.

This hearing is being conducted to present the preferred alternative and all analysis to date, as well as to give interested persons an opportunity to express their views.

The purpose for this project is to improve traffic operations and enhance safety along I-75 from north of I-275 to north of Moccasin Wallow Road, including at the I-75 and Moccasin Wallow Road interchange. This project includes modification of the existing interchange from a traditional diamond interchange to a diverging diamond interchange (DDI) and construction of a braided ramp between I-275 and Moccasin Wallow Road interchanges.

Noise Analysis

As part of this study, a comprehensive noise analysis has been conducted to assess current and future noise levels. The results of the analysis are included in the project documents on display. There will also be a copy at the in-person hearing and available on the project website. Feedback is invited on these documents during the public hearing comment period. For information and questions specifically regarding the noise evaluation process, please visit:

<https://www.swflinterstates.com/understanding-traffic-noise/>.

Choose one option to participate in the Public Hearing
